Lighthouses And Life Saving:

Lighthouses and Life Saving Along the Connecticut and Rhode Island Coast James Claflin, 2001-06-06 Lighthouses and Life Saving along the Connecticut and Rhode Island Coast is the third in a series of titles offering a unique tribute to the men and women who protected the mariners as they traveled along New England's rocky coastline. Thousands of vessels faced the dangers of the rugged sea which caused hundreds of shipwrecks off the coast with devastating losses. Author James Claflin combines a thoroughly descriptive text with this diverse collection of over two hundred vintage images from private as well as museum collections to create an illustrated history of an area strongly reliant on its coastal trade. The U S Light House Establishment and the U S Life Saving Service which later merged to become the U S Coast Guard assumed the responsibility of lighting and protecting the coasts. Inside you will see the lighthouse keeper at Bullock's Point Light as he surveys the damage from the Hurricane of 1938, witness the life savers at Block Island's Sandy Point Station where first word of the wreck of the steamer Larchmont was received and experience life on an offshore lightship. The book guides you through the days of the life savers, the work they performed, their rescues and the evolution of their architecture through the years.

Lighthouses and Life Saving Along the Maine and New Hampshire Coast James Claflin, James W. Claflin, 1999 Lighthouses and Life Saving along the Maine and New Hampshire Coast is a unique tribute to the men and women who protected mariners as they traveled along New England's rocky coastline. With thousands of vessels plying the dangerous waters, the chance of a shipping disaster was always great. Hundreds of shipwrecks did indeed occur off the coast with startling losses. Through descriptive text and a variety of vintage images from private as well as museum collections, we get a rare glimpse into the lives of the dedicated government men and women. Author James Claflin combines an extensively researched text with this exquisite collection of previously unpublished images to tell the story of an area heavily dependent on its coastal commerce. The task of lighting and protecting the coasts was taken on by the U S Light House Establishment and the U S Life Saving Service, later merged to become the U S Coast Guard. Within these pages, see the Boon Island Lighthouse keeper with his family alongside as he proudly poses in his uniform, life savers at Hunniwells Beach station as they pull through a blinding snowstorm to rescue the crew of a stranded schooner, and the way of life on an offshore lightship. Lighthouses and Life Saving along the Maine and New Hampshire Coast is a visual journey into our nation's maritime history.

Lighthouses and Life-Saving on the Oregon Coast David Pinyerd, 2007 An addition to the Images of America series commemorates the true heroes who served to warn, protect and rescue those who went to sea off the Oregon coast, beginning with the first Oregon lighthouse built at the Umpqua River in 1857 to the establishment of the Life Saving Service and today's Coast Guard. Original.

Lighthouses and Life Saving along the Massachusetts Coast James Claflin, 1998-11-02 Author James Claflin combines an extensively researched text with this exquisite collection of many previously unpublished images to tell the story of a state dependent upon its coastal commerce. Lighthouses and Life Saving along the Massachusetts Coast
