The Organization of Craft Work Emma Bell, Gianluigi Mangia, Scott Taylor, Maria Laura Toraldo, 2018-08-06 This edited book focuses on the organization and meaning of craft work in contemporary society It considers the relationship between craft and place and how this enables the construction of a meaningful relationship with objects of production and consumption The book explores the significance of raw materials the relationship between the body the crafted object and the mind and the importance of skill knowledge and learning in the making process Through this it raises important questions about the role of craft in facing future challenges by challenging the logic of globalized production and consumption The Organization of Craft Work encompasses international analyses from the United States France Italy Australia Canada the UK and Japan involving a diverse range of sectors including brewing food and wine production clothing and shoe making and perfumery The book will be of interest to students and academic researchers in organization studies marketing and consumer behaviour business ethics entrepreneurship sociology of work human resource management cultural studies geography and fashion and design In addition the book will be of interest to practitioners and organizations with an interest in the development and promotion of craft work Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Unpacking IKEA Pauline Garvey, 2017-11-23 This book represents the first anthropological ethnography of Ikea consumption and goes to the heart of understanding the unique and at times frantic popularity of this one iconic transnational store Based on a year of participant observation in Stockholm s Kungens Kurva store the largest in the world this book places the retailer squarely within the realm of the home building efforts of individuals in Stockholm and to a lesser degree in Dublin Ikea the world s largest retailer and one of its most interesting is the focus of intense popular fascination internationally yet is rarely subject to in depth anthropological inquiry In Unpacking Ikea Garvey explores why Ikea is never just a store for its customers and questions why it is described in terms of a cultural package as everyday and classless Using in depth interviews with householders over several years this ethnographic study follows the furniture from the Ikea store outwards to probe what people actually take home with them

Everything and Nothing at Once Joél Leon, 2024-06-04 For readers of Kiese Laymon s Heavy and Hanif Abdurraqib s A Little Devil in America a beautiful painful and soaring tribute to everything that Black men are and can be Growing up in the Bronx Jo l Leon was taught that being soft being vulnerable could end your life Shaped by a singular view of Black masculinity espoused by the media family and friends and society he learned instead to care about the gold around his neck and the number of bills in his wallet He absorbed the facts that white was always right and that Black men were either

threatening or great for comic relief but never worthy of the opening credits It wasn't until years later that Jo I understood he didn't have to be defined by these and other stereotypes Now in a collection of wide ranging essays he takes readers from his upbringing in the Bronx to his life raising two little girls of his own unraveling those narratives to arrive at a deeper understanding of who he is as a son friend partner and father Traversing both the serious and the lighthearted from contemplating male beauty standards to his decision to seek therapy to the difficulties of making co parenting work Jo I cracks open his heart to reveal his multitudes In this book crafted like an album each essay is a single that stands alone yet reverberates throughout the entire collection Pieces like How to Make a Black Friend consider challenging delightful and absurd moments in relationships while others like Sensitive Thugs You All Need Hugs and All Gold Everything ponder the collective harms of society's lens With incisive searing prose Everything and Nothing at Once deconstructs what it means to be a Black man in America

Theorizing Crime and Deviance Steve Hall, 2012-04-20 Anything that takes away from the terminally off key karaoke of so much that passes for theory in criminology is to be welcomed and this is a fine effort to connect the study of crime and control to an innovative set of theoretical possibilities A rip roaring read that slaughters some sacred cows while throwing the odd baby out with the bath water Richard Hobbs University of Essex Boldly tackles big questions that the discipline has lately been unable or unwilling to confront Steve Hall's compelling and original book should help to restart a crucial discussion about the connections between crime and an increasingly volatile and predatory global social order Elliott Currie University of California Irvine This erudite and original book synthesizes a dazzling array of thought and evidence to interrogate criminological theory's dominant conservative and liberal perspectives This reviewer is left with a sense of criminological theory's tiredness of intellectual ambition and scope while Hall's book leaves a sense of rejuvenation and excitement Colin Webster British Journal of Criminology A beautifully written accessible and yet theoretically rigorous piece of writing that should be read by everyone interested in crime law and social order The book should be read with an open mind and as a genuine response to the suffocating inability of criminology to free itself from the century old slanging match between its liberal and conservative wings Simon Winlow University of York Steve Hall uses cutting edge philosophy and social theory to analyse patterns of crime and harm and illuminate contemporary criminological issues He provides a fresh relevant critique of the philosophical and political underpinnings of criminological theory and the theoretical canon's development during the twentieth century and applies new Continental philosophy to the criminological problem Unmatched in its sophistication yet written in a clear accessible style this dynamic and highly engaging book is essential reading for all students researchers and academics working in criminology sociology social policy politics and the social sciences in general

The Locust and the Bee Geoff Mulgan, 2015-03-09 How to harness capitalism's dynamism to create an economy that promotes well being and rewards creation The recent economic crisis was a dramatic reminder that capitalism can both produce and destroy It's a system that by its very nature encourages predators and creators locusts and

bees But as Geoff Mulgan argues in this compelling imaginative and important book the economic crisis also presents a historic opportunity to choose a radically different future for capitalism one that maximizes its creative power and minimizes its destructive force In an engaging and wide ranging argument Mulgan digs into the history of capitalism across the world to show its animating ideas its utopias and dystopias as well as its contradictions and possibilities Drawing on a subtle framework for understanding systemic change he shows how new political settlements reshaped capitalism in the past and are likely to do so in the future By reconnecting value to real life ideas of growth he argues efficiency and entrepreneurship can be harnessed to promote better lives and relationships rather than just a growth in the quantity of material consumption Healthcare education and green industries are already becoming dominant sectors in the wealthier economies and the fields of social innovation enterprise and investment are rapidly moving into the mainstream all indicators of how capital could be made more of a servant and less a master This is a book for anyone who wonders where capitalism might be heading next and who wants to help make sure that its future avoids the mistakes of the past This edition of *The Locust and the Bee* includes a new afterword in which the author lays out some of the key challenges facing capitalism in the twenty first century

Sustainable Consumption, Production and Supply Chain Management Paul Nieuwenhuis, Anne Touboullic, 2021-02-26 This incisive book integrates the academic fields of sustainable consumption and production SCP and sustainable supply chain management SSCM as a framework for challenging the current economic paradigm and addressing the significant ecological and environmental problems faced by the contemporary business world

Postmodern Hollywood M. Keith Booker, 2007-07-30 Postmodernism is essential to American culture today We can see its manifestations on billboards and on television we can hear its tone on the radio and in everyday conversation and we can even sense its outlook in how we live our lives This volume presents an accessible and brief summary of postmodernism especially as it pertains to American cinema one of the central players and leading lights in the development of this cultural attitude Four distinct sections investigate postmodernist fragmentation musical use and pastiches of previous television shows and cinematic genres in such films as Quentin Tarantino's *Pulp Fiction* David Lynch's *Mulholland Drive* and Sofia Coppola's *Marie Antoinette* Discussions of the phenomenon of postmodernism have established certain characteristics that are typical of postmodernist culture These characteristics include formal fragmentation a tendency toward a particular kind of nostalgia and the use of materials and styles borrowed from previous films and other cultural products This volume presents a brief summary of the characteristics that have typically been associated with postmodernism especially as they pertain to film It illustrates those characteristics with discussions of a wide variety of American films of the past thirty years noting how those films participate in the phenomenon of postmodernism Emphasis is on popular commercial films rather than the more esoteric experimental products that have sometimes been associated with postmodern film Booker's work contains detailed discussions of a wide variety of American films including classics like *Sullivan's Travels* and *The Last Picture Show* and recent successes such as

Scream Natural Born Killers Memento Moulin Rouge and Fight Club noting how these films participate in the phenomenon of postmodernism and how they have helped to shape its current form

Globalization and Transnational Capitalism Xing Li, Jizhen Li, Gorm Winther, 2009 This volume examines how globalization and transnational capitalism have reshaped the terrain and parameters of social economic and political relations both at the national and the global levels and how the relations of domination and subordination are reproduced in new forms beyond national borders It discusses the essential question on whether the resilient hegemony of transnational capitalism can be possibly reproduced containing alternative systems of organization The book can be heuristically summarized by the Chinese words for crisis which is made up of two syllables Wei and Ji representing danger and opportunity respectively It means that there is a crisis there is an element of danger and that there is opportunity Consequently while it is important to understand the embedded limits of capitalism it is equally important to continue the effort to search for alternative opportunities

Handbook of the International Political Economy of the Corporation Andreas Nölke, Christian May, 2018-09-28 Over the past few decades corporations have been neglected in studies of international political economy IPE Seeking to demystify them what they are how they behave and their goals and constraints this Handbook introduces the corporation as a unit of analysis for students of IPE Providing critical discussion of their global and domestic power and highlighting the ways in which corporations interact with each other and with their socio political environment this Handbook presents a thorough and up to date overview of the main debates around the role of corporations in the global political economy

Strategic Uses of Alternative Media Robyn Blakemen, 2014-12-18 Designed for students and practitioners in the fields of organizational behavior and human resource training and development this book examines improving organizational communication Terrence Gargiulo shows how the use of storytelling is the key to effective communication and learning

Postmodernism, Twenty-First Century Culture, and American Fiction Matt Graham, 2024-07-19 Postmodernism's end is a complex and contentious topic Yet one overarching consensus emerges the postmodern has been surpassed This book poses a thought experiment challenging this position what if postmodernism persists within the twenty first century Rather than designate a new epoch or coherent movement this book interrogates the fragmented contradictory and counterintuitive endurance of postmodern aesthetics within post Cold War America An alternative use of postmodern aesthetics becomes possible when they are decoupled from their twentieth century historical location Collectively these repetitions posit a postmodern continuum contrasting the widely called for succession of postmodernism via this decoupling When postmodern aesthetics are no longer unconsciously repeated within their cultural moment this emergent shift within a period after postmodernism presents an alternative historical positioning and use After their cultural vanguard postmodern aesthetics become a confrontation of the chaotic realism of an inescapable post Cold War capitalism tapping into this cultural zeitgeist through literature

Rereading America Gary Colombo, Robert Cullen, Bonnie Lisle, 2013-05-02 Rereading America remains the most widely adopted book of its kind because of its unique

approach to the issue of cultural diversity Unlike other multicultural composition readers that settle for representing the plurality of American voices and cultures Rereading America encourages students to grapple with the real differences in perspectives that arise in our complex society With extensive editorial apparatus that puts readings from the mainstream into conversation with readings from the margins Rereading America provokes students to explore the foundations and contradictions of our dominant cultural myths

The City of the Senses K. DeFazio, 2011-10-24 Offers an innovative interdisciplinary approach which opens up new ways of understanding urban culture and space The author approaches the city as essentially a material place where people live work and participate in social practices within historical limits set not by sensory experience or cultural meanings but material social conditions

Urban Regeneration and Neoliberalism Clare Kinsella, 2020-10-29 This book explores the concept of home in Liverpool over phases of regeneration following the Second World War Using qualitative research in the oral history tradition it explores what the author conceptualises as forward facing regeneration in the period up to the 1980s and neoliberal regeneration interventions that prioritise the past from the 1980s to the present The author examines how the shift towards city centre focused redevelopment and event led initiatives has implications for the way residents make sense of their conceptualisations of home and demonstrates how the shift in regeneration focus discourse and practice away from Liverpool's neighbourhood districts and towards the city centre has produced changes in the ways that residents identify with neighbourhoods and the city centre with prominence being given to the latter Employing Pierre Bourdieu's concepts of habitus and field as mechanisms for understanding different senses of home and shifts from localised views to globalised views this book will appeal to those with interests in urban sociology regeneration geography sociology home cultures and cities

An Alternative Philosophy of Development Birendra Prasad Mathur, 2016-11-25 16 Indian culture and money challenge of a materialist world 17 Quest for happiness public policies and national happiness 18 Synergizing development with cultural ethos Index

The Socialist Good Life Cristofer Scarboro, Diana Mincyte, Zsuzsu Gille, 2020-06-02 First class rigorously researched richly documented and thought provoking essays on the consumer experience in socialist Eastern Europe Graham H Roberts author of Material Culture in Russia and the USSR As communist regimes denigrated Western countries for widespread unemployment and consumer excess socialist Eastern European states simultaneously legitimized their power through their apparent ability to satisfy consumers needs Moving beyond binaries of production and consumption the essays collected here examine the lessons consumption studies can offer about ethnic and national identity and the role of economic expertise in shaping consumer behavior From Polish VCRs to Ukrainian fashion boutiques tropical fruits in the GDR to cinemas in Belgrade The Socialist Good Life explores what consumption means in a worker state where communist ideology emphasizes collective needs over individual pleasures

1989 James Mark, Bogdan C. Iacob, Tobias Rupprecht, Ljubica Spaskovska, 2019-08-29 Placing Eastern Europe in a global context this provides new perspectives on the political economic and cultural transformations of the late twentieth century

Global Brooklyn Fabio Parasecoli, Mateusz Halawa, 2021-01-14 What do the fashionable food hot spots of Cape Town Mumbai Copenhagen Rio de Janeiro and Tel Aviv have in common Despite all their differences consumers in each major city are drawn to a similar atmosphere rough wooden tables in postindustrial interiors lit by edison bulbs There they enjoy single origin coffee kombucha and artisanal bread This is Global Brooklyn a new transnational aesthetic regime of urban consumption It may look shabby and improvised but it is all carefully designed It may romance the analog but is made to be Instagrammed It often references the New York borough but is shaped by many networked locations where consumers participate in the global circulation of styles flavors practices and values This book follows this phenomenon across different world cities arguing for a stronger appreciation of design and materialities in understanding food cultures Attentive to local contexts struggles and identities contributors explore the global mobility of aesthetic ethical and entrepreneurial projects and how they materialize in everyday practices on the ground They describe new connections among eating drinking design and communication in order to give a clearer sense of the contemporary transformations of food cultures around the world

Threads of globalization Melia Belli Bose, 2024-02-06 Threads of globalization is an interdisciplinary volume that brings fashion specific garments motifs materials and methods of production into dialogue with gender and identity in various cultures throughout Asia during the long twentieth century It examines how the shift from artisanal production to fast fashion over the past 150 years has devalued women s textile labour and how skilled textile garment makers and the organizations that support them are preserving and reviving heritage traditions It also offers examples of how socially engaged artists in Asia and the diaspora use their work to criticize labour and environmental abuses in the global fashion industry
