History Of Small Life On A Windy Planet:

Releasing the Creative Spirit Dan Wakefield, 2012-08-31 Come awake to a more creative life by realizing clarity of mind body and spirit Creativity is basic to the very fiber of our being and not as many suspect solely the privilege of a gifted few When we silence the voice of creativity that lives within us we confine our spirit Award winning author Dan Wakefield helps us to examine our reasons for not creating debunking the myths and shows us the path to a fulfilling creative life Drawing on examples from religion philosophy and literature Wakefield teaches us that the key to unleashing our own inner creativity is in clarity of mind body and spirit Releasing the Creative Spirit gives us practical guidance to demystify the creative process and to help each of us achieve this clarity by Breaking the Myths Explode the myths that creativity is only for the artistic elite that creators must suffer and that science and business can not be creative pursuits Emptying Learn ways to recognize and move beyond the tired routines in your life that deaden the senses and soul Filling Up Experience new sensations through simple practices that revive natural perceptions and unlock hidden creative resources Creating Try hands on practical exercises to explore the mystery of creativity in your life from a spiritual perspective This passionate personal guide draws on examples from the experiences of many creative people Elaine Pagels professor Tom Wolfe novelist John Coltrane jazz musician Harold Kushner rabbi Danielle Levi Alvares yoga teacher Stephen Hawking physicist and Phil Jackson basketball coach just to name a few who each demonstrate one or more of the characteristics of someone who creates from the spirit Creative People Develop clarity as the source of creativity Take responsibility for their lives and work Regard age as an opportunity See obstacles as an invitation to create new solutions techniques and skills Recognize the body mind spirit connection Find surprising new ways to perform routine tasks and much more This fresh exploration of the creative spirit includes hands on exercises to help you unlock your creative powers inviting you to experience the artistic grace and pleasure that can exist in our everyday lives You may discover as many others have that with creativity comes more joy more laughter and more accomplishment than you previously thought possible After I Was Dead Laura Mullen, 2008-08-01 This powerful collection of poems from Laura Mullen is the edgy unashamedly experimental and formally inventive book of a poet who has found her way to her own voice or style or rather voices and styles for there are several The poems of After I Was Dead develop harmonically rather than melodically they leap from one register one voice one tone to another in deft juxtapositions that carry narrative only incidentally destabilizing traditional notions of development These poems are honed by a fine intelligence into elegant sometimes funny art as in Autumn Her hair brown Her specialty damage Her specialty becoming Something else Her hair falling Leaves leaf rot and then soil Through her rediscovery of the freedom Emily Dickinson located in being dead in writing from over the border of an already recognized erasure Mullen increases the territory of the contemporary poem **Mere Mortals** Terese Svoboda, 2009-09-01 All of the medical technological and psychological advances of the twentieth century challenge mere mortals in Terese Svoboda's third book of poetry In Faust a

mini epic in five acts the eponymous character of literary legend appears in the form of a woman who redefines what being mortal means in light of the politics of the Third World and gender In contrast Ptolemy's Rules for High School Reunions explores what happens when you do without a pact with the devil The gods Greek and otherwise also make appearances as a TV announcer in Philomela in the basement with the plumber in The Smell of Burning Pennies and in the dyslexic confusion between Dog God But it is not only the divine that charges the poems in Mere Mortals sex also suffuses and reinvents key relationships Readers of such wittily probing poems as The Root of Father is Fat and Brassiere Prison or Showcase will know why Philip Levine has described Svoboda as one light year from being the polite lovely workshop poet Mere Mortals poems first appeared in such magazines as the New Yorker New York Times Magazine Paris Review and the American Poetry Review

Creating from the Spirit Dan Wakefield, 2010 A journalist novelist debunks many of the myths associated with the creative process and shows how to access our natural perceptions and hidden resources to attain clarity of mind body and spirit Includes interviews and examples of creators from the spirit Provided by publisher

The Book of Motion Tung-Hui Hu, 2003 This debut collection explores memory cities motion Tung Hui Hu's tone has some of the swampy wit that recalls Calvino or Michaux A man swaps bodies with his lover a mapmaker holds captive a city which needs his crystal telescope to navigate through streets unreadable as palm lines a car pushed off a cliff in a fit of anger becomes home for a school of fish Anchored by the sequence Elegies for self Hu's poetry brings a quiet sophistication to syntax diction and form

The Blaze of the Pou Mark McMorris, 2003 The author mingles personal and political observations with history in this memoir of his travels through lands of conquest in the Americas Winner of the Contemporary Poetry Series competition Poetry

By Reason of Breakings Andrew Zawacki, 2002 By Reason of Breakings Andrew Zawacki's first book of poetry overwhelms and silences by virtue of its extremely austere beauty In highly wrought lyrics prose poems fragments of apocrypha and splintered efforts at song this volume is forceful and haunted by doubt Each intimate and restrained line is a glimpse at a wisdom that defies paraphrase each image carefully chosen and constructed Zawacki's language summons and invites and is almost menacing in its delicate intensity Weight is the syntax of filling empty spaces scalpels and expired tissue fall but fire rises to fever and sere While pursuing an explanation for the disappearance of God and for the denouement of a love affair and exploring the failure of language to compensate or console these poems maintain their sublime power and elegance

Knot Stacy Doris, 2006 What follows occurs in a moment a flash It would detail a single tangibility if that did not entail all sensation Stacy Doris charts the invisible investigates the unborn and describes everything not yet imagined The tightly constructed verses of Knot weave imagery of decay and birth science and culture the warp and weft of cloth digestion wave particles and a talking cat Linguistic play abounds and Doris presents us with a human double bind to cling to the stability of the tangle or to participate in the circuits of entanglement From Under Fire i VII Each moment fifteen pounds of air pin us by gravity Then anyone Needs sixteen pounds of lightness to ever budge Such compliance Demands levitation must generate
