Drunken Space Pirates! Phoenix Freebird A., 2009-06-30 Running from a mutinous crew sucked through a wormhole like in a bad sci fi movie and slowly running out of booze and that's just the beginning of this non traditional story that starts off as a simple captain's log book and evolves into something more like a really warped and twisted TV show in text Follow the Captain and crew on a series of seemingly random adventures where it's obvious it's not just the Captain who's been drinking At some point you may ask yourself is all this just coincidence or is there something dark and annoying on the horizon The Captain seems to have a drinking problem the problem being he never has enough to drink and people from his past keep showing up and ruining his buzz Akki a corrupted artificial intelligence who occasionally takes over the Captain's log has his own plans mostly self serving ones because he has nothing better to do The rest of the crew pirates hot chicks robots and a foul beaked little space penguin round out the Drunken Space Pirates and with all the wise cracks and shots aimed at everyone and everything it's clear the alcohol flows rather freely within the D S P Many of the off the wall characters of the D S P are walking guilty pleasures who say what they feel do what they want and just generally give it to life pop culture and the universe in general with both barrels and occasionally fish
