Limuria The Lesser Dependencies Of Mauritius:

Limuria Sir Robert Scott,1961 *Limuria* Sir Robert Scott,1961 *Limuria. The Lesser Dependencies of Mauritius.*
[With Plates, Maps and a Bibliography.]. Robert Scott (of the Uganda Protectorate Civil Service.),1961 *Colonialism in Africa 1870-1960: Volume 5, A Bibliographic Guide to Colonialism in Sub-Saharan Africa* L. H. Gann,Peter Duignan,1969 A comprehensive study of recent African history examining the political social and economic effects of colonialism *The Lost Land of Lemuria* Sumathi Ramaswamy,2004-09-27 During the nineteenth century Lemuria was imagined as a land that once bridged India and Africa but disappeared into the ocean millennia ago much like Atlantis A sustained meditation on a lost place from a lost time this elegantly written book is the first to explore Lemuria s incarnations across cultures from Victorian era science to Euro American occultism to colonial and postcolonial India The Lost Land of Lemuria widens into a provocative exploration of the poetics and politics of loss to consider how this sentiment manifests itself in a fascination with vanished homelands hidden civilizations and forgotten peoples More than a consideration of nostalgia it shows how ideas once entertained but later discarded in the metropole can travel to the periphery and can be appropriated by those seeking to construct a meaningful world within the disenchantment of modernity Sumathi Ramaswamy ultimately reveals how loss itself has become a condition of modernity compelling us to rethink the politics of imagination and creativity in our day

Fisheries Development and the Food Needs of Mauritius Erik C. Paul,1987-06-01 *The Mauritian Paradox* Ramola Ramtohul,Hylland Eriksen,2018-04-11 Speaking of Mauritius as an economic miracle has become a cliché and with good reason Its development since Independence in 1968 can easily be narrated as a rags to riches story In addition it is a stable democracy capable of containing the conflict potential inherent in its complex ethnic and religious demography This book brings together some of the finest scholarship domestic as well as foreign on contemporary Mauritius offering perspectives from constitutional law cultural studies sociology archaeology economics social anthropology and more While celebrating the indisputable and impressive achievements of the Mauritian nation on its fiftieth birthday this book is far from toothless Looking back inevitably implies looking ahead and in order to do so critical self scrutiny is essential to be able to learn from the mistakes of the past The contributors raise fundamental questions concerning a broad range of issues from the dilemmas of multiculturalism to the marginal role of women in public life from the question of constitutional reform and the continued problem of corruption to the slow destruction of Mauritius joy and pride namely the beauty and purity of its natural scenery Taking stock of the first fifty years this book also looks ahead to the next fifty years giving some cues as to where Mauritius can and should aim in the next decades *Island of Shame* David Vine,2011-01-03 The American military base on the island of Diego Garcia is one of the most strategically important and secretive U S military installations outside the United States Located near the remote center of the Indian Ocean and accessible only by military transport the little known base has been instrumental in American military operations from the Cold War to the war on terror and may house a top secret CIA prison

where terror suspects are interrogated and tortured But Diego Garcia harbors another dirty secret one that has been kept from most of the world until now Island of Shame is the first major book to reveal the shocking truth of how the United States conspired with Britain to forcibly expel Diego Garcia's indigenous people the Chagossians and deport them to slums in Mauritius and the Seychelles where most live in dire poverty to this day Drawing on interviews with Washington insiders military strategists and exiled islanders as well as hundreds of declassified documents David Vine exposes the secret history of Diego Garcia He chronicles the Chagossians dramatic unfolding story as they struggle to survive in exile and fight to return to their homeland Tracing U S foreign policy from the Cold War to the war on terror Vine shows how the United States has forged a new and pervasive kind of empire that is quietly dominating the planet with hundreds of overseas military bases Island of Shame is an unforgettable exposé of the human costs of empire and a must read for anyone concerned about U S foreign policy and its consequences The author will donate all royalties from the sale of this book to the Chagossians Some images inside the book are unavailable due to digital copyright restrictions *Eviction from the Chagos Islands* Sandra Evers, Marry Kooy, 2011-05-23 This book represents the first joint effort to document the historical background of the eviction late 1960s early 1970s of the Chagossians from the Chagos archipelago when the main island became an US military base It documents their eviction resettlement livelihoods legal struggles and future aspirations **Mauritius, post report**, 1986

Social Organization Raymond Firth, Maurice Freedman, 1967 Collection of essays written in honour of Professor Raymond Firth by thirteen of his former students includes Reflections on Durkheim and Aboriginal Religion by W E H Stanner which is annotated separately and held as a pamphlet **The United States of War** David Vine, 2021-09-07 2020 L A Times Book Prize Finalist History A provocative examination of how the U S military has shaped our entire world from today's costly endless wars to the prominence of violence in everyday American life The United States has been fighting wars constantly since invading Afghanistan in 2001 This nonstop warfare is far less exceptional than it might seem the United States has been at war or has invaded other countries almost every year since independence In *The United States of War* David Vine traces this pattern of bloody conflict from Columbus's 1494 arrival in Guantanamo Bay through the 250 year expansion of a global U S empire Drawing on historical and firsthand anthropological research in fourteen countries and territories *The United States of War* demonstrates how U S leaders across generations have locked the United States in a self-perpetuating system of permanent war by constructing the world's largest ever collection of foreign military bases a global matrix that has made offensive interventionist wars more likely Beyond exposing the profit making desires political interests racism and toxic masculinity underlying the country's relationship to war and empire *The United States of War* shows how the long history of U S military expansion shapes our daily lives from today's multi-trillion dollar wars to the pervasiveness of violence and militarism in everyday U S life The book concludes by confronting the catastrophic toll of American wars which have left millions dead wounded and displaced while offering proposals for how we can end the fighting **Accessions List** United

States. Department of State. Library Division,1961 *Historical Geography of Crop Plants* Jonathan D. Sauer,2017-11-22
Historical Geography of Crop Plants is devoted to a variety of staple and food crops as well as fodder fiber timber rubber and other crops The origins and histories of many of these crops have been clarified only recently by new research The book has been arranged alphabetically by family and higher taxa for easy reference Within families species and cultivars are listed chronologically and geographically The taxonomy and geography of probable wild progenitors have been outlined and archeological evidence when available and historical evidence on region and domestication are traced The subsequent evolution and spread of many domesticated species are examined and the reasons behind the diversity in crop histories are explored *Historical Geography of Crop Plants* will be a useful reference for botanists economic botanists ethnobiologists agronomists geographers and others interested in the subject *Geopolitical Orientations, Regionalism and Security in the Indian Ocean* Dennis Rumley, Sanjay Chaturvedi,2015-07-24 First published in 2004 this book is the inaugural volume of the Indian Ocean Research Group IORG and is based on a selection of papers presented at the IORG launch in Chandigarh in November 2002 The volume emphasizes the complexity and historical and contemporary geopolitical significance of the Indian Ocean Region IOR It also propagates the necessity for increased intra regional cooperation especially in terms of economic and environmental security maritime boundaries sea lane security and ocean management in the spirit of open regionalism in order to ensure a more secure IOR In addition the volume initiates an agenda for future social science policy orientated research The book should be of particular interest to policy makers business people and academics as well as citizens of the IOR **The Chagos Islanders and International Law** Stephen Allen,2014-10-16 In 1965 the UK excised the Chagos Islands from the colony of Mauritius to create the British Indian Ocean Territory BIOT in connection with the founding of a US military facility on the island of Diego Garcia Consequently the inhabitants of the Chagos Islands were secretly exiled to Mauritius where they became chronically impoverished This book considers the resonance of international law for the Chagos Islanders It advances the argument that BIOT constitutes a Non Self Governing Territory pursuant to the provisions of Chapter XI of the UN Charter and for the wider purposes of international law In addition the book explores the extent to which the right of self determination indigenous land rights and a range of obligations contained in applicable human rights treaties could support the Chagossian right to return to BIOT However the rights of the Chagos Islanders are premised on the assumption that the UK possesses a valid sovereignty claim over BIOT The evidence suggests that this claim is questionable and it is disputed by Mauritius Consequently the Mauritian claim threatens to compromise the entitlements of the Chagos Islanders in respect of BIOT as a matter of international law This book illustrates the ongoing problems arising from international law s endorsement of the territorial integrity of colonial units for the purpose of decolonisation at the expense of the countervailing claims of colonial self determination by non European peoples that inhabited the same colonial unit The book uses the competing claims to the Chagos Islands to demonstrate the need for a more nuanced approach to the

resolution of sovereignty disputes resulting from the legacy of European colonialism

Social Organization and Peasant Societies Maurice Freedman, 2017-07-05 The essays included in *Social Organization and Peasant Societies* were written in honor of the man who taught their authors Each entry is about different problems within the general field of social organization They were composed in many styles and deal ethnographically with a heterogeneous collection of peoples and countries Together they illustrate an important aspect of Firth's influence as a teacher the range of his interests and his success in promoting social anthropological research on the broadest front The breadth and the variety in the work of his students reflect Firth's own catholicity From economics he reached into every corner of the field covered by social anthropology and many of his interests can be traced in these essays on themes in kinship and marriage by Baric Benedict Kaberry and Leach and on religious subjects by Freedman Morris and Stanner Still more detail the study of modern social change by Little and Mayer There is even one on art by Forge Three are devoted to subjects in economic anthropology by Belshaw Swift and Ward On all of these varied and complex topics Raymond Firth has written extensively and taught untiringly Many of the contributors to his festschrift are themselves leading anthropologists Raymond Firth's importance in the history of social anthropology is undisputed He came into the profession when it was small and unformed when it existed only in the tiny groups of people around Malinowski and Radcliffe Brown He urged it on by intellectual leadership by careful organization and by devoted service He was one of a small band of scholars he created a large school He inherited an esoteric seminar from Malinowski he turned it into a great class where over the years hundreds of students marveled at his skill and learned their craft as analysts and field workers His protege listened to his formulation of problems his critique of methods and his courteous but un

Ethnographies of U.S. Empire Carole McGranahan, John F. Collins, 2018-08-02 How do we live in and with empire The contributors to *Ethnographies of U S Empire* pursue this question by examining empire as an unequally shared present Here empire stands as an entrenched if often invisible part of everyday life central to making and remaking a world in which it is too often presented as an aberration rather than as a structuring condition This volume presents scholarship from across U S imperial formations settler colonialism overseas territories communities impacted by U S military action or political intervention Cold War alliances and fissures and most recently new forms of U S empire after 9 11 From the Mohawk Nation Korea and the Philippines to Iraq and the hills of New Jersey the contributors show how a methodological and theoretical commitment to ethnography sharpens all of our understandings of the novel and timeworn ways people live thrive and resist in the imperial present Contributors Kevin K Birth Joe Bryan John F Collins Jean Dennison Erin Fitz Henry Adriana Mar a Garriga L pez Ol via Maria Gomes da Cunha Matthew Gutmann Ju Hui Judy Han J K haulani Kauanui Eleana Kim Heonik Kwon Soo Ah Kwon Darryl Li Catherine Lutz Sunaina Maira Carole McGranahan Sean T Mitchell Jan M Padios Melissa Rosario Audra Simpson Ann Laura Stoler Lisa Uperesa David Vine

Chagos Islanders in Mauritius and the UK Laura Jeffery, 2013-07-19 The Chagos islanders were forcibly uprooted from the Chagos Archipelago

in the Indian Ocean between 1965 and 1973 This is the first book to compare the experiences of displaced Chagos islanders in Mauritius with the experiences of those Chagossians who have moved to the UK since 2002 It thus provides a unique ethnographic comparative study of forced displacement and onward migration within the living memory of one community Based on in depth ethnographic fieldwork in Mauritius and Crawley West Sussex the six chapters explore Chagossians challenging lives in Mauritius the mobilisation of the community reformulations of the homeland the politics of culture in exile onward migration to Crawley and attempts to make a home in successive locations Jeffery illuminates how displaced people romanticise their homeland through an exploration of changing representations of the Chagos Archipelago in song lyrics Offering further ethnographic insights into the politics of culture she shows how Chagossians in exile engage with contrasting conceptions of culture ranging from expectations of continuity and authenticity to enactments of change loss and revival The book will appeal particularly to social scientists specialising in the fields of migration studies the anthropology of displacement political and legal anthropology African studies Indian Ocean studies and the anthropology of Britain as well as to readers interested in the Chagossian case study *The Statesman's Year-Book 1965-66* S.
