The Hitler Options Kenneth Macksey, 2015-02-19 Ten stories of what if World War II scenarios from military historians A thought provoking study of what might have been British Army Review What would have happened if Hitler invaded England in July 1940 or concentrated on the capture of Moscow in 1941 instead of first diverting to Kiev Or if Rommel had implemented Plan Orient in 1942 striking across the Middle East to join Japanese forces moving to India How would the course of World War II have been changed if Churchill had persuaded the Americans to concentrate on attacking the soft underbelly of Europe instead of Northern France In this compelling book ten acclaimed military historians explore what might have happened if at ten crucial turning points of the war Hitler had taken a different direction or how he would have reacted if the Allies had changed course Each scenario is based on real situations and are within the bounds of what could genuinely have occurred With vivid and realistic descriptions of the ensuing campaigns and battles The Hitler Options is a gripping thought provoking and at times disturbing look at what could have been **Hitler's Gulf War** Barrie G.

James, 2012-09-20 This military history of the Iraqi revolt in WWII told from the point of view of the men who were there is a fantastic and enjoyable book Col Tim Collins OBE In the spring of 1941 on an airfield fifty five miles from Baghdad a group of RAF airmen and soldiers were outnumbered by the better equipped Iraqi forces soldiers who were aided by the Germans and Italians After thirty days this battle resulted in the first real defeat of the Axis powers in World War II Hitler's Gulf War presents the story of the Iraqi revolt from the perspectives of the British Iraqi and Germans who were involved in the battle Along with the group at the airfield historian Barrie G James examines the small relief column of cavalry infantry and Bedouins who traveled across a five hundred mile unmapped desert to support the RAF With Germany's successes in Greece and the Western Desert in 1941 a British defeat here would have changed the course of World War II Hitler's Gulf War traces how the battle destroyed Axis aspirations in the Middle East and also set the scene for Iraq's future relations with the West

The Holocaust, Rebirth, and the Nakba Yair Auran, 2017-10-04 Yair Auran's important innovative and instructive book relates critically to the narratives created by Israeli society regarding the events of 1948 the establishment of the State of Israel and the Palestinian Nakba Auran proposes a humanistic approach of dialogue to foster the brotherhood of the victims and an identification with each other's suffering replacing the current relations of force driving the two peoples to a disaster of terrifying international implications

Patrick Garrett,2017-03-09 The list of female war reporters is long and distinguished But the great grandmother of them all was Clare Hollingworth Mail on Sunday She was a pioneer Kate Adie OBE Unputdownable Alexander McCall Smith One of the most unforgettable journalists I have ever met Chris Patten ONE OF THE INSPIRATIONS BEHIND THE NEW BBC DRAMA WORLD ON FIRE Legendary pioneering journalist Clare Hollingworth died in Hong Kong aged 105 in January 2017 after an illustrious career spanning the great events of the 20th century Clare was famous for getting the scoop of the century the outbreak of the World War 2 From witnessing the first aerial bombings against England in the First World War through Hitler s Blitzkrieg Clare s r sum included desert war in North Africa civil war in Greece terrorism in Jerusalem naming Philby as the Third Man and guerrilla warfare in Vietnam and Borneo She had an uncanny ability to make headlines throughout her century long life And although her style of journalism was very different from the 24 hour breaking rolling news we have today the need for detailed eye witness reporting seems even more important today as we face an onslaught of fake news and alternative facts The story is not just about news and war however through access to family papers and personal accounts her great nephew Patrick Garrett is able to show Clare in three dimensions explain her life and loves and show how she dealt with the pressures of life as a correspondent decades before women were routinely accepted in this role facebook com celebrateclare twitter com celebrateclare

Hitler's Oil Broker John WM Chapman,2023-11-30 The biography of Thomas Brown who provided the template for a successful search by the German navy for oil access Thomas Brown is an unknown figure of Scottish origin who played a significant role in the onset and development of both world wars in the first half of the 20th century In the First World War he contributed to the Anglo German conflict in the Middle East particularly in his switch from UK to German nationality in 1914 by contributing directly to the expansion of German imperialism in the Persian Gulf and Ottoman Empire His most important role was in providing logistical support to German and Turkish forces in support of the Turkish jihad in November 1914 Despite his arrest by MI5 as a suspected traitor in 1919 he returned to Germany as a business middleman aided by former political and military colleagues in the Weimar Republic After promoting German interests in Iran he was able as a company director to

represent German steel manufacturers who bought into the Anglo Italian British Oil Development Company BOD in Iraq He helped to obtain an oil concession from independent Iraq in 1932 and used his skills as a negotiator with British German and Arab speakers to promote a large oil strike and major expansion of the company in 1935 It is here that the German Italian axis comes to center stage Brown initially rejected Italian approaches to take over the company exactly when Mussolini was trying to conquer Abyssinia in favor of support for the UK investors Lord Glenconner and Sir Percy Hunting Brown was not fully aware of the maneuvering by the Hitler regime since autumn 1933 to promote alliances with Britain Italy and Japan against the USSR and France which ended in December 1935 with Hitler s preference for Italy This was accelerated by Gestapo investigations into Italian involvement and Hitler s calculation that it would promote divisions among former allies and decrease German dependence on the world oil economy they dominated Access to oil was key to military and political success Brown belatedly understood that Britain was opposed to permitting Italy and Germany access to key raw materials Brown reported directly to Berlin even though he was mistakenly identified as a Scottish Jew but he failed to recognize that Hitler s support for Italy enabled access to Italian oil while maintaining domestic sources of fuel for rearmament of the army and air force Brown was terminally ill by 1936 but had provided the template for a successful search by the German navy for access to oil independent of the Anglo American dominance of the world oil industry

International Affairs, 1940 **The Passion of Max Von Oppenheim** Lionel Gossman, 2013 Born into a prominent German Jewish banking family Baron Max von Oppenheim 1860 1946 was a keen amateur archaeologist and ethnologist His discovery and excavation of Tell Halaf in Syria marked an important contribution to knowledge of the ancient Middle East while his massive study of the Bedouins is still consulted by scholars today He was also an ardent German patriot eager to support his country s pursuit of its place in the sun Excluded by his part Jewish ancestry from the regular diplomatic service Oppenheim earned a reputation as the Kaiser s spy because of his intriguing

against the British in Cairo as well as his plan at the start of the First World War to incite Muslims under British French and Russian rule to a jihad against the colonial powers After 1933 despite being half Jewish according to the Nuremberg Laws Oppenheim was not persecuted by the Nazis In fact he placed his knowledge of the Middle East and his connections with Muslim leaders at the service of the regime Ranging widely over many fields from war studies to archaeology and banking history The Passion of Max von Oppenheim tells the gripping and at times unsettling story of one part Jewish man s passion for his country in the face of persistent and in his later years genocidal anti-Semitism *The Grand Alliance of Winston S. Churchill. Illustrated* Winston S. Churchill,2025-05-21 The Grand Alliance of Winston S Churchill is a compelling historical exploration of the pivotal role played by the iconic British statesman Sir Winston S Churchill during World War II This meticulously researched book delves into Churchill s leadership diplomacy and vision highlighting his instrumental contributions to forging and maintaining the Grand Alliance between the United Kingdom the United States and the Soviet Union Through a rich narrative the book sheds light on Churchill s strategic acumen his persuasive oratory and his unyielding determination to defeat the Axis powers It offers readers a profound understanding of Churchill s ability to bridge ideological divides and navigate the complex geopolitics of the era This account not only celebrates Churchill s indomitable spirit but also provides valuable insights into the dynamics of wartime alliances and their lasting impact on the course of history The Grand Alliance of Winston S Churchill is a must read for history enthusiasts offering fresh perspectives on a remarkable statesman and the critical role he played in shaping the outcome of World War II **Hitler's Brandenburgers** Lawrence Paterson,David R Higgins,2018-08-30 A fitting tribute to Germany s clandestine warriors and a guarantee that their extraordinary efforts have not been relegated to comparative obscurity or entirely forgotten David R Higgins Hitler s daring and pioneering Brandenburgers special forces served in every German theatre of action This is the most comprehensive account of an unusual and profoundly successful band of men Lawrence Paterson traces the origins of the small unit before the outbreak of war in 1939 as the brainchild of Admiral Canaris and part of his Abwehr intelligence unit through through to its breaking up in 1944 when it was largely converted to a conventional Panzergrenadier division At that point many Brandenburgers transferred to Otto Skorzeny s SS J g dverb nde It is well known that German troops disguised themselves as Allied troops for the Battle of the Bulge but less well known the Brandenburg operations used such disguises more effectively in in advance of the Blitzkrieg in 1939 41 Despite their profound success as commando raiding troops their history has been overshadowed by equivalent Allied units and largely ignored However within North Africa the Brandenburgers employed similar techniques to the SAS and LRDG at first earning Erwin Rommel s disapproval for their unorthodox methods until he began to feel the effect of similar Allied raids Paterson details the roles of key individuals such as Theodor von Hippel along with forensic details of key operations He explodes many of the myths about the unit and provides a clear and comprehensive history of this key part of the Wehrmacht **Bulletins from Britain** ,1941 *The*
