If Only We Could

David Zeisberger

If Only We Could:

If Only We Could Speak Janet Mace Wacker, 2012-07 Five babies speak for five Mothers from conception until birth Two Mothers abort their babies and three carry them to full term They tell of their conception developing in the womb and birth They take you into the lives of their mothers and family The two aborted ones relate of how they would beg their Mother for life if they could speak The three who are carried full term speak of the peace and joy both mother and the unborn experience The purpose of this book is to convey to my readers the effects abortion have on our Mothers and to give our unborn a chance to speak as they tell of the race for life and their desire to remain in the life giving womb until birth They speak of the terrible suffering the two Mothers endured after aborting their babies They also tell of the love and caring ways the Mothers who chose life reach out to the ladies who aborted their babies

If Only We Could See Gary Commins, 2015-10-12 This analytical polemical and personal book creates a lively interaction between mysticism and activism Looking beyond superficial links between spirituality and justice it creates an in depth engagement of mysticism as an inner revolution and activism as a mirroring socioeconomic transfiguration Based on the twin premises of the mystical tradition and Social Gospel liberation theology that those who experience God in prayer or engage in social action ought to be our primary theologians it examines what these two traditions say about theology to each other and to us The broad synthesis that results from this fascinating dialogue brings new insights into mysticism activism theology and ethics and casts a unique light on how we pray and live If Only We Could See brings together a wealth of spiritual material from the early Desert medieval mystics and modern spiritual writers alongside an equally rich resource of abolitionists anti apartheid activists civil rights leaders nonviolent change agents and peacemakers The results yield valuable insights for a theology that challenges every personal and political status quo
