The Monk who didn't have to sell his Lamborghini Sandeep V. Dandekar, 2025-04-03 This book comes after years of denial of the idea in my own mind despite nudge suggestions and even a persuasive follow up to publish a book from a few friends several readers of my scribbles on social media. All of them whom I possibly rarely or never met I kept on thinking who and why would care to read what some ordinary common man named Sandeep Dandekar wrote. However some incidents and experiences during the recent years as well as partly from my way of thinking looking at things that with passage of time kept on undergoing re-wiring made me look at this totally differently. Now the thing of publishing this book came to me in a very different shape form that it is possibly or may be certainly is my responsibility to let what's in my mind what I have learned over the years through various stretches of walks in life the ups downs the triumphs and failures the revelations learnings reflections needs to reach out to those who may want to read and may find contents of this book adding some value to their life. So this book comes as my humble submission in the feet of God as one small responsibility that He possibly wanted me to fulfil.
