From the Ground Up C. George Benello, Harry Chatten Boyte, Len Krimerman, 1992 InfoWorld ,2000-08-28 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects *Calling All Radicals* Gabriel Thompson, 2007-09-28 American democracy is seemingly in retreat Voting rates are at an all time low citizens are disillusioned and inequality continues to soar But there is also a belief that change is possible *Calling All Radicals* argues that we can reclaim our democracy in the old fashioned way through grassroots organizing Gabriel Thompson draws upon his own experience of working within local communities to demonstrate its immediate impact Some examples When a brother and sister were being evicted from their home of 73 years the community responded by staging a protest in front of the landlord's home gaining media attention and forcing the owner to allow them to stay With children in Central Brooklyn suffering from lead poisoning Thompson designed a campaign that trained inner city high school students to test neighborhood homes and found that 1 in 3 were dangerous forcing NYC officials to act by pushing through citywide legislation that held landlords responsible for implementing more proactive steps to fix hazards *Calling All Radicals* argues that everyone is capable of community organizing It explains the key tactics of organizing leadership development conducting research and working effectively with the media **Democracy from the Grass Roots** Joseph I. Abrahams, 2007-04-02 In an historic turn grassroots America has overcome its apathy and cyclic reversion to the ways of the past last induced by Islamic fundamentalism Newly cognizant of its inherent interests grassroots America has responded to the vision of Barak Obama and Hillary Clinton and flocked to the polls The emotions of politics take front and center In *Democracy From The Grassroots A Guide to Creative Politics* we examine in depth the political passion of the grassroots and these emergent leaders Beginning with an inspiring historical overview of grassroots politics in America the author then guides us through its organizational structures the political clubs committees councils caucuses and workshops wherein real people work to create real change A chapter devoted to the analysis of issues the systems which determine their resolution and their role in the political campaign serves to enlighten and motivate the ideal lead in to an exhaustive section on training A concise summary integrates the hypotheses set forth about the role of grassroots politics in American social development And in a unique and compelling twist that model is then compared to the individual's development as a person Written by psychoanalyst political activist and scholar Dr Joseph Abrahams *Democracy From the Grassroots A Guide to Creative Political Action* presents the pioneering work of three decades in the grassroots trenches At once a vibrant history lesson and a call to action this slender volume is as lush in practical howto as it is in thoughtful reflection and insight The appendix is remarkable for its richly annotated bibliography and a revealing chronicle of the events and issues of American grassroots movements
