## Gf Watts Portraits:

**Representations of G.F. Watts** Colin Trodd, 2019-07-16 Originally published in 2004 Once the most popular Victorian artist G F Watts was also a complex and elusive figure Influenced by evolutionary theory he reinterpreted the tradition of the classical body while his philanthropic and educational interests informed projects for a more affective public art This book is the first modern account of the full range of Watts s different artistic interests and practices Offering fresh approaches to his historical allegorical and mythological paintings it also traces his increasingly radical approach to portraiture and sculpture and examines the institutional and biographical factors behind his immense public profile Together the essays present a comprehensive analysis of Watts s work and his vital relationship to the intellectual cultural and social forces of his time

Watts in Italy** Katerine Gaja, 1995 *George Frederick Watts* John Ernest Phythian, 1907

**G.F. Watts** Veronica Franklin Gould, 2004 George Frederic Watts 1817 1904 was a titanic figure in nineteenth century British art The father of British Symbolism and portrait painter of his age he forged a controversial career that spanned the reign of Queen Victoria This book the first in depth biography of Watts sheds new light on the pioneering spirit and breadth of mind of the artist Drawing on Watts s abundant personal correspondence and diaries and an array of other contemporary documents the book chronicles the artist s career and personal life including his friendships with Edward Burne Jones Frederic Leighton William Gladstone and Alfred Tennyson and his relationships with a series of singular women The book also examines Watts s wide reforming zeal and political agenda as well as his role and dealings in the Victorian art world

*Illustrated List of the Portraits* National Portrait Gallery (Great Britain), 1925 **Masters in art** , 1905 **Catalogue of Portraits in the Possession of the University, Colleges, City, and County of Oxford** Oxford Historical Society (Oxford, England), 1926 *Ellen Terry, Spheres of Influence* Katharine Cockin, 2015-10-06 In this essay collection established experts and new researchers reassess the performances and cultural significance of Ellen Terry her daughter Edith Craig 1869 1947 and her son Edward Gordon Craig 1872 1966 as well as Bram Stoker Lewis Carroll and some less familiar figures *The Artist as Divine Symbol* Adam Edward Carnehl, 2023-10-09 In critical yet appreciative dialogue with four different art critics who demonstrated theological sensitivities Adam Edward Carnehl traces an ongoing religious conversation that ran through nineteenth century aesthetics In Carnehl s estimation this critical conversation between John Ruskin Walter Pater and Oscar Wilde culminated in the brilliant approach of G K Chesterton who began his journalistic career with a series of insightful works of art criticism By conducting a close reading of these largely neglected works Carnehl demonstrates that Chesterton

developed a theological aesthetic that focuses on the revelation of God's image in every human being. In Chesterton's eyes only those made in God's image can produce images themselves and only those who receive a revelation of truth are able to reveal truths for others. Art is therefore a rich and symbolic unveiling of the truth of humanity which finds its origin and purpose in God the Divine Artist.
