The Old Pro Turkey Hunter Gene Nunnery, 2018-10-18 During his life Gene Nunnery was recognized as a master turkey hunter and an artisan who crafted unique almost irresistible turkey calls In The Old Pro Turkey Hunter the vaunted sportsman shares over fifty years of personal experience in Mississippi and surrounding states along with the decades old wisdom of the huntsmen who taught him Throughout the book his stories make clear that turkey hunting is more than just killing the bird it is about matching wits with a wild and savvy adversary As Nunnery explains To me that s what it s all about finding a wise old gobbler who will test your skill as a turkey hunter Through his stories Nunnery reveals that the true reward for successful turkey hunting lies in winning the contest not necessarily exterminating the foe Real sportsmen know that every now and then the turkey should and will elude the hunter As Nunnery looks back on his extensive career he analyzes vast differences in practice old and new The shift he decides came during his last twenty years on the hunt and that difference has only increased in the decades since this book was originally published Michael O Giles Bass Pro staff team member master turkey hunter and award winning outdoors writer and author of *Passion of the Wild* writes a new foreword that brings the practice of turkey hunting into the present day Filled with a tested mixture of common sense and specific examples of how master turkey hunters honor their harvest and heritage The Old Pro Turkey Hunter is the perfect companion for the novice or the adept *Teaching and Travelling in Turkey 2009 -2010* Barton Barrack, 2016-02-20 This book is about my time teaching English in Istanbul and travelling around Turkey from January 2009 to May 2010 It includes settling into a Muslim community in a middle class area in Istanbul with all the thrills and spills that you would expect with day to day living It required making adjustments to my diet lifestyle and learning to appreciate that the Turkish experience can be very rewarding I enjoyed the experience immensely and at one stage started to look at apartments to buy with Bosphorus views I could have very happily lived in Istanbul for longer but family issues at home brought it to an end The Ottoman Empire and modern Turkey have had a very rich vibrant and often violent history My students and their friends allowed me to gain a strong understanding of what this was all about I developed a strong interest in Turkish politics during my stay and continued to observe issues after I left in 2010 It will be very interesting to see how Turkey deals with enormous problems in the coming years particularly with terrorism and the tragic position of their neighbours Syria and Iraq There is nothing like living in their community and embracing the Turkish innate wish to provide hospitality to foreigners particularly English teachers I should also mention that I met some wonderful Kurdish people and enjoyed their company There is no doubt that many wanted to meet me to practise their English but I lapped it up I guess I learnt much more about Turkey than they did about Australia I must give thanks to my fellow teacher Teresa Hanlon who s perfect Turkish and generous personality got me out of many sticky situations and also drew me into others She proved invaluable in dealing with my

inevitable scrapes dealing with the bureaucracy and even with my landlord Without her friendship and help this incredible journey would have been very bumpy I must also thank David Adams for his extremely professional editing of the text For somebody who still works full time I was amazed how quickly diligently and accurately he completed this task

Beyond Turkey's Borders Banu Senay, 2012-12-05 In an increasingly connected world the engagement of diasporic communities in transnationalism has become a potent force Instead of pointing to a post national era of globalised politics as one might expect Banu Senay argues that expanding global channels of communication have provided states with more scope to mobilise their nationals across borders Her case is built around the way in which the long reach of the proactive Turkish state maintains relations with its Australian diaspora to promote the official Kemalist ideology Activists invest themselves in the state to see both for and like the state and as such Turkish immigrants have been politicised and polarised along lines that reflect internal divisions and developments in Turkish politics This book explores the way in which the Turkish state injects its presence into everyday life through the work of its consular institutions its management of Turkish Islam and its sponsoring of national celebrations The result is a state engineered transnationalism that mobilises Turkish migrants and seeks to tie them to official discourse and policy Despite this individual Kemalist activists dissatisfied with the state s transnational work have appointed themselves as the true cultural attaches of the Turkish Republic It is the actions and discourses of these activists that give efficacy to trans Kemalism in the unique migratory context of Australian multiculturalism Vital to this engagement is its Australian backdrop where ethnic diversity policies facilitate the nationalising initiatives of the Turkish state as well as the bottom up activism of Ataturkists On the other hand it also complicates and challenges trans Kemalism by giving a platform to groups such as Kurds or Armenians whose identity politics clash with that of Turkish officialdom An original and insightful contribution on the scope of transnationalism and cross border mobilisation this book is a valuable resource for researchers of politics nationalism and international migration
