Mentoring Faculty of Color Dwayne Mack, Elwood D. Watson, Michelle Madsen Camacho, 2012-11-30 The 14 new essays in this collection from under represented faculty who teach at predominantly white colleges and universities discuss both the tenure and promotion experiences of faculty of color and are not racial ethnic gender cultural or discipline specific The book is thus not only for aspiring graduate students of color and faculty of color desirous of outside mentoring but also for administrators interested in the professional development and dilemmas of faculty of color Faculty of color describes how they navigated the complex terrain of higher education to achieve tenure or promotion Most of the contributors are at the associate professor stage of their careers and some hold the rank of full professor

The Chicago Guide to Landing a Job in Academic Biology C. Ray Chandler, Lorne M. Wolfe, Daniel E. L. Promislow, 2008-09-15 The Chicago Guide to Landing a Job in Academic Biology is an indispensable guide for graduate students and post docs as they enter that domain red in tooth and claw the job market An academic career in the biological sciences typically demands well over a decade of technical training So it s ironic that when a scholar reaches the most critical stage in that career the search for a job following graduate work he or she receives little or no formal preparation Instead students are thrown into the job market with only cursory guidance on how to search for and land a position Now there s help Carefully clearly and with a welcome sense of humor The Chicago Guide to Landing a Job in Academic Biology leads graduate students and postdoctoral fellows through the perils and rewards of their first job search The authors who collectively have for decades mentored students and served on hiring committees have honed their advice in workshops at biology meetings across the country The resulting guide covers everything from how to pack an

overnight bag without wrinkling a suit to selecting the right job to apply for in the first place The authors have taken care to make their advice useful to all areas of academic biology from cell biology and molecular genetics to evolution and ecology and they give tips on how applicants can tailor their approaches to different institutions from major research universities to small private colleges With jobs in the sciences ever more difficult to come by The Chicago Guide to Landing a Job in Academic Biology is designed to help students and post docs navigate the tricky terrain of an academic job search from the first year of a graduate program to the final negotiations of a job offer **Resources in Education** ,2000-10 **110**

Strategies for Success in College and Life Joan H. Rollins & Mary Zahm,2006-02-13 110 Strategies for Success in College and Life offers students clear presentations of 110 strategies to guide them through to college graduation and beyond These principles are derived from numerous research studies from a wide range of areas within psychology as well as from the authors many years of experience as college professors researchers and student advisors This book closes the gap between scientific knowledge and its application to college success Topics include information processing and learning critical thinking and decision making identifying and achieving goals managing time money and energy reading and writing effectively reducing test anxiety knowing thyself and preparing for a career The latest research findings are presented It is a valuable guide for freshman whether coming right out of high school or after a hiatus of years working and or taking care of a family This book is particularly appropriate for minority and first generation college students who may have fewer mentors to help them along the college path Each chapter offers case studies of successful students to serve as role models The focus of the book is on the practical application of the strategies in the student s daily life within a framework of flexibility integrity and balance How to be a Successful Academic Researcher Jim Macnamara,2024-10-03 This book is a comprehensive

practical guide to successful academic research Drawing on lived experiences across a variety of academic disciplines and commercial practice Jim Macnamara illustrates the many successes challenges and failures involved in academic research

Planning a Successful Conference Cynthia Winter,1994-08-05 Your professional association just asked you to plan next year s conference But where do you begin Cynthia Winter a professional meeting planner with 25 years experience planning academic conferences guides you through the many details necessary for planning a successful smoothly run conference Winter addresses the planning process for the novice conference chair from the initial design to the final wrap up with useful advice on some of the major tasks involved program planning budgeting pricing finding a suitable location advertising scheduling rooms finding speakers and entertainment and organizing banquets This volume also describes the benefits to and activities of savvy conference attendees A series of appendixes and resource listings provide you with the tools you ll need to run an enjoyable informative conference *Lifting a Ton of Feathers* Paula J. Caplan,1993-12-15 Lifting a Ton of Feathers is not only a survival guide it is also a destroyer of academic myths about women s career chances in the university and a revelation of the catch 22 positions in which women find themselves Caplan demonstrates that while many women

believe that when they fail it is their fault their fate is more likely to be sealed by their encounter with the male environment and by the manner in which they are tossed about by it She aims to help women avoid self blame and understand the real sources of their problems Readers will find the information about the mine field of academia for women infuriating but the means of telling it highly entertaining Women account for more than half of all undergraduate students in the US and Canada yet they make up only 10 per cent of faculty members at the level of full professor What happens to women between freshman level the tenure track and the ensuing following professional years that keeps them out of the highest levels of academia Paula Caplan is herself a veteran of the academic career struggle and she sets out to explore this question with not only her own observations but also those of many women whom she has interviewed and with a strong backing of established research With these tools she provides a clear eyed assessment of what women who have embarked on an academic career and those who are considering it may expect Forewarned is forearmed and Caplan presents a list of the forms that the maleness of the environment take two of these are the conflict between professional and family responsibilities and sexual harassment In addition her book offers advice on practical techniques of how to prepare a curriculum vitae how to handle job interviews and how to apply for promotions and tenure A final chapter is a unique checklist which serves two purposes to provide guidance in a search for a woman positive institution and to give suggestions for ways individual women and women in groups can work to improve the situation at their own institutions

Faculty Success through Mentoring

Carole J. Bland, Anne L. Taylor, S. Lynn Shollen, Anne Marie Weber-Main, Patricia A. Mulcahy, 2009-02-16 Few things are more essential to the success of an academic institution than vital faculty members This book is a rich combination of findings from the literature and practical tools which together assist academic leaders and faculty in implementing and participating in a successful formal mentoring program that can be used as a strategy for maintaining the vitality of a diverse faculty across all stages of an academic career In Faculty Success through Mentoring the authors describe the tangible benefits of formal traditional mentoring programs in which mentor mentee interactions are deliberate structured and goal oriented They outline the characteristics of effective mentors mentees and mentoring programs and cover other models of mentoring programs such as group and peer mentoring which are particularly suited for senior and mid career faculty Also included are tools that institutions mentors and mentees can use to navigate successfully through the phases of a mentoring relationship One of the unique features of this book is its explicit attention to the challenges to effective mentoring across genders ethnicities and generations No matter what role one plays in mentoring this book is an invaluable resource
