History Of Orgies

History Of Orgies:

A History of Orgies Burgo Partridge, 2017-07-31 An orgy the dictionary tells us is a wild gathering marked by promiscuous sexual activity excessive drinking etc Burgo Partridge tells us precisely what that has meant down through the ages He begins with the Greeks who celebrated sexuality at Dionysian festivals and the Romans who imported unwholesome brutalities into their orgiastic celebrations We then learn of the penchant for group sex displayed by medieval popes the junketings of Restoration England the aristocratic hedonists of the Hellfire Club and Scotland's notorious Wig Club the orgiastic tastes of Casanova and the Marquis de Sade right into the 20th century and the bizarre excesses of Aleister Crowley

The History of Orgies Michael Hone, 2018-01-10 As I was preparing material for my book *The Bloomsbury Set* I came upon the life of one of the Bloomsbury children Burgo Partridge and his book *A History of Orgies* I had already put aside a great deal of material on the subject of orgies and inspired by both the title of his book and the book itself I realized that there was now far more material on the subject than in 1958 when the book came out 60 years ago The story of Burgo began with his mother Francis Marshall who loved Lytton Strachey a homosexual in love with Ralf Partridge Partridge was bisexual enough to fall in love with Francis and ask her to marry him which she accepted in the hope of having an easier access to Strachey This worked as Strachey not only accompanied the couple on their honeymoon to Venice but he paid for it as well as their first home where he was a constant visitor Strachey's early death brought Frances and Ralph closer together forming a marriage stronger than most of whom Burgo was the issue I was born far later than Burgo but thanks to my research I was with the family while Burgo grew to manhood a kind of uncle who shed tears when I learned that Burgo was carried away by a heart attack in 1960 at age 26 As for this volume my intention is to bring Burgo's book up to date to add far more material with far more detail all thanks to recent research Ancient Greece and Rome will of course have their place as will the courts of France and England Germany and Russia the Belle poque with Cocteau and Proust Americana represented by the triumvirate Tennessee Williams Truman Capote and Gore Vidal and our own day and those still among us Alain Delon and film director Xavier Dolan

Painful pleasures Christopher Vaccaro, 2022-07-12 This timely volume ventures into the subject of sadomasochism in varied aspects of medieval life Saint's Lives and mystical treatises provide evidence of failed sadism and empowering masochism Literary culture in the form of epics and courtly tales preserve stories of eroticised power These exciting chapters join together to form a picture of medieval culture that is kinky in its practice and deeply psychological at its core

The Mythology of Ancient Greece and Italy Thomas Keightley, 1838 *The Mythology of Ancient Greece and Italy* Thomas

Keightley, 2024-09-01 Reprint of the original first published in 1838 **History's Place** Seth Graebner, 2007-05-30 *History's Place* explores nostalgia as one of the defining aspects of the relationship between France and North Africa Dr Seth Graebner argues that France's most important colony developed a historical consciousness through literature and that post

colonial writers revised it while retaining its dominant effect The North African city became a privileged place in the relationship between literacy and historical discourses in the colony Graebner analyzes the importance of architecture and urbanism as markers of historical development as the urban fabric and descriptions of it became signs of difference between metropole and colony Discussing writers as diverse as Bertrand Randau and Kateb this book examines how the changing Algerian city has remained the locus of a debate colored by various sorts of nostalgia Graebner demonstrates that nostalgia was symptomatic of historical anxiety generated by colonial conditions but with literary consequences for mainland France as well History's Place is a comprehensive and valuable addition to the study of French literature and cultural studies

Landscapes of Loss Naomi Greene,1999-03-29 In *Landscapes of Loss* Naomi Greene makes new sense of the rich variety of postwar French films by exploring the obsession with the national past that has characterized French cinema since the late 1960s Observing that the sense of grandeur and destiny that once shaped French identity has eroded under the weight of recent history Greene examines the ways in which French cinema has represented traumatic and defining moments of the nation's past the political battles of the 1930s the Vichy era decolonization the collapse of ideologies Drawing upon a broad spectrum of films and directors she shows how postwar films have reflected contemporary concerns even as they have created images and myths that have helped determine the contours of French memory This study of the intricate links between French history memory and cinema begins by examining the long shadow cast by the Vichy past the repressed memories and smothered unease that characterize the cinema of Alain Resnais are seen as a kind of prelude to a fierce battle for national memory that marked so called retro films of the 1970s and 1980s The shifting political and historical perspectives toward the nation's more distant past which also emerged in these years are explored in the light of the films of one of France's leading directors Bertrand Tavernier Finally the mood of nostalgia and melancholy that appears to haunt contemporary France is analyzed in the context of films about the nation's imperial past as well as those that hark back to a golden age a remembered paradis perdu of French cinema itself
