Lightning Bugs:

Fireflies, Glow-worms, and Lightning Bugs Lynn Frierson Faust, 2017-03-01 This is the first comprehensive firefly guide for eastern and central North America ever published. It is written for all those who want to know more about the amazing world of lightning bugs and learn the secrets hidden in the flash patterns of the 75 species found in the eastern and central U.S. and Canada. As an independent researcher working with numerous university teams, naturalist Lynn Frierson Faust, The Lightning Bug Lady, has spent decades tracking the behavior and researching the habitats of these fascinating creatures. Based on her twenty-five years of field work, this book is intended to increase understanding and appreciation of bioluminescent insects while igniting enthusiasm in a fun and informative way. Species accounts are coupled with historical background and literary epigraphs to engage and draw readers young and old into the world of these tiny sparklers. A chart documenting the flash patterns of the various species will aid in identification. Clear photos illustrate the insects distinguishing physical characteristics while habitats, seasonality, and common names are provided in clear, easy-to-understand yet scientifically accurate language. The guide will be welcomed by everyone who wants to learn more about fireflies and glow worms, unique traits, and about their fragile niche in the ecosystem.

FEATURES: Over 600 color photographs, Detailed accounts and anatomical diagrams of 75 species, as well as aids in distinguishing between similar species, A first of its kind flash pattern chart that folds out on heavy weight paper, Extensive scientific details written in an understandable and engaging way, Colorful common names: Twilight Bush Baby, Shadow Ghosts, and Snappy Syncs, and more for easy species identification based on flash patterns, Tips on ideal sites and times of year for firefly watching, Conservation oriented approach.

Lightning Bugs and Sunday School Nancy Barry, 2011-11 As comfortable as telling stories around the kitchen table on the front porch or in front of a campfire, *Lightning Bugs and Sunday School* presents a collection of narratives, points to ponder, and poetry that illustrates how God works in the lives of the faithful. Compiled by author Nancy Barry, the stories include appearances by angels and good Samaritans, prayers that have been answered, and the witnessing of unexplainable miracles. In *Great Balls of Fire*, Shirley Jones tells how listening to a message from God saved her house from ruin during a storm. In *A Smooth and Quiet Ride*, Daniel Street describes being rescued by an angel on a bitter night when his vehicle broke down. Sometimes You Have to Ask relates how a prayer for a boy's new eyeglasses was answered by a thoughtful neighbor. With recipes and household hints included, *Lightning Bugs and Sunday School* offers a plethora of faith-based stories and recollections that provide inspiration and guidance.
