Getting Rid Of Mister Kitchen:

Getting Rid Of Mister Kitchen Charles Higson, 2015-09-17 From the author of the latest official James Bond novel Charlie Higson's thrillers are major events Mark Billingham Very funny and utterly unstoppable The Times A sizzingly paced modern thriller NME A man kills a prospective buyer for his car On the verge of becoming a name in the interior design world he can't afford a scandal and must discreetly dispose of the body not an easy job when the whole of London seems to be conspiring against him Action consequence retribution Getting Rid of Mister Kitchen is a sustained nightmare of thwarted ambition a Dante-esque tour of a world at home with Tarantino and temazepam where motive is meaningless and justice is just another victim *Getting Rid of Mr Kitchen* Charles HIGSON, 1996 *Getting Rid of Mister Kitchen* Charlie Higson, 1997-10

Getting Rid of Mr Kitchen Charles HIGSON, 1998-12-04 **Termination of Hostilities and Extension of Second War Powers Act of 1942** United States. Congress. House. Committee on the Judiciary, 1945 *A Dead Narrator in Charles Higson's Getting Rid of Mister Kitchen* Andreas Raab, 2009-04-09 Seminar paper from the year 2006 in the subject Didactics for the subject English Literature Works grade 1 University of Vienna course Novels of the Nineties language English abstract The plot of Charles Higson's novel *Getting Rid of Mister Kitchen* published in 1996 is fairly straightforward In the first chapter of the book the protagonist or anti hero of the novel who is telling the story at the same time stabs Mister Kitchen with a candlestick during a quarrel they have while Mister Kitchen is visiting the protagonist to buy his car In the course of the text the anti hero desperately tries to get rid of the more or less dead body a task that becomes both his destiny and burden Whenever the protagonist seems to get one step closer to dispose of Mister Kitchen he is thrown back at least two steps due to a consistent unfortunate concatenation of events Finally all of the protagonist's bad luck combined with his inability to make plans that work literally lead to his downfall It is this ending of the novel that raises the most challenging question since the protagonist's further fate is up to the respective reader's interpretation In addition the reader does not only never gets to know the narrator's name but he/she also does not know his motivation for telling the story However these matters basically revolve around the central question whether the protagonist dies or stays alive at or after respectively the end of the novel The main aim of this paper is therefore to examine whether the story is or can be told by a dead narrator This problem will be discussed by means of relating it to and embedding it into a general analysis and description of the novel's narrative techniques Since the topic of this paper is narratological in its character and since there is an obvious relation between the subject matter of this essay and the novel's narrative situation this is of crucial importance to fully grasp the issue and to discuss it comprehensively Thus this paper is basically divided into two main parts The first part presents a general overview of the novel's narrative techniques and particularly focuses on characterisation in the novel and on the reliability of the narrator In the second part of this essay some readings that either support or oppose the fact that the story is told by a dead or dying narrator are specified All these interpretations will be based on evidence from and related to

the text itself On the whole this essay will encourage different approaches to answer the underlying question of this essay namely whether Charles Higson s novel Getting Rid of Mister Kitchen features a dead narrator Hearings Before Subcommittee of House Committee on Appropriations United States.
