Light Sitting In Light A Christians Experience In Zen:

Light Sitting in Light Elaine MacInnes,1996 A user friendly introduction to Zen practice explains how to use Zen meditation as a means of enriching the faith journey and provides practical advice on exercise sitting positions the art of silence and prayers Original *Zen Wisdom for Christians* Christopher Collingwood,2019-05-21 As spiritual paths Zen and Christianity can learn from one another In this book Anglican priest and Zen teacher Christopher Collingwood sets out how Zen can return Christians to their roots with renewed energy and allow others to consider Christianity in a new and more favourable light For the many Christians searching for a greater depth of spirituality Zen offers a way to achieve openness Drawing on Zen experience and the teachings of Jesus as depicted in the gospels *Zen Wisdom for Christians* enables Christians to explore avenues of thought and experience that are fresh and creative Using examples of Zen koans and Zen readings of Christian texts the author provides a radical reorientation of life away from one based on self centredness and the notion of a separate isolated self to a way that is inclusive and at one with all *Zen Wisdom for Christians* proves that the practice of Zen can lead Christians towards deeper spirituality and enhance religious experience through mutual appreciation in a way that is truly eye opening and life changing *The Healing Power of Light* Primrose Cooper,2001-02-01 A well rounded discourse that demonstrates how hard science and metaphysics merge to give us an opportunity to live healthier lives Cooper opens her discussion to a broad range of thought including a discussion of the pioneering work of Rudolf Steiner She delves into the Theosophical system of the Seven Rays outlining each of the rays with its respective color association and meaning for whole health Index *The Role of Religion in Peacebuilding* Pauline Kollontai,Sue Yore,Sebastian Kim,2017-12-14 The question who is my neighbour challenges the way we see ourselves as well as the way we see others Especially in situations where we feel conflicted between our own self identity and common identity within a wider society Historically religion has contributed to this inner conflict by creating us versus them mentalities Challenging this traditional view this volume examines how religions and religious communities can use their resources methodology and praxis to encourage peace making The book is divided into two parts the first includes sources theories and methodologies of crossing boundaries of prejudice and distrust from the perspectives of theology and religious studies The second includes case studies of theory and practice to challenge prejudice and distrust in a conflict or post conflict situation The chapters are written by scholars religious leaders and faith motivated peace practitioners from various global contexts to create a diverse academic study of religious peace building *Zen Contemplation for Christians* Elaine MacInnes,2003-06-23 This is the fascinating story of how and why a Catholic nun became an accomplished Zen Master *Beside Still Waters* Harold Kasimow,Keenan P. John,Linda Klepinger Keenan,2016-05-10 A compelling question for people of faith today is how to remain committed to one s own religious tradition while being open to the beauty and truth of other religions For example some fear that Buddhism is a threat to Western faith traditions and express grave doubts about interreligious and cross

cultural encounters Yet many who have actually broadened their experience profess to have developed a deeper understanding of and a deeper commitment to their tradition of origin This is what makes *Beside Still Waters* Jews Christians and the Way of the Buddha such a new and meaningful contribution Rather than offering research or lectures *Beside Still Waters* takes a deeply personal approach allowing the reader to delve into the individual experiences of fourteen Jews and Christians whose encounters with Buddhism have truly impacted their sense of religious identity As Jack Miles author of *God A Biography* says in the book's foreword The Buddhist presence in the religious world is far larger than a head count of Buddhists can reveal *Beside Still Waters* upholds this point by way of the diverse and eloquent authors who lend their perspective in its pages these include Sylvia Boorstein John B Cobb Norman Fischer Ruben Habito and other important members of the Jewish Christian Buddhist and scholarly communities Their collected anecdotes and interviews amount to an unprecedented and enduring work sure to deepen our ability to understand each other and therefore ourselves **A Dream**

in the World Robin van L ben Sels,2004-03-01 How can science and religion co exist in the modern discipline of psychotherapy *A Dream in the World* explores the interfaces between religious experience and dream analysis At the heart of this book is a selection of dreams presented by the author's patient during analysis which are compared with the dreams of Hadewijch a thirteenth century woman mystic The patient's dreams led the modern woman to an unanticipated breakthrough encounter with the divine her experience of soul The experience reoriented and energized her life and became her dream in the world Following Jung's idea that the psyche has a religious instinct Robin van Loben Sels demonstrates that the healing process possible through psychotherapy can come from beyond the psyche and can not be explained by our usual theories of scientific psychology Written in flowing easily read language *A Dream in the World* details a classical Jungian analysis of a woman's dreams and searches the relationship between religious encounter psyche and soul Encyclopedia of

Monasticism William M. Johnston,2013-12-04 The two volume *Encyclopedia of Monasticism* describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e g art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled *Christian Perspectives* and *Buddhist Perspectives* explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism *Encyclopedia of Monasticism* also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture **Christian Approaches to Other**

may be read as a stand alone text *The Middle Way* ,1996 Christian - Zen Dialogue Jijimon Alakkalam Joseph SVD,2021-09-07 This book is an attempt to contribute to interfaith dialogue initiatives spearheaded by the Catholic Church with Zen one of the major and fast growing spiritual traditions in East Asia In recent years the Catholic Church has emphasized the importance of interfaith dialogue in its missionary activities and has encouraged all to take part actively The number of conferences organized discussions held and articles written on interfaith dialogue has escalated However interfaith dialogue remains mostly in the realm of specialists The majority of ordinary believers laity have not yet become part of interfaith dialogue activities Many are unaware of such activities because often they don t take place where ordinary people spend their daily lives Others shy away because interfaith dialogue activities are too specialized But Joseph s experience growing up in a multireligious context in India taught him that the participation of ordinary believers is necessary if interfaith dialogue is to achieve its intended results Christian Zen Dialogue focuses on narratives of faith in Christianity and Zen Can these sacred stories gospel stories of Jesus and Chan Zen stories K_ans be a starting point for dialogue between the two faiths The book focuses on two aspects First what model of interfaith dialogue can help Catholics and Zen followers of all walks of life engage in faith dialogue while remaining in their own life situations Second how can they make use of the common elements found in their narratives of faith as the most appropriate starting point for dialogue between them To achieve the intended results Joseph applies the hermeneutic phenomenological approach of Paul Ricoeur *Recognizing Spiritual Needs in People who are Dying* Rachel Stanworth,2004 Listening carefully to patients at the end of life is at the heart of good palliative care and this book provides a means of recognizing and talking about spiritual needs even when religious language is not used The author refers to this as a language of spirit The book is based on interviews with patients who are dying and the language that they use to describe their experiences It deals with death dying the experiences of patients and the relief of spiritual pain by looking closely at patient stories drawings and behaviour The book explains why it is often easier to recognize than to explain spiritual issues Part One explores the psychological spiritual and theological interpretations of human experience A detailed account is given of how the patients own stories were collected Drawing on a broad literature which is grounded in patients words and deeds Part Two introduces a non religious language of spirit Illuminated by patient art Part Three shows what patients use this language to say about their situation and how it is mediated through various metaphors Part Four suggests ways of responding positively to patients spiritual needs Aimed primarily at palliative care specialists and specialist nurses this book will also appeal to health care chaplains pastoral support workers theologians social researchers and psychotherapists The numerous illustrations given by patients comments as they tell their story make this book a truly fascinating journey through an important area of end of life care Dame Cicely Saunders OM DBE FRCP Founder President St Christopher s Hospice London The emphasis on allowing patients to speak for themselves is striking the author has presented the topic in a sensitive and refreshing way I think this book will be well

received and it will be an important contribution to the literature of palliative care Dr Odette Spruyt Head of Pain and Palliative Care Department Peter MacCallum Cancer Institute East Melbourne Australia Christian Zen William Johnston,1997 When Christian Zen was first published in the early 1970 s it was reviewed enthusiastically in many parts of the world A subsequent edition added new material from the author s experience This latest edition from Fordham University Press includes a new Preface by the author and a letter to the author from the Christian mystic Thomas Merton written shortly before Merton s untimely death William Johnston presents a study of Zen meditation in the light of Christian mysticism ￼￼￼￼,2000 **The challenges of consciousness research in light of the variations of conscious experience** Christopher Gutland,Kelin Li,Marcela Venebra,Sucharit Katyal,Alexander Nicolai Wendt,2024-02-29
