The marriage would not become fully legal however until the Ontario provincial government registered the marriage and it refused to do so. Bourassa Varnell and their church have brought a lawsuit asking for legal registration but the case is still in the courts. *Just Married* is an account by Bourassa and Varnell of how their church the Metropolitan Community Church of Toronto decided to test the Canadian marriage laws and how they and a lesbian couple agreed to be the ones to make the attempt. Under the Ontario Marriage Act any adult couple can be granted a marriage license if a church following ancient tradition reads the marriage banns on the three Sundays prior to the wedding. Joe and Kevin had long wished to be legally married in their church. They expected controversy but little expected the massive scale of the international coverage that occurred as reporting on their intentions and their wedding of them shot across the Internet and their photographs appeared in newspapers not only across North America but also in Europe Asia and South America. Despite the legal and political wrangling the opposition and support they received the disputes among religious denominations and organizations and the glare of the media lights this remains a story of two people who chose to make a life together and sought the support of both church and state for their marriage. They believe they have taken part in an incredible event one that will change the world not just for Canadians but for citizens families and communities everywhere. Copublished with Doubleday Canada.
