Schoenberg and Hollywood Modernism Kenneth H. Marcus,2016-01-14 Kenneth H Marcus shows how Schoenberg played a vital role in Southern California Modernism through his pedagogy compositions and texts [Lady in the Dark](#) Bruce D. McClung,2009-02-16 When *Lady in the Dark* opened on January 23 1941 its many firsts immediately distinguished it as a new and unusual work The curious directive to playwright Moss Hart to complete a play about psychoanalysis came from his own Freudian psychiatrist For the first time since his brother George's death Ira Gershwin returned to writing lyrics for the theater And for migr composer Kurt Weill it was a crack at an opulent first class production Together Hart Gershwin and Weill with a little help from the psychiatrist produced one of the most innovative works in Broadway history With a company of 101 and an astronomical budget *Lady in the Dark* launched the career of a young nightclub performer named Danny Kaye and starred Gertrude Lawrence in the greatest triumph of her career With standees at many performances *Lady in the Dark* helped establish the practice of advance ticket sales on the Great White Way while Paramount Pictures bid for the film rights

broke all records New York Times drama critic Brooks Atkinson hailed the production as splendid anointed Kurt Weill the best writer of theatre music in the country and worshiped Gertrude Lawrence as a goddess Though *Lady in the Dark* was a smash hit it has never enjoyed a Broadway revival and a certain mystique has grown up around its legendary original production In this ground breaking biography Bruce McClung pieces together the musical's life story from sketches and drafts production scripts correspondence photographs costume and set designs and thousands of clippings from the star's personal scrapbooks He has interviewed eleven members of the original company to provide a one of a kind glimpse into the backstage story The result is a virtual ticket to opening night the saga of how this musical play came to be and the string of events that saved the experimental show at every turn Although America was turned upside down by Pearl Harbor after the production was on the boards *Lady in the Dark* played an important role for the war effort and rang up 777 performances in 12 cities In what may be the most illuminating study of a single Broadway musical this biography brings *Lady in the Dark* back to the spotlight and puts readers in the front row

Composers of the Nazi Era Michael H. Kater, 2000 How does creativity thrive in the face of fascism How can a highly artistic individual function professionally in so threatening a climate The final book in a critically acclaimed trilogy that includes *Different Drummers* OUP 1992 and *The Twisted Muse* OUP 1997 this is a detailed study of the often interrelated careers of eight outstanding German composers who lived and worked amid the dictatorship of the Third Reich Werner Egk Paul Hindemith Kurt Weill Karl Amadeus Hartmann Carl Orff Hans Pfitzner Arnold Schoenberg and Richard Strauss Noted historian Michael H Kater weighs issues of accommodation and resistance to ask whether these artists corrupted themselves in the service of a criminal regime and if so whether this is evident in their music He also considers the degrees to which the Nazis poetically socially economically and aesthetically succeeded in their treatment of these individuals whose lives and compositions represent diverse responses to totalitarianism

concert hall or enjoying recordings at home Opera after 1900 Margaret Notley, 2017-07-05 The articles reprinted in this volume treat operas as opera and from some sort of critical angle none of the articles uses methodology appropriate for another kind of musical work Additional criteria used in selecting the articles were that they should not have been reprinted widely before and that taken together they should cover an extended array of significant operas and critical questions about them Trends in Anglophone scholarship on post 1900 opera then determined the structure of the volume The anthologized articles are organized according to the place of origin of the opera discussed in each of them the introduction however follows a thematic approach Themes considered in the introduction include questions of genre and reception perspectives on librettos and librettists words lyricism and roles of the orchestra and modernism and other political contexts **The Arts on Television, 1976-1990** Rebecca Krafft, 1991 A Right to Sing the Blues Jeffrey Melnick, 2001-03-16 All too often an incident or accident such as the eruption in Crown Heights with its legacy of bitterness and recrimination thrusts Black Jewish relations into the news A volley of discussion follows but little in the way of progress or enlightenment results and this is how things will remain until we radically revise the way we think about the complex interactions between African Americans and Jews A Right to Sing the Blues offers just such a revision Black Jewish relations Jeffrey Melnick argues has mostly been a way for American Jews to talk about their ambivalent racial status a narrative collectively constructed at critical moments when particular conflicts demand an explanation Remarkably flexible this narrative can organize diffuse materials into a coherent story that has a powerful hold on our imagination Melnick elaborates this idea through an in depth look at Jewish songwriters composers and performers who made Black music in the first few decades of this century He shows how Jews such as George Gershwin Irving Berlin Al Jolson and others were able to portray their natural affinity for producing Black music as a product of their Jewishness while simultaneously depicting Jewishness as a stable white identity Melnick also contends that this cultural activity competed directly with Harlem Renaissance attempts to define Blackness Moving beyond the narrow focus of advocacy group politics this book complicates and enriches our understanding of the cultural terrain shared by African Americans and Jews *The Pianist's Craft* Richard P. Anderson, 2012 No pianist can experience the full flowering of her art without eventually grappling with those great musical minds who composed specifically for piano In *The Pianist's Craft* Richard Anderson collects from his fellow pianist scholars 19 articles on the teaching preparation and performance of works by the greatest composers in the standard piano repertoire This collection ranges in subject matter from Inge Rosar's meditation on playing Bach on the modern keyboard to Gary Amato's assessment of Haydn's sonatas from Christie Skousen's review of tone production in Chopin to Gwenolyn Mok's foray into recreating Ravel's works on an Erard piano the same used by Ravel himself Readers will find essays as well on Mozart's piano compositions Beethoven's sonatas the influence of Schubert's lieder on his piano works and works by Schumann Liszt Brahms Debussy Rachmaninoff Scriabin Prokofiev Shostakovich Bartók Gershwin and Crumb The contributors all recognized nationally and internationally for their

contributions as performing artists teachers recording artists and clinicians write thoughtfully about the composers whose work they have studied and played for years Each author addresses issues unique to the individual composer they have chosen to explore examining questions of phrasing tempo articulation dynamics rhythm color gesture lyricism instrumentation and genre Valuable insight is provided into teaching performing and preparing these great works In *The Pianist's Craft* these great artists and teachers answer questions for readers that are otherwise only addressed in conferences master classes and private lessons In this collection of essays key points of information and instruction are offered with over 200 musical examples included as illustration *The Pianist's Craft* is intended for teachers and students of the intermediate and advanced levels of piano instructors and performers at the university level and those who love piano and piano music generally

Jews and Jazz Charles B Hersch, 2016-10-14 *Jews and Jazz* Improvising Ethnicity explores the meaning of Jewish involvement in the world of American jazz It focuses on the ways prominent jazz musicians like Stan Getz Benny Goodman Artie Shaw Lee Konitz Dave Liebman Michael Brecker and Red Rodney have engaged with jazz in order to explore and construct ethnic identities The author looks at Jewish identity through jazz in the context of the surrounding American culture believing that American Jews have used jazz to construct three kinds of identities to become more American to emphasize their minority outsider status and to become more Jewish From the beginning Jewish musicians have used jazz for all three of these purposes but the emphasis has shifted over time In the 1920s and 1930s when Jews were seen as foreign Jews used jazz to make a more inclusive America for themselves and for blacks establishing their American identity Beginning in the 1940s as Jews became more accepted into the mainstream they used jazz to re minoritize and avoid over assimilation through identification with African Americans Finally starting in the 1960s as ethnic assertion became more predominant in America Jews have used jazz to explore and advance their identities as Jews in a multicultural society

From Handel to Hendrix Michael Chanan, 1999-12-17 This study examines the composer as a public figure It examines the fate of the composer through successive incarnations and investigates a range of themes such as subjectivity and identity
