Miethe, 2016-04-19 Dr Norman L Geisler has been called the father of evangelical Christian philosophy. He has written more than one hundred books and taught at universities and top seminaries for some fifty-six years. He was the first president of the Evangelical Philosophical Society and the founder and first president of the International Society of Christian Apologetics. He has spoken or debated in more than two dozen countries and held pastoral/pulpit ministries in four states. Many view him as a cross between Thomas Aquinas and Billy Graham. No one has done more to communicate the modern challenges of the Faith to the average Christian, to the church, and to the academy. This volume offers creative and constructive essays from twenty-three contributors, all notable in their own right, who preserve and propagate Dr Geisler's ideas and express appreciation for his influence. Those who know him best say he is true, faithful, and blessed by God. **Engineering**, 1896

**Ground Anchorages and Anchored Structures** Institution of Civil Engineers (Great Britain), 1997-04-10 This volume presents the proceedings of the first major international conference for over twenty years on the state of the art of ground anchorage technology. Their metallogeny has been a topic of both academic and economic interest for more than five decades. This volume presents in a systematic manner the essential features of all economically significant types of metallic mineral deposits in this region and considers their metallogeny in the perspective of crustal evolution of the northwestern Indian shield. Current concepts, problems, and the probable trends of future research are highlighted. Leading geoscientists with first-hand knowledge of this Precambrian terrain have contributed to this volume. The book will be of interest to exploration geologists, researchers, and postgraduate students concerned with Precambrian geology and metallogeny. *O.H.
