Christ and the Hindu Diaspora Paul Pathickal, 2012-08 CAN THE HINDUS IN INDIA BE REACHED THROUGH DIASPORA HINDUS The Hindu Diaspora numbering about 50 million is scattered from Australia New Zealand Malaysia Hong Kong and Fiji in the east to Guyana Surinam the United States and Canada in the west Hindus numbering about 850 million live in India However militant organizations make mission work impossible there and one way to reach them is through their clan and caste fellows in the Diaspora In Christ and the Hindu Diaspora author Paul Pathickal discusses the process of Hindu migration the salient features of Diaspora Hinduism and ways to witness to Diaspora Hindus By reaching Diaspora Hindus the author believes their caste and clan fellows in India can be reached for Christ Diaspora Hinduism is different from Hinduism in India The old pantheistic thought cannot survive in the new lands The new generation of young educated Hindus cannot accept the Karma doctrine and caste divisions Secular humanism cannot fulfill the age old yearning of the Hindu for truth and value Only the religion established by Jesus Christ the true avatar who came down from heaven not to annihilate a few wicked men but to save mankind from their sins will be able to satisfy the inner yearning of the Hindu for truth and meaning in life

Winter,1970 A commentary in essay form covering the period following K S Latourette s A history of the expansion of Christianity published 1937 45 John Eliot's Puritan Ministry to New England "Indians" Do Hoon Kim,2021-12-10 John Eliot 1604 90 has been called the apostle to the Indians This book looks at Eliot not from the perspective of modern Protestant mission studies the approach mainly adopted by previous research but in the historical and theological context of seventeenth century puritanism Drawing on recent research on migration to New England the book argues that Eliot like many other migrants went to New England primarily in search of a safe haven to practice pure reformed Christianity not to convert Indians Eliot s Indian ministry started from a fundamental concern for the conversion of the unconverted which he derived from his experience of the puritan movement in England Consequently for Eliot the notion of New England Indian mission was essentially conversion oriented Word centered and pastorally focused and in common with the broader aims of New England churches pursued a pure reformed Christianity Eliot hoped to achieve this through the establishment of Praying Towns organized on a biblical model where preaching pastoral care and the practice of piety could lead to conversion leading to the formation of Indian churches composed of sincere converts **Early Christianity** Wendy Elgersma Helleman,Musa A. B. Gaiya,2019-09-30 Designed as an undergraduate textbook and shaped by needs of both Muslim and Christian students across Africa this resource provides a thorough introduction to the history theology and teaching of early Christianity Professors Helleman and Gaiya follow Christianity from its inception in Jerusalem through to the decline of the Roman Empire in the Mediterranean and the development of Orthodox churches in the East and in Africa before the arrival of Islam The book provides an overview of critical historical events controversies teaching and important individuals and movements providing foundational understanding of early developments in Christianity and the general history of antiquity Students and lecturers will also appreciate the attention given to the role of North African leaders in early Christianity and the impact of major issues on the North African church such as Gnosticism Donatism and Arianism Additional Features Introduction to online tools resources Survey of the study of early Christianity Introduction to key historians Evaluation of recent literature early Christianity **Children of the Calling** Eric Nelson Newberg,Lois E. Olena,2014-12-23 This volume of essays dedicated to Stan and Ruth Burgess has been written by their colleagues and students to honor them as they retire after many years of distinguished service to Evangel University Southwest Missouri State University and Regent University Several meanings can be subsumed under the title Children of the Calling Stan and Ruth grew up in India children of Pentecostal missionaries who felt they had divine callings They were influenced not only by

the religious callings of their parents but also by the cultural milieu of India Though they did not personally take on board the specific missionary calling of their parents they charted life maps that benefitted from the cross cultural proficiencies developed in their childhoods in India which to a large extent colored the influence they would have on their children academic colleagues and students some of whom have submitted essays for this Festschrift The diversity of subjects in this volume attests to the breadth of the scholarly work of Stan and Ruth Burgess The first section narrates the major highlights of Stan and Ruth s academic biographies the second presents pioneering studies of biblical studies and church history and the third offers application based research and personal reminiscences The Christian Society Stephen Neill,2022-01-27

In The Christian Society one of the great Christian commentators of the twentieth century describes how the Church came to be a society The past relationship between the missionary church and the pagan cultures it replaced is discussed alongside more recent delicate ecumenical relationships and the ongoing conflict between the church and atheism Stephen Neill s perceptiveness as a historian is shown in his masterful summary of the church s story from the days of Jesus to his own time Meanwhile his experience as a missionary and ecumenist comes to the fore as he demonstrates how the unity of the church is integral to its place in modern society and its power to create a society Throughout his approach is empirical and he considers all who have claimed the Christian name without making preliminary judgements as to their orthodoxy or their standing within the general body of Christian people The result is a comprehensive depiction of Christianity as a social phenomenon that is as relevant today as when it was written *A History of Christianity in Asia, Vol. II* Samuel Hugh Moffett,2014-07-30 The story of Christianity in the West has often been told but the history of Christianity in the East is not as well known The seed was the same the good news of Jesus Christ for the whole world which Christians call the gospel But it was sown by different sowers it was planted in different soil it grew with a different flavor and it was gathered by different reapers It is too often forgotten that the faith moved east across Asia as early as it moved west into Europe Western church history tends to follow Paul to Philippi and to Rome and on across Europe to the conversion of Constantine and the barbarians With some outstanding exceptions only intermittently has the West looked beyond Constantinople as its center It was a Christianity that has for centuries remained unashamedly Asian A History of Christianity in Asia makes available immense amounts of research on religious pluralism of Asia and how Christianity spread long before the modern missionary movement went forth in the shelter of Western military might Invaluable for historians of Asia and scholars of mission it is stimulating for all readers interested in Christian history **Islam: Global Christian Perspectives** Wageeh

Mikhail,2024-07-30 There are hundreds of books on Islam after all it is the second largest religion on the planet Few however are the books written by Christian scholars of Islam who live and work in Muslim majority countries Here lies the value of this current volume It addresses Islam Islamic history Islamic theology and Christian Muslim relations from global Christian perspectives where contributors describe experiences and narratives of conversations obstacles cohabitation understanding

and cooperative efforts between Christians and Muslims in a variety of Middle Eastern African and Asian nations including Egypt Ghana India Jordan Lebanon and Nigeria This book treats Islam academically and from a Christian standpoint Authors discuss historical interactions between Christians and Muslims and where relevant current avenues for work for the common good **Islam and Christianity** John Renard,2011-03-08 In light of the widespread public perception of incompatibility between Islam and Christianity this book provides a much needed straightforward comparison of these two great faith traditions from a broad theological perspective Award winning scholar John Renard illuminates the similarities as well as the differences between Islam and Christianity through a clear exploration of four major dimensions historical creedal institutional and ethical and spiritual Throughout the book features comparisons between concrete elements such as creedal statements prayer texts and writings from major theologians and mystics It also includes a glossary of technical theological terms For western readers in particular this balanced authoritative work overturns some common stereotypes about Islam especially those that have emerged in the decade since September 11 2001 **The Pastor's Library** Robert A. Yost,2017-09-21 In the spirit of Cyril Barber s classic work from the 1970s The Minister s Library Robert Yost provides students and pastors with expert guidance on building a working ministerial library From Old and New Testament languages lexical aids and grammatical tools to commentaries and theologies as well as pastoral resources Yost is a trustworthy guide through the multiplicity of books that seem to just keep rolling off the presses Far more than just a guide to commentaries as are so many works today this resource is a balanced pastoral tool for pastors and students who are overwhelmed by the proliferation of literature in the fields of biblical and pastoral studies **Missions as the Theology of the Church** Fiedler, Klaus,2015-03-01 The Christian faith is comprehensive and diverse so the question what the centre is can be asked Different answers have been given to which this book adds another The venture of the Christian faith is missions following Kenneth Scott Latourette s thesis that the Holy Spirit moves forward the history of the church by bringing in ever new revivals which produce ever new organisations Therefore missions are not the children of the churches but of the revivals and Africa was not evangelised by the European and American churches but by the Europeans and American mission societies

the pioneers like the German Jesuit Johanne Ernst Hanxleden known as Arnos Padiri 1681 1732 Herman Gundert 1814 1893 St Elias Kuriakos Chavara 1805 1871 and a fortiori the enormous contributions in the healthcare area throughout the country Caring for and serving the socio economically marginalized ones the peripheralized people formed an integral part of the Christian activity In India as it is done even today This is highlighted very much in the volume It further explores the contact India had with European Christianity showing that European Christianity proved to have wider influence in the Northern part of India unlike India's early episodic encounters with Palestinian and Persian forms of Christianity which had deep influence in the Southern part of India The volume also highlights the inner struggle among the followers resulting even in its division originating at the Synod of Diamper in 1599 manifesting by and large the Church state love and hate relationships In fine in spite of the drawbacks of putting the herculean task of two thousand years of history in eight hundred pages or so this volume gives a rather comprehensive view of Christianity in India especially to those who are unfamiliar with its life and dynamics in the Indian context The wide range of photographs 325 of them especially of the churches revealing the architectural beauty and multiplicity along with the ensemble of art and paintings and pilgrimage centers adds to the enrichment of the volume
