political strategic and alliance theory and scholarly debate on Nazism and Europe      The Epitome of Evil M. Butter, 2009-04-27 This study explores the literary representations of Adolf Hitler in American fiction and makes the case that his figure has slowly developed from a means of left wing critique into a device of right wing affirmation      Hitler, the War, and the Pope, Revised and Expanded Ronald Rychlak, 2010-05-27 Was Pope Pius XII a Nazi Sympathizer For almost fifty years a controversy has raged about Pope Pius XII Was the Pope who had shepherded the Church through World War II a Nazi sympathizer Was he as some have dared call him Hitler's pope Did he do nothing to help the Jewish people in the grips of the Holocaust In a thoroughly researched and meticulously documented analysis of the historical record Ronald Rychlak has gotten past the anger and emotion and uncovered the truth about Pius XII Not only does he refute the accusations against the Pope but for the first time documents how the slanders against him had their roots in a Soviet Communist campaign to discredit him and by extension the Church Let those who doubt but read Rychlak follow his exquisitely organized courtroom like arguments What Professor Rychlak brings to the forum are facts not rhetoric dates not conjecture evidence not slander The world owes Ronald Rychlak a debt for bringing the truth to light Rabbi Eric A Silver In his well crafted pages the portrait that emerges is one of an extraordinary pastor facing extremely vexing circumstances of a holy man vying against an evil man of a human being trying to save the lives of other human beings of a light shining in the darkness John Cardinal O'Connor 1920-2000 Archbishop of New York from the Foreword to the first edition I have read many books on Pius XII and this is by far the most dispassionate in laying out the context relevant facts accusations and evidence pro and con The book is highly engaging because it is filled with so many little known facts The research has been prodigious Yet the presentation is as down to earth as it would have to be in a courtroom This is a wonderfully realistic book Michael Novak George Frederick Jewett Scholar in Religion Philosophy and Public Policy American Enterprise Institute      *Churchill, Hitler, and "The Unnecessary War"* Patrick J. Buchanan, 2009-07-28 Were World Wars I and II inevitable Were they necessary wars Or were they products of calamitous failures of judgment In this monumental and provocative history Patrick Buchanan makes the case that if not for the blunders of British statesmen Winston Churchill first among them the horrors of two world wars and the Holocaust might have been avoided and the British Empire might never have collapsed into ruins Half a century of murderous oppression of scores of millions under the iron boot of Communist tyranny might never have happened and Europe's central role in world affairs might have been sustained for many generations Among the British and Churchillian errors were The secret decision of a tiny cabal in the inner Cabinet in 1906 to take Britain straight to war against Germany should she invade France The vengeful Treaty of Versailles that mutilated Germany leaving her bitter betrayed and receptive to the appeal of Adolf Hitler Britain's capitulation at Churchill's urging to American pressure to sever the Anglo Japanese alliance insulting and isolating Japan pushing her onto the path of militarism and conquest The greatest mistake in British history the unsolicited war guarantee to Poland of March 1939 ensuring the Second World War Certain to create controversy

and spirited argument Churchill Hitler and the Unnecessary War is a grand and bold insight into the historic failures of judgment that ended centuries of European rule and guaranteed a future no one who lived in that vanished world could ever have envisioned

**The Great German Nation** Craig White, 2007-09 Who exactly are the Germans From which ancestor of Noah do they descend Might their roots be found in the ancient Middle East Does the Bible God's precious Word have anything to say with regard to the very talented German peoples and their ancient roots Or does God ignore major nations such as Germany in His Word These fascinating and highly talented people have been central to world history Notice a chilling comment in an article on Russia by Peter Zeihan history really does run in cycles Take Europe for example European history is a chronicle of the rise and fall of its geographic center As Germany rises the powers on its periphery buckle under its strength and are forced to pool resources in order to beat back Berlin As Germany falters the power vacuum at the middle of the Continent allows the countries on Germany's borders to rise in strength and become major powers themselves Since the formation of the first Germany in 800 this cycle has set the tempo and tenor of European affairs A strong Germany means consolidation followed by a catastrophic war a weak Germany creates a multilateral concert of powers and multistate competition often involving war but not on nearly as large a scale For Europe this cycle of German rise and fall has run its course three times the Holy Roman Empire Imperial Germany Nazi Germany and is only now entering its fourth iteration with the reunified Germany

*Hitler Triumphant* Peter G. Tsouras, 2011-08-22 Edited by the author of *Disaster at D Day* a collection of alternative histories that force readers to consider what could happen if the Nazis won World War II Based on a series of fascinating what ifs posed by leading military historians this compelling new alternate history reconstructs the moments during the Second World War that could conceivably have altered the entire course of the war and led to a German victory Based on real battles actions and characters each scenario has been carefully constructed to reveal how at points of decision a different choice or minor incident could have set in motion an entirely new train of events altering history forever Scenarios in this volume include the fall of Malta in 1942 and the likely consequences and the possibility of Halifax making peace with Hitler Contributors include John Prados editor of *The White House Tapes* Eavesdropping on the President David Isby editor of *Fighting the Invasion* and *The Luftwaffe Fighter Force* and Nigel Jones author of *The War Walk* and Rupert Brooke *Life Death and Myth* Praise for *Hitler Triumphant* An entertaining work of counterfactual history with some thought provoking material on the overall course of the war *History of War* The analysis of battle strategy and military might makes for a top pick for military readers seeking more than fantasy speculation *Midwest Book Review*

**The Agony of France** Andrew Sangster, 2016-06-22 *The Agony of France* is written in three parts in a thematic style to enable easy referencing both for the student of history and the general reader The first part deals with the Defeat of France in 1940 examining scholarship over the last seventy years in order to extrapolate the major factors The second part explores Vichy France the political Collaboration and the various shades of collaborationism from the criminal and dedicated to that of sheer survival

This part looks at the problems of a modern Western democratic society suffering under a military occupation the role of the French Church during this period and the appalling circumstances surrounding anti-Semitism The third part explores the nature of French resistance the role of de Gaulle and finishes with the postwar recriminations and trials Unlike many Anglo Saxon histories this book adopts a more sympathetic attitude towards the French plight and examines the nature of de Gaulle's myth building that France liberated itself The book demonstrates that historical mythology is part of every country's history when seeking its own redemption from the past It will be of use to the student of history as well as a wider readership interested in the circumstances surrounding Vichy rule in France **The Jewish Spectator**, 2000 *The Cover Girl Killer*
