professionals in mind and contains advanced interviewing techniques Some basic topics emphasized in other interviewing books will not be addressed This book was designed as a quick reference guide rather than a comprehensive manual The enhanced outline format of the text and the extended Table of Contents provide for easy reference reading and comprehension The marketplace is replete with interviewing books and manuals however quickly locating information buried in thick manuscripts is costly and time consuming The style of this book is consistent with the manner in which law enforcement officers like to receive information quickly authoritatively and to the point
