Canada. Library of Parliament,1879 The Church Quarterly Review Arthur Cayley Headlam,1904 **The London Quarterly Review** William Lonsdale Watkinson,William Theophilus Davison,1904 **Museum of Foreign Literature and Science** Robert Walsh,Eliakim Littell,John Jay Smith,1828 **The Educational Times, and Journal of the College of Preceptors** ,1892 **Castles of the Morea (revised edition)** Kevin Andrews,2006-06-01 First published in 1953 this book presents a description of 16 of the larger medieval fortresses in the Peloponnese occupied by the Venetians between 1685 and 1715 It is also a beautifully written celebration of some of Greece s most striking but also least studied architectural monuments inspired by a unique collection of 17th century fortification

plans the Grimani codex preserved in the Gennadius Library of the American School of Classical Studies at Athens The author first saw the plans in 1948 and devoted the next four years of his life to a historical and archaeological investigation of the castles they depicted At a time when most of the students at the American School were studying the classics his interest in later Greek history was pioneering He not only searched out hundreds of obscure documentary sources but also made a point of visiting and personally describing and photographing every castle This was not an easy thing to do at the tail end of the Greek Civil War The final publication was an instant classic marked out by its evocative prose and Andrews s obvious fascination with the subject The book has been long out of print This new edition presents Andrews s original text with a new introduction which sets the work in context and discusses some of the developments in Greek castle studies since the 1950s The Grimani maps originally printed only in black and white are now presented in their original colors *The Athenaeum*
