The Liberation of the African Mind Adisa Franklin, 2004-11-02 The Liberation to the African Mind The Key to Black Salvation is a strong book written to the millions of African Americans who have had their history distorted by the Church and public schools Because of these distortions Black people are estranged and alienated from their culture and the wisdom of their ancestors The book challenges African Americans to begin to think for themselves especially in the realm of religion It is a prophetic book with a revolutionary perspective It is prophetic in that it points to the direction the Black Church must take to effectively address the spiritual needs of the Black community It is revolutionary because it challenges the Church and believers to establish a new paradigm an African Spiritual frame of reference The Black Church must transform itself and take on a new view of the scriptures doctrines and dogmas of Christendom This book documents the fact that what Blacks have been given as Christianity is in reality stolen African mythology cosmology and history that has been corrupted by Roman and Greek priest philosophers and emperors It is one of the most powerful challenges to Orthodox Christianity to date The Truth will liberate you from their strong delusions While there is indeed some positive and beneficial aspects to Church membership it is time for the Black Church to make its exodus from the Western religious way of faith in God to the African spiritual way of knowledge of God Black Pastors and religious leaders must begin to teach that which will bring about the manifestation of the fullness of Christ This is the charge given to all church leadership by the Bible they teach from And He Himself gave some to be apostles some prophets some evangelist some pastors and teachers for the equipping of the saints for the work of the ministry for the edifying of the body of Christ till we all come to the unity of the faith and the knowledge of the Son of God to be a perfect man to the measure of the stature of the fullness of Christ Ephesians 4 11 13 There are far too many Babes in Christ in the Church It is not the fault of the believers but a reflection of corrupted doctrines and false dogmas In addition the unity of the Black Church must become a priority Not one church or believer can say they have no need of the rest of the Body of Christ in good conscience Yet unity in the Black Church is more a rhetorical than an actual reality Imagine what could be done if the wealth of the Church was combined to establish a super fund Unity must be at the top of the agenda for the Black Church and for the Black community Lastly though we have the proverbial church on every corner there is an undeniable spiritual crisis in the Black community The Liberation of the African Mind The Key to Black Salvation makes the Spiritual Resurrection of the Black man a valid goal and priority It will challenge many long held beliefs and dogmas however Christendom must be examined and that which is not of God must be abandoned Not since Marcus Garvey Fredrick Douglass and the Honorable Elijah Muhammad have Blacks questioned the validity or efficacy of Christianity Mr Muhammad made an attempt to make Blacks aware that Christianity

was the religion of the people who had enslaved them Every race worships God in a way that is peculiar to their culture Since the days of captivity Blacks have worshiped the god of their conquerors and oppressors Worshipping a White man as God is not only a form of idolatry but extremely detrimental to the Black Psyche History of the First Council of Nice; a World's Christian Convention Dean Dudley,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1880 edition Excerpt he ejected him from the order of the presbytery according to the precept of the word of God If thy right eye offend thee pluck it out and cast it from thee CHAPTER IV INCREASE OF THE OPPOSITION TO ARIUS AND HIS HERESY At this time the Church of Rome was ruled by Silvester whose predecessor in the administration was Miltiades the successor of Marcellinus Socrates says that Alexander the bishop of Alexandria deposed Arius from his office and excluded him from the communion of the church first at an assembly of the clergy in Alexandria and then at a more numerous synod of Egyptian and Libyan bishops A D 321 composed of a hundred members At this synod however the victory in the contest was claimed by both parties Alexander published an epistle to his fellowministers everywhere notifying them of the excommunication of Arius in which he makes use of the following language Know therefore that there have recently arisen in our diocese lawless and anti Christian men teaching apostasy such as one may justly consider and denominate the forerunner of Antichrist I am constrained to warn you to pay no attention to the communications of Eusebius of Nicomedia should he write to you The dogmas they assert in utter contrariety to the Scriptures and wholly of their own devising are these That God was not always a Father that the Word of God was not from eternity but was made out of nothing for that the ever existing God the I Am the eternal One made him who did not previously exist out of nothing etc This was the 12th year of Pope Silvester's pontifical reign perhaps I should say rather bishoprick as the bishop of Alexandria was first called pope and the Roman pope did not acquire

The Cambridge Companion to the Council of Nicaea Young Richard Kim, 2021-01-07 Demonstrate the profound legacy of The Council of Nicaea with fresh sometimes provocative but always intellectually rich ideas **An Introductory Dictionary of Theology and Religious Studies** Orlando O. Espín, James B. Nickoloff, 2007 Spanning the gamut from Aaron to Zwingli this dictionary includes nearly 3 000 entries written by about sixty authors all of whom are specialists in their various theological and religious disciplines The editors have designed the dictionary especially to aid the introductory level student with instant access to definitions of terms likely to be encountered in but not to substitute for classroom presentations or reading assignments Publisher **The Idea of Nicaea in the Early Church Councils, AD 431-451** Mark S. Smith, 2018-11-30 The Idea of Nicaea in the Early Church Councils examines the role that appeals to Nicaea both the council and its creed played in the major councils of the mid fifth century It argues that the conflict between rival construals of Nicaea and the struggle convincingly to arbitrate between them represented a key dynamic driving and unsettling the conciliar activity of these decades Mark S Smith identifies a set of inherited assumptions concerning the role that Nicaea was expected to play in orthodox discourse namely that it possessed unique authority as a conciliar event and sole sufficiency as a credal statement The fundamental dilemma was thus how such shibboleths could be persuasively reaffirmed in the context of a dispute over Christological doctrine that the resources of the Nicene Creed were inadequate to address and how the convening of new oecumenical councils could avoid fatally undermining Nicaea s special status Smith examines the articulation of these contested ideas of Nicaea at the councils of Ephesus I 431 Constantinople 448 Ephesus II 449 and Chalcedon 451 Particular attention is paid to the role of conciliar acts in providing carefully shaped written contexts within which the Nicene Creed could be read and interpreted This study proposes that the capacity of the idea of Nicaea for flexible re expression was a source of opportunity as well as a cause of strife allowing continuity with the past to be asserted precisely through adaptation and modification and opening up significant new paths for the articulation of credal and conciliar authority The work thus combines a detailed historical analysis of the reception of Nicaea in the proceedings of the fifth century councils with an examination of the complex delineation of theological orthodoxy in this period It also reflects more widely on questions of doctrinal development and ecclesial reception in the early church Cambridge History of Christianity: Volume 1, Origins to Constantine Margaret M. Mitchell, Frances M. Young, K.
