With Musket & Tomahawk Michael O. Logusz, 2016-01-26 In this third volume of Michael Logusz's epic study of the Wilderness War of 1777 a sizable British military force augmented with German and loyalist soldiers attacks the Northern Army's southern front in the fall of 1777 in hopes of assisting a much larger British Army that is threatened to the north of New York City in the wilderness region of Saratoga In previous works on the Wilderness War Logusz deftly described General John Burgoyne's efforts in the Saratoga campaign He covered the exploits of British general Barry St Leger and the convergence of British German Canadian mercenary loyalist and Indian forces toward Albany In this third installment Logusz presents how British general Sir William Howe was to advance northward from New York City with a force of almost twenty thousand regulars accompanied with a strong river naval force to link up with the two other commanders in Albany Capturing Albany would not only deny the provincials a vital town on the edge of a wilderness but also cut off the entire region of New England from the rest of the newly established nation Instead Howe decided to pursue Washington in Pennsylvania leaving behind British general Sir Henry Clinton in New York City to deal with the city's lingering troubles and the events to the north The book vividly describes the hardships encountered by the patriots fighting for independence and their opponents along with Clinton's experiences in and around New York City West Point and the Hudson Valley region Logusz illustrates in depth the terrain tactics and terror of the multifaceted Wilderness War of 1777 Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home *Stalkers and Shooters* Kevin Dockery, 2007-07-03

New Orleans Reconsidered Curtis Manning,2014-12-12 The Battle of New Orleans Reconsidered arose organically from the rich heritage of St Bernard Parish Louisiana The same land that was witness to the Battle of New Orleans would also spawn a unique and vibrant culture known for close knit families good food refineries and the activities centered around the bountiful wetlands Academic cultural offerings were rare when the Nunez History Lecture Series began in 2001 Some folks at Nunez Community College the only institution of higher education in the Parish decided to tell the stories of the people of St Bernard and Louisiana hoping that a handful of others might also be interested After 14 seasons of over 100 lectures and an average attendance of over 100 people the Lecture Series is still finding new stories to tell A natural outgrowth of the Lecture Series was to feature a more detailed treatment of the second most important historical event in St Bernard Parish history the Battle of New Orleans And the College was the natural place since the battlefield was in sight of the campus on a clear day However the plans for the first Symposium were delayed by a few years when the most important historical event in St Bernard Parish history Hurricane Katrina left six feet of water across the Nunez campus and up to seventeen feet of water across the rest of the Parish By January of 2013 the first Battle of New Orleans Historical Symposium was held at the College with the audience likely sitting in the exact spot that soldiers mustered for the Battle Once the Symposium became established and successful the only nagging problem was the ephemeral nature of the knowledge being created With some of the most passionate and knowledgeable speakers in the nation it just seemed natural to expand and preserve the great information being presented So in a labor of love many of the top lecturers agreed to put pen to paper and tell the story of the Battle of New Orleans in greater detail The result is The Battle of New Orleans Reconsidered War-chronicle ,1914
