Vietnam George Donelson Moss, 2016-07-01 This book provides a comprehensive narrative history of U S involvement in Southeast Asia from 1942 to 1975 with a concluding section that traces U S Vietnam relations from the end of the war in 1975 to the present Unlike most general histories of U S involvement in Vietnam which are either conventional diplomatic or military histories this volume synthesizes the perspectives to explore both dimensions of the struggle in greater depth elucidating more of the complexities of the U S Vietnam entanglement It explains why Americans tried so hard for so long to stop the spread of Communism into Indochina and why they failed Key topics The Fall of Saigon The End as Prelude Vietnam A Place and A People The Elephant and the Tiger An Experiment in Nation Building Raising the Stakes Going to War The Chain of Thunders The Year of the Monkey A War to End a War The End of the Tunnel Market For anyone curious to know about the long American involvement in Southeast Asia 1942 1975 **The Dragon in the Jungle** Xiaobing Li, 2020-01-02

Western historians have long speculated about Chinese military intervention in the Vietnam War It was not until recently however that newly available international archival materials as well as documents from China have indicated the true extent and level of Chinese participation in the conflict of Vietnam For the first time in the English language this book offers an overview of the operations and combat experience of more than 430 000 Chinese troops in Indochina from 1968 73 The Chinese Communist story from the other side of the hill explores one of the missing pieces to the historiography of the Vietnam War The book covers the chronological development and Chinese decision making by examining Beijing s intentions security concerns and major reasons for entering Vietnam to fight against the U S armed forces It explains why China launched a nationwide movement in Mao Zedong s words to assist Vietnam and resist America in 1965 72 It details PLA foreign war preparation training battle planning and execution tactical decisions combat problem solving political indoctrination and performance evaluations through the Vietnam War International Communist forces technology and logistics proved to be the decisive edge that enabled North Vietnam to survive the U S Rolling Thunder bombing campaign and helped the Viet Cong defeat South Vietnam Chinese and Russian support prolonged the war making it impossible for the United States to win With Russian technology and massive Chinese intervention the NVA and NLF could function on both conventional and unconventional levels which the American military was not fully prepared to face Nevertheless the Vietnam War seriously tested the limits of the communist alliance Rather than improving Sino Soviet relations aid to North Vietnam created a new competition as each communist power attempted to control Southeast Asian communist movement China shifted its defense and national security concerns from the U S to the Soviet Union **The Lodging House** Khairy Shalaby, 2008-11-01 A young man s dreams for a better future as a student in the Teachers Institute are shattered after he assaults one of his instructors for discriminating against him From then on he begins his descent into the underworld Penniless he seeks refuge in Wikalat Atiya a historic but now completely run down caravanserai that has become the home of

the town's marginal and underprivileged characters This award winning novel takes on epic dimensions as the narrator escorts us on a journey to this underworld portraying as he sinks further into its intricate relationships the many characters that inhabit it Through a labyrinth of tales reminiscent of the popular Arab tradition of storytelling we are introduced to these denizens whose lives oscillate between the real and the fantastic the contemporary and the timeless And while the narrator starts out as a spectator of these characters lives he soon becomes an integral part of the lodging house's community of rogues

Ronin Edward W. Robertson, 2016-05-30 The Hive has survived their first fleet action against FinnTech But in the process they've lost the Hive itself With their manufacturing base in Finn's hands it's only a matter of time before they're outnumbered and destroyed As Rada searches for a path to victory she stumbles on a horrifying secret the aliens who've kept humanity confined to the Solar System are about to make their move To stand against the coming threat the Hive will have to bring FinnTech to the peace table If they fail to stop the fighting no matter who wins the battle for the Solar System they'll lose the war for survival

The Limits of Air Power Mark Clodfelter, 2006-01-01 Tracing the use of air power in World War II and the Korean War Mark Clodfelter explains how U.S. Air Force doctrine evolved through the American experience in these conventional wars only to be thwarted in the context of a limited guerrilla struggle in Vietnam Although a faith in bombing's sheer destructive power led air commanders to believe that extensive air assaults could win the war at any time the Vietnam experience instead showed how even intense aerial attacks may not achieve military or political objectives in a limited war Based on findings from previously classified documents in presidential libraries and air force archives as well as on interviews with civilian and military decision makers *The Limits of Air Power* argues that reliance on air campaigns as a primary instrument of warfare could not have produced lasting victory in Vietnam This Bison Books edition includes a new chapter that provides a framework for evaluating air power effectiveness in future conflicts
