the study of the epic's reception emphasizing topics of temporality, gender, agency, community, target language, politics, and material production. A special section also features detailed dialogues with active translators such as Emily Wilson, Stanley Lombardo, and Susanna Braund, who speak extensively and frankly about their work. This is a key volume for all students and scholars who want to engage with research reflecting the contemporary agenda in classical reception, translation studies, and the study of epic in its global literary and cultural routes.

The Lesbian Lyre Jeffrey M. Duban, 2016-08-23

Hailed by Plato as the Tenth Muse of ancient Greek poetry, Sappho is inarguably antiquity's greatest lyric poet. Born over 2,600 years ago on the Greek island of Lesbos and writing amorously of women and men alike, she is the namesake lesbian. What's left of her writing and what we know of her is fragmentary. Shrouded in mystery, she is nonetheless repeatedly translated and discussed, not appropriated by all. Sappho has most recently undergone a variety of treatments by agenda-driven scholars and so-called poet translators with little or no knowledge of Greek. Classicist translator Jeffrey Duban debunks the postmodernist scholarship by which Sappho is interpreted today and offers translations reflecting the charm and elegant simplicity of the originals. Duban provides a reader-friendly overview of Sappho's times and themes, exploring her eroticism and Greek homosexuality overall. He introduces us to Sappho's highly cultured island home, to its lyre accompanied musical legends, and to the fabled beauty of Lesbian women. Not least, he emphasizes the proximity of Lesbos to Troy, making the translation and enjoyment of Homer's *Iliad* and *Odyssey* a further focus. More than anything else, argues Duban, it is free verse and its rampant legacy, and not two persons more than Walt Whitman and Ezra Pound, that bear responsibility for the ruin of today's classics in translation, to say nothing of poetry in the twentieth century. Beyond matters of reflection for classicists, Duban provides a far-ranging beginner's guide to classical literature, with forays into Spenser and Milton and into the colonial impulse of Virgil, Spenser, and the West at large.

The Publishers' Circular and Booksellers' Record, 1920 *The Nation*, 1919 **Classics of the Western World**

John Bartlet Brebner, 1927 **The Nation and Athenaeum**, 1919 *The First Poets* Michael Schmidt, 2010-04-07

A dazzling literary exploration by acclaimed poet and critic Michael Schmidt. *The First Poets* brings to life for the general reader the great Greek poets who gave our poetic tradition its first bearings and whose works have had an enduring influence on our literature and our imagination. Starting with the legendary and possibly mythical Orpheus and with Homer, Schmidt conjures a host of our literary forebears. From Hipponax, the dirty old man of poetry, to Theocritus, the father of pastoral, from Sappho, who threw herself from a cliff for love, to Hesiod, who claimed a visit from the Muses, the stories in *The First Poets* masterfully merge fact and conjecture into animated and compelling portraits of these ancestors of our culture.

The Epic Trickster in American Literature Gregory E. Rutledge, 2013-04-26 Just as Africa and the West have traditionally fit into binaries of Darkness Enlightenment Savage Modern Ugly Beautiful and Ritual Art among others much of Western cultural production rests upon the archetypal binary of Trickster Epic with trickster aesthetics and commensurate cultural forms characterizing Africa Challenging this binary and the exceptionalism that underlies anti hegemonic efforts even today this book begins with the scholarly foundations that mapped out African trickster continuities in the United States and excavated the aesthetics of traditional African epic performances Rutledge locates trickster like capacities within the epic hero archetype the epic trickster paradigm and constructs an Homeric Diaspora which is to say that the modern Homeric performance foundation lies at an absolute time and distance away from the ancient storytelling performance needed to understand the cautionary aesthetic inseparable from epic potential As traditional epic performances demonstrate unchecked epic trickster dynamism anticipates not only brutal imperialism and creative diversity but the greatest threat to everyone an eco apocalypse Relying upon the preeminent scholarship on African American trickster heroes traditional African heroic performances and cultural studies approaches to Greco Roman epics Rutledge traces the epic trickster aesthetic through three seminal African American novels keenly attuned to the American Homeric Diaspora Charles Chesnutt s *The Marrow of Tradition* Richard Wright s *Native Son* and Toni Morrison s *Beloved*
