Protestant Nonconformist Texts Volume 3

David W. Bebbington, Kenneth Dix, Alan Ruston, 2015-02-04 This volume gathers and introduces texts relating to English and Welsh Nonconformity Through contemporary writings it provides a vivid insight into the life and thought of the Methodists Congregationalists Baptists Quakers Unitarians and other groups that formed pieces in the diverse mosaic of the nineteenth century chapels Each aspect of Nonconformity has an introductory discussion which includes a guide to the secondary literature on the subject and each passage from a primary source is put in context *The Salvation Army* Stephen Huggins, 2022-09-15 In 2015 the Salvation Army celebrated the 150th anniversary of its birth in the poverty and squalor of London's East End Today the Army is to be found in towns and cities throughout Britain its members readily recognized through their military uniform and their reputation for good works widely acknowledged Many people however are unaware of the origins and subsequent development of the organisation At times Salvationists were imprisoned beaten up in street riots and ridiculed in the press for their religious beliefs Despite this persecution the Army put in place a program of help for the poor and marginalised of such ambition that it radically altered social thinking about poverty There have been very few attempts at writing a wider and accessible account which locates the Army in its historical context This is something of an omission given that it has made a unique contribution to the changing social cultural and religious landscape of Britain The Salvation Army 150 years of Blood and Fire aims to provide a history of the organisation for the general reader and is for anyone who is interested in the interplay of people ideas and events The book reveals how the story of the Salvation Army raises fundamental questions about issues of power class gender and race in modern society all as pertinent today as they were in Victorian Britain The Salvation Army 150 years of Blood and Fire also makes an extensive use of pictures illustrative of the Army's history gathered from around the world most of which have never previously been published *Brass Bands of the British Isles 1800-2018 - a historical directory* Gavin Holman, Of the many brass bands that have flourished in Britain and Ireland over the last 200 years very few have documented records covering their history This directory is an attempt to collect together information about such bands and make it available to all Over 19 600 bands are recorded here with some 10 600 additional cross references for alternative or previous names This volume supersedes the earlier British Brass Bands a Historical Directory 2016 and includes some 1 400 bands from the island of Ireland A separate work is in preparation covering brass bands beyond the British Isles A separate appendix lists the brass bands in each county *The Brass Band Bibliography* Gavin Holman, 2019-08-05 9th edition 2019 A comprehensive list of books articles theses and other material covering the brass band movement its history instruments and musicology together with other related topics originally issued in book form in January 2009 **The Forward Movement** Roger Standing, 2015-04-01 A historical account of how leading evangelicals in the late nineteenth century fused a passion for evangelism with social service cultural engagement and

political activism *The Musical Salvationist* Gordon Cox, 2011 The Musical Salvationist frames the Salvation Army's contribution to British musical life through the life story of composer arranger and musical editor Richard Slater 1854-1939 popularly known as the Father of Salvation Army Music drawing on his detailed hand written diaries The Musical Salvationist frames the musical history of the Salvation Army through the life story of Richard Slater popularly known as the Father of Salvation Army Music This book focuses upon the significant contribution of the Salvation Army to British musical life from the late Victorian era until the outbreak of the Second World War in 1939 It demonstrates links between the Army's music making and working class popular culture education and religion Richard Slater 1854-1939 worked in the Army's Musical Department from 1883 until his retirement in 1913 His detailed hand written diaries reveal new information about his background before he became a Salvationist at the age of 28 He then worked as the principal Salvationist composer arranger and musical editor of the period and had contact with William Booth the Army's Founder who rejoiced in robbing the devil of his choicetunes George Bernard Shaw who wrote a penetrating critique of a band festival in 1905 and Eric Ball who was to become one of the Army's finest composers The book illuminates rarely explored aspects of a vibrant British musical tradition and its adaptation to international contexts GORDON COX is a former Senior Lecturer in Music Education University of Reading Foreword by Dr Ray Steadman Allen *Social Welfare, 1850-1950* Desmond Christopher St. Martin Platt, 2016-01-12 This historical study of the development of social welfare systems in divergent countries draws on a variety of essays to examine the work of each country in turn followed by a comparison of all three and an examination of social experiments in regions of recent settlement *Women in God's Army* Andrew Mark Eason, 2009-10-22 The early Salvation Army professed its commitment to sexual equality in ministry and leadership In fact its founding constitution proclaimed women had the right to preach and hold any office in the organization But did they Women in God's Army is the first study of its kind devoted to the critical analysis of this central claim It traces the extent to which this egalitarian ideal was realized in the private and public lives of first and second generation female Salvationists in Britain and argues that the Salvation Army was found wanting in its overall commitment to women's equality with men Bold pronouncements were not matched by actual practice in the home or in public ministry Andrew Mark Eason traces the nature of these discrepancies as well as the Victorian and evangelical factors that lay behind them He demonstrates how Salvationists often assigned roles and responsibilities on the basis of gender rather than equality and the ways in which these discriminatory practices were supported by a male defined theology and authority He views this story from a number of angles including historical gender and feminist theology ensuring it will be of interest to a wide spectrum of readers Salvationists themselves will appreciate the light it sheds on recent debates Ultimately however anyone who wants to learn more about the human struggle for equality will find this book enlightening *Wesleyan-Holiness Churches in Australia* Glen O'Brien, 2018-04-17 Most Wesleyan Holiness churches started in the US developing out of the Methodist roots of the nineteenth century Holiness

Movement The American origins of the Holiness movement have been charted in some depth but there is currently little detail on how it developed outside of the US This book seeks to redress this imbalance by giving a history of North American Wesleyan Holiness churches in Australia from their establishment in the years following the Second World War as well as of The Salvation Army which has nineteenth century British origins It traces the way some of these churches moved from marginalised sects to established denominations while others remained small and isolated Looking at The Church of God Anderson The Church of God Cleveland The Church of the Nazarene The Salvation Army and The Wesleyan Methodist Church in Australia the book argues two main points Firstly it shows that rather than being American imperialism at work these religious expressions were a creative partnership between like minded evangelical Christians from two modern nations sharing a general cultural similarity and set of religious convictions Secondly it demonstrates that it was those churches that showed the most willingness to be theologically flexible even dialling down some of their Wesleyan distinctiveness that had the most success This is the first book to chart the fascinating development of Holiness churches in Australia As such it will be of keen interest to scholars of Wesleyans and Methodists as well as religious history and the sociology of religion more generally

Claiming Society for God Nancy J. Davis, Robert V. Flückiger, This is an academic work of the highest quality but Jean Marc Flückiger presents it in a way that makes it very accessible far beyond academic circles It is a testament to his sharp intellect but even more to his love of God commitment to The Salvation Army and heartfelt dedication to the Church's mission in the world Henrik Andersen Territorial Leader of The Salvation Army Switzerland Austria Hungary Jean Marc Flückiger's book is a welcome reflection on the missionary impulse of Christian churches I found it particularly helpful to consider the interplay of the three main ingredients of mission namely worship of God community life and service to the world Christophe Chalamet Professor of Systematic Theology University of Geneva

Victorian Christianity and Emigrant Voyages to British Colonies c.1840 - c.1914 Rowan Strong,2017-10-27 Victorian Christianity and Emigrant Voyages to British Colonies c 1840 c 1914 considers the religious component of the nineteenth century British and Irish emigration experience It examines the varieties of Christianity adhered to by most British and Irish emigrants in the nineteenth century and consequently taken to their new homes in British settler colonies Rowan Strong explores a dimension of this emigration history that has been overlooked by scholars the development of an international emigrants chaplaincy by the Church of England that ministered to Anglicans Nonconformists as well as others including Scandinavians Germans Jews and freethinkers Using the sources of this emigrants chaplaincy Strong also makes extensive use of the shipboard diaries kept by emigrants themselves to give them a voice in this history Using these sources to look at the British and Irish emigrant voyages to new homes this study provides an analysis of the Christianity of these emigrants as they travelled by ship to British colonies Their ships were floating villages that necessitated and facilitated religious encounters across denominational and even religious boundaries It argues that the Church of England provided an emigrants ministry that had the greatest longevity breadth and international structure of any Church in the nineteenth century The book also examines the principal varieties of Christianity espoused by most British emigrants and argues this religion was more central to their identity and consequently more significant in settler colonies than many historians have often hitherto accepted In this way the Church of England's emigrant chaplaincy made a major contribution to the development of a British world in settler colonies of the empire *The Library World* ,1955 *Writing the Urban Jungle* Joseph McLaughlin,2000 Much has been written about the effects of British culture on colonized people but this study

suggests that the influence worked both ways Focusing on the relationship between literature and metropolitan culture it discusses the cultural confusion caused by bringing the foreign home The Bookseller ,1901 Vols for 1871 76 1913 14 include an extra number The Christmas bookseller separately paged and not included in the consecutive numbering of the regular series *Christianity Outside the Box* Nigel Scotland,2012-12-03 A major aspect of the history of Christian missions is the way groups who have jumped the ecclesiastical ship have renewed and recalled their parent bodies back to biblical roots and a biblical vision This book examines fourteen such vibrant Christian movements which operated outside the box Each chapter ends with a practical section highlighting those factors that made the particular group successful They were all missional movements that pursued a Christian vision and developed structures to facilitate it In contrast the traditional organizations from which they emerged tended to do mission from an established given structure Here are seriously committed movements that offer a dynamic challenge to our contemporary churches **Library Review** Robert Duncan Macleod,1956
