Ideological Conflicts In Modern China:

Ideological Conflicts in Modern China Wen-shun Chi,1992 *Ideological Conflicts in Modern China* Wen-Shun Chi, Ideological Conflict and the Rule of Law in Contemporary China Samuli Seppänen,2016-10-17 This book studies ideological divisions within Chinese legal academia and their relationship to arguments about the rule of law The book describes argumentative strategies used by Chinese legal scholars to legitimize and subvert China s state sanctioned ideology It also examines Chinese efforts to invent new alternative rule of law conceptions In addition to this descriptive project the book advances a more general argument about the rule of law phenomenon insisting that many arguments about the rule of law are better understood in terms of their intended and actual effects rather than as analytic propositions or descriptive statements To illustrate this argument the book demonstrates that various paradoxical contradictory and otherwise implausible arguments about the rule of law play an important role in Chinese debates about the rule of law Paradoxical statements about the rule of law in particular can be useful for an ideological project **Contemporary Chinese Political Thought** Fred Reinhard Dallmayr,Tingyang Zhao,2012-06-21 Westerners seem united in the belief that China has emerged as a major economic power and that this success will most likely continue indefinitely But they are less certain about the future of China s political system China s steps toward free market capitalism have led many outsiders to expect increased democratization and a more Western political system The Chinese however have developed their own version of capitalism Westerners view Chinese politics through the lens of their own ideologies preventing them from understanding Chinese goals and policies In *Contemporary Chinese Political Thought Debates and Perspectives* Fred Dallmayr and Zhao Tingyang bring together leading Chinese intellectuals to debate the main political ideas shaping the rapidly changing nation Investigating such topics as the popular China Model the resurgence of Chinese Confucianism and its applications to the modern world and liberal socialism the contributors move beyond usual analytical frameworks toward what Dallmayr and Zhao call a dismantling of ideological straitjackets Comprising a broad range of opinions and perspectives *Contemporary Chinese Political Thought* is the most up to date examination in English of modern Chinese political attitudes and discourse Features contributions from Ji Wenshun Zhou Lian Zhao Tingyang Zhang Feng Liu Shuxian Chen Ming He Baogang Ni Peimin Ci Jiwei Cui Zhiyuan Frank Fang Wang Shaoguang and Cheng Guangyun *Remaking China's Public Philosophy for the Twenty-first Century* Jinghao Zhou,2003-08-30 In this book author Jinghao Zhou uses for the first time the prism of public philosophy to examine Chinese society modernization globalization and democratization as a whole Challenging conventional thinking in China studies he examines China systematically in seven aspects history ideology economy politics religion education and China s future and does so from both Eastern and Western perspectives The volume asserts that the remaking of China s public philosophy is they key for the nation to achieve both economic and political prosperity making the bold argument that this remaking can contribute profoundly not only to China s development but to

international peace and development as well In *Remaking China's Public Philosophy for the Twenty First Century* author Jinghao Zhou uses for the first time the prism of public philosophy to examine Chinese society modernization globalization and democratization as a whole Challenging conventional thinking in China studies he examines China systematically in seven aspects history ideology economy politics religion education and China's future and does so from both Eastern and Western perspectives The volume asserts that the remaking of China's public philosophy the very principles and precepts it now takes for granted is they key for the nation to achieve both economic and political prosperity Zhou aims for a peaceful revolution of China's democratization while he explores a new paradigm in China studies making the bold argument that this remaking can contribute profoundly not only to China's development but to international peace and development as well

Elite Politics in Contemporary China Joseph Fewsmith, 2015-04-15 A discussion of elite politics in contemporary China While a great deal of the text is descriptive much of the emphasis is on drawing out and abstracting the political dynamic at work The past half century has seen many hopes raised and some dashed a succession of fears and false alarms and both triumphs and calamities that were almost entirely unexpected This work offers a short but sweeping history of world politics since 1945 America's postwar pre eminence and the hopes that attended the creation of the United Nations the Cold War and the emergence of a volatile Third World economic transformations and the twin threat of nuclear and ecological disaster the crumbling of the Soviet system and the short lived promise of a peaceful prosperous and democratic new world The author describes these momentous changes concisely in an effort to show how we got here from there and what we might have learned along the way

Contemporary China Review Bouden House, 2022-08-15 This summer is an unusual one The Russian Ukrainian war shifted from a stalemate to a strategic counter offensive in Ukraine Against the backdrop of this huge geopolitical conflict Taiwan Strait relations also became tense again with the visit of U S House Speaker Nancy Pelosi to Taiwan The clamor for military unification with Taiwan by force in mainland China has been overwhelming Xi Jinping's call with Biden conveyed that this is not the time for a full blown crisis to break out When war breaks out in the Taiwan Strait will depend on the CCP's mindset However once the CCP regime falls into the hands of an emperor for life the outbreak of war will be unpredictable In this issue several articles analyze Xi Jinping's mentality psychology and personality which provide a glimpse of the dictatorial factor behind the Taiwan Strait crisis Another article analyzing the 50 year history of U S China relations can also help readers understand the direction of U S China relations and the background of the Taiwan Strait crisis With the globalized economy at a crossroads the CCP has taken a big step backward from a semi market economy to a state planned economy and is facing a huge economic crisis in the financial manufactory to real estate sectors To divert an economic social and political crisis CCP will avoid internal crises with war This issue presents a scholar monography that gives us a glimpse into the social psychology of the general public in mainland China today especially the underestimated dynamics of the little pinko groups that are driving China toward the mistakes of war Meanwhile the misunderstanding and misperception of the Chinese revolution not only camouflage the legitimacy of the CCP regime but also feed into a false institutional confidence for Xi Jinping who boasts to point out the direction of global development

Modern China Studies, 1975 [Keywords in Western Literary Criticism and Contemporary China](#) Yamin Hu, 2020-07-16 Since the reform and opening up of China in 1978 Western literary criticism has begun to flourish and gain in popularity within the country's academic literature community These two volumes meticulously select and examine nine of the most influential keywords from Western literary theory while

identifying the intricate historical sources of these terms and analyzing their relevance to other disciplines and ideas The result shows how these words function as heterogeneous cultural contexts in the complexity of experience but also how they function within the context of Chinese culture as well as Chinese literature and criticism In this volume the editors focus on metaphor the other ideology and the body from the perspectives of etymology documentation meanings and other core factors Students of literature and languages and especially Chinese literature will benefit from this two volume set The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

The Mother and Narrative Politics in Modern China Sally Taylor Lieberman, 1998 A modernist icon an object of forbidden desire a symbol of loss and suffering and an incorrigible survivor the mother takes all of these forms in Chinese literature from the 1920s and 1930s In an innovative analysis Sally Taylor Lieberman explores the meanings the maternal figure acquired at a particular place and time and then engages those meanings in a feminist rereading of the master narratives of modern Chinese intellectual and literary history Drawing on feminist literary criticism and the theories of Julia Kristeva Melanie Klein and Sigmund Freud Lieberman breaks traditional analytical boundaries as she explores the place of the mother in the ideological struggles through which the modern Chinese canon attained its present shape
