READINGS ON POSTWAR AMERICA

Edited by William H. Chafe and Harvard Sitkoff

History Of Our Time Readings In Postwar America

Emma J. Folwell

History Of Our Time Readings In Postwar America:

A History of Our Time William Henry Chafe, William H. Chafe, Harvard Sitkoff, 1987 The second edition of this widely used anthology includes contemporary articles on the Cold War and the politics of the 1950s and 1960s as well as new discussions of the counterculture conservatism under the Reagan administration and the emergence of a new breed of poverty

Archival Reflections Santiago Juan-Navarro, 2000 Due to its scope and perspective this work has a relevance that extends far beyond the conventional bounds of literary studies Concerned as it is with issues of historical understanding culture and politics it has implications for the literary histories of Spanish America and the United States as well as for the fields of inter American and cultural studies literary theory and historiography

BOOK JACKET

The Unfinished Journey: America Since World War II, 4th Ed. and a History of Our Time: Readings on Postwar America, 5th Ed William H. Chafe, Alice Mary Baldwin, 2000-12-15 This is a package of two of Oxford's most popular American history texts An Unfinished Journey a text on post World War II America written by William H Chafe and A History of Our Time edited by Chafe and Harvard Sitkoff which is a collection of documents covering the same time period Professors who elect to use both books will be able to purchase both together at a discounted price

Postwar America Harvard Sitkoff, 2000 The half century since the end of World War II has been crucial in defining America's image of itself and role in the world A thorough survey of an era dominated by the cold war on the international front and conflicting social forces at home this authoritative reference volume details every aspect of a turbulent age It features Brief biographical vignettes of notable political and civil leaders from Eleanor Roosevelt to Newt Gingrich Insightful portraits of prominent cultural icons from Allen Ginsburg and Elvis to Billy Graham and Jackie Robinson Informative analyses of major political events from the Yalta Conference and the Cuban Missile Crisis to Watergate Brief histories of pivotal armed conflicts from the Korean War and the invasion of Lebanon to the Persian Gulf War Articles on social and cultural milestones from Woodstock to suburban migration to the World Wide Web Summaries of such crucial documents as the Civil Rights Act the Voting Rights Act and the Equal Rights Amendment Descriptions of groundbreaking legal cases such as Roe v Wade Miranda v Arizona and Brown v Board of Education of Topeka Kansas Profiles of major civil rights movements such as black nationalism and feminism Explanations of political and social concepts such as affirmative action consumer culture and McCarthyism Authoritative accounts of momentous episodes spurred by social protest such as the Montgomery bus boycott and the Kent State University shootings Further reading lists and cross references following each entry A detailed chronology The issues that united and divided Americans during the second half of the century the civil rights movement the Vietnam war the cold war are discussed in lively objective articles which breathe life into the events and people that have shaped our nation More than 200 illustrations including photographs posters and ephemera such as political campaign buttons make Postwar America A Student Companion an excellent introductory resource for students and all readers interested in modern history Oxford's Student Companions to American

History are state of the art references for school and home specifically designed and written for ages 12 and up Each book is a concise but comprehensive A to Z guide to a major historical period or theme in U S history with articles on key issues and prominent individuals The authors distinguished scholars well known in their areas of expertise ensure that the entries are accurate up to date and accessible Special features include an introductory section on how to use the book further reading lists cross references chronology and full index

Postwar America George H. Douglas,1998 This volume examines the rise of civil aviation with split level suburbia the Kinsey Report the new world of consumer products and other topics

Imagine Nation Peter Braunstein,Michael William Doyle,2013-07-04 Amidst the recent flourishing of Sixties scholarship Imagine Nation is the first collection to focus solely on the counterculture Its fourteen provocative essays seek to unearth the complexity and rediscover the society changing power of significant movements and figures

The Truman Years, 1945-1953 Mark S. Byrnes,2014-07-30 The Truman Years is a concise yet thorough examination of the critical postwar years in the United States Byrnes argues that the major trends and themes of the American history have their origins during the presidency of Harry S Truman He synthesizes the recent Truman literature and explains the links between domestic U S political and social trends and cold war foreign policy

German Rocketeers in the Heart of Dixie Monique Laney,2015-06-23 This thought provoking study by historian Monique Laney focuses on the U S government assisted integration of German rocket specialists and their families into a small southern community soon after World War II In 1950 Wernher von Braun and his team of rocket experts relocated to Huntsville Alabama a town that would celebrate the team despite their essential role in the recent Nazi war effort for their contributions to the U S Army missile program and later to NASA s space program Based on oral histories provided by members of the African American and Jewish communities and by the rocketeers families co workers friends and neighbors Laney s book demonstrates how the histories of German Nazism and Jim Crow in the American South intertwine in narratives about the past This is a critical reassessment of a singular time that links the Cold War the Space Race and the Civil Rights era while addressing important issues of transnational science and technology and asking Americans to consider their country s own history of racism when reflecting on the Nazi past

The Fate of Transcendentalism Bruce A. Ronda,2017-10-15 The Fate of Transcendentalism examines the mid nineteenth century flowering of American transcendentalism and shows the movement s influence on several subsequent writers thinkers and artists who have drawn inspiration and energy from the creative outpouring it produced In this wide ranging study Bruce A Ronda offers an account of the movement as an early example of the secular turn in American culture and brings to bear insights from philosopher Charles Taylor and others who have studied the broad cultural phenomenon of secularization Ronda s account turns on the interplay and tension between two strands in the transcendentalist movement Many of the social experiments associated with transcendentalism such as the Brook Farm and Fruitlands reform communities Temple School and the West Street Bookshop as well as the transcendentalists contributions to abolition and

women's rights spring from a commitment to human flourishing without reference to a larger religious worldview. Other aspects of the movement, particularly Henry Thoreau's late nature writing and the rich tradition it has inspired, seek to minimize the difference between the material and the ideal, the human and the not human. *The Fate of Transcendentalism* allows readers to engage with this fascinating dialogue between transcendentalist thinkers who believe that the ultimate end of human life is the fulfillment of human possibility and others who challenge human centeredness in favor of a relocation of humanity in a vital cosmos. Ronda traces the persistence of transcendentalism in the work of several representative twentieth and twenty-first century figures including Charles Ives, Joseph Cornell, Truman Nelson, Annie Dillard, and Mary Oliver, and shows how this dialogue continues to inform important imaginative work to this date. **David McCullough American Presidents E-Book Box Set** David McCullough, 2011-05-24 From America's most beloved biographer, David McCullough's *Time* a collection of his bestselling biographies of American Presidents. This ebook box set features David McCullough's award-winning biographies of American Presidents. John Adams is the magisterial Pulitzer Prize-winning biography of the independent irascible Yankee patriot, one of our nation's founders and most important figures who became our second president. *Mornings on Horseback* is the brilliant National Book Award-winning biography of young Theodore Roosevelt's metamorphosis from sickly child to a vigorous, intense man poised to become a national hero, and then president. Truman is the Pulitzer Prize-winning biography of Harry Truman, the complex and courageous man who rose from modest origins to make momentous decisions as president, from dropping the atomic bomb to going to war in Korea. Including a special bonus, *The Course of Human Events*. In this Jefferson Lecture in the Humanities, David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history's enduring impact and influence, and he affirms the significance of history in teaching us about human nature through the ages. **David McCullough Library E-book Box Set** David McCullough, 2011-05-24 Perfect for David McCullough fans and history lovers alike, this ebook boxed set features all of his bestselling titles from 1776 to *Mornings on Horseback*. This ebook box set includes all of David McCullough's bestselling titles. 1776 is the riveting story of George Washington, the men who marched with him, and their British foes in the momentous year of American independence. *Brave Companions* contains profiles of the exceptional men and women who shaped history among them, Alexander von Humboldt, Harriet Beecher Stowe, and Charles and Anne Lindbergh. *The Great Bridge* is the remarkable, enthralling story of the planning and construction of the Brooklyn Bridge, which linked two great cities and epitomized American optimism, skill, and determination. John Adams is the magisterial Pulitzer Prize-winning biography of the independent irascible Yankee patriot, one of our nation's founders and most important figures who became our second president. *The Johnstown Flood* is the classic history of an American tragedy that became a scandal in the age of the Robber Barons, the preventable flood that destroyed a town and killed 2,000 people. *Mornings on Horseback* is the brilliant National Book Award-winning biography of young Theodore Roosevelt's metamorphosis from sickly child to a

vigorous intense man poised to become a national hero and then president Path Between the Seas is the epic National Book Award winning history of the heroic successes tragic failures and astonishing engineering and medical feats that made the Panama Canal possible Truman is the Pulitzer Prize winning biography of Harry Truman the complex and courageous man who rose from modest origins to make momentous decisions as president from dropping the atomic bomb to going to war in Korea A special bonus is included The Course of Human Events In this Jefferson Lecture in the Humanities David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history's enduring impact and influence and he affirms the significance of history in teaching us about human nature through the ages

Harrison Ford Virginia Luzón-Aguado, 2020-05-28 Harrison Ford is known for such iconic roles as Han Solo Indiana Jones and Rick Deckard but his career of 50 years and counting encompasses a plethora of other thought provoking roles His off screen persona has been no less intriguing Covering a wide timespan this book assesses Harrison Ford as star from the difficult Hollywood studio years where he began his blockbusters of the 1980s through to the impact of ageist culture on his artistry of recent years The author argues that Ford has generally been seen as a potent irresistible combination of tradition and modernity He is an actor who both reflects and utilises changing ideas about American masculinity in the context of Hollywood film production particular male types are revealed as much in his trademark trustworthy hero act as in his more fallible less conservative and therefore commercially riskier characters Luzon Aguado explores these particular star identities and every fluctuation in between She gives due attention to his much neglected acting abilities while examining the crucial interplay between star persona and the constraints and conventions of genre Going beyond standard accounts of Ford's production and pinpointing overlooked aspects of his work and the creation of the star through cultural artefacts like magazine interviews and advertising campaigns this book reveals the depth and dimensions of the enduring American screen legend that is Harrison Ford

Culture and Consumption Gabriel R. Ricci, 2017-10-24 This is the thirty first volume in Religion and Public Life formerly This World a series on religion and public affairs This ongoing series seeks to provide a wide ranging forum for differing views on religious and ethical considerations The essays grouped together in Culture and Consumption discuss the phenomenon of consumption an identifiable and pervasive feature of American culture that distinguishes it from other national cultures The lead article provides an insight into the long standing pattern of consumption that has been progressively elevated into social policy in America This is a balanced analysis of the history of the consumption cultural ethos beginning with the undermining of the Native American Culture and ending with Wilsonian Liberal Internationalism and the demise of the moral authority of organized labor This commercialization of culture has always competed with the funding vision of a dispassionate social order in which custom deferential politics and continuation of traditional hierarchal values would be the constitutional agenda Another contributor argues that the emergence of the democratic consumer state in America was anticipated in de Tocqueville's observation that in democracies nothing has

brighter luster than commerce. Other contributor essays treat issues such as the New Class and the consumer state technology's triumph at the expense of the social and natural worlds and argue against the materialist perspective in addition. Culture and Consumption includes the following major contributions: The Dialectic of Consumption Materialism and Social Control by David Brown Religion Social Science and the Ironies of Parasitic Modernity by Guy Alchon The Dilemma of Hypermodernity by Mark Wegierski Toward an Epistemology of Addiction by Leonard Kaplan and Vince Rinella Also included are book reviews by Martha Davis and Conrad Kanagy In a concluding essay Gabriel Ricci reviews Jerome Bruner's The Culture of Education Culture and Consumption is part of an annual survey of religion and public life that provides relevant information and ideas about significant issues of the day

Architecture in an Age of Uncertainty Benjamin Flowers, 2016-04-15 In the past two decades economic bubbles inflated and architectural spending around the globe reached fever pitch In both well established centers of capital accumulation and far flung locales audacious building projects sprang up while the skyscraper heretofore more commonly associated with American capitalism seemed as if it might pack up and relocate to Dubai and Shanghai Of course much has changed in the past couple of years In formerly free spending Dubai the tallest building in the world is now named after the president of Abu Dhabi after he stepped in with last minute debt financing In cities across the United States housing prices have nose dived and cleared lots sit ready for commercial redevelopment that likely won't take place for another decade Similar stories are not hard to find in many other nations Architecture firms that swelled in flush days are jettisoning employees at a startling rate In the context of economic instability and its attendant social and political consequences this edited volume brings together scholars critics and architects to discuss the present state of uncertainty in the practice and discipline of architecture The chapters are organized into three main areas of inquiry economics practice and technology Within this larger framework authors explore issues of security ecological design disaster architecture the future of architectural practice and the ethical obligations of the social practice of design In doing so it argues that this period has actually afforded architecture a valuable moment of self reflection where alternative directions for both the theory and practice of architecture might be explored rather than continuing with an approach which was so nurtured by capitalist prosperity and affluence

Re-presentations of Dante Gabriel Rossetti, The End of Victory Culture Tom Engelhardt, 2007 Sets out to trace the vicissitudes of America's self image since World War II as they showed up in popular culture war toys war comics war reporting and war films It succeeds brilliantly Engelhardt's prose is smart and smooth and his book is social and cultural history of a high order Boston Globe from the bookjacket

Nervous Laughter Darrell Y. Hamamoto, 1991-05-30 Critically analyzing four decades of television situation comedies from The Honeymooners to The Bill Cosby Show Hamamoto shows how the sitcom reflects explains legitimates and challenges the society in which it is grounded illuminating the power of laughter both to reaffirm and to question existing social structures Hamamoto offers a well researched and refreshingly lucid study immensely readable for

its astute scholarship Indispensable for students and scholars of television popular culture and comedy **Choice Nervous Laughter** examines forty years of situation comedy decade by decade providing the first truly panoramic view of TV's most popular dramatic form Within this context Hamamoto traces what he describes as the dominant liberal democratic ideology implicit within situation comedy and explains its enduring popularity Examining liberal democratic culture politics and society he demonstrates how the sitcom resolves social contradictions Borrowing freely from the social sciences history and literary criticism he explains the curious grip the TV sitcom has had on its audience for over forty years This book critically assesses the relationship between the media and society bringing questions of power equality and democracy to the foreground **Nervous Laughter** is important reading for both the specialist and the general reader in its analysis of postwar American society **Nervous Laughter** is a study of liberal democratic culture politics and society It describes the ways affirmative aspects and contradictions of liberal democratic ideology are given form in television situation comedy It provides a close reading of forty years of television texts Arguing against mainstream theories of mass communications the author presents an analytic framework that looks instead at conflict and contradiction within class society Challenging the legitimacy of airwave control by non democratic social institutions **Nervous Laughter** concludes with a modest agenda that might lead to democratization of television

American TV Detective Dramas Mareike Jenner,2016-02-04 The way detectives access and attain the truth about a crime is an important indicator of how they relate to contemporary political developments This book explores these methods of detection and positions the genre in a specific political aesthetic narrative and industrial context

The War on Poverty in Mississippi Emma J. Folwell,2020-03-18 President Lyndon B Johnson's war on poverty instigated a ferocious backlash in Mississippi Federally funded programs the embodiment of 1960s liberalism directly clashed with Mississippi's closed society From 1965 to 1973 opposing forces transformed the state In this state level history of the war on poverty Emma J Folwell traces the attempts of white and black Mississippians to address the state's dire economic circumstances through antipoverty programs At times the war on poverty became a powerful tool for black empowerment But more often antipoverty programs served as a potent catalyst of white resistance to black advancement After the momentous events of 1964 both black activism and white opposition to black empowerment evolved due to these federal efforts White Mississippians deployed massive resistance in part to stifle any black economic empowerment twisting antipoverty programs into tools to marginalize black political power Folwell uncovers how the grassroots war against the war on poverty laid the foundation for the fight against 1960s liberalism as Mississippi became a national model for stonewalling social change As Folwell indicates many white Mississippians hardwired elements of massive resistance into the political economic and social structure Meanwhile they abandoned the Democratic Party and honed the state's Republican Party spurred by a new conservatism

Beyond Mars & Venus: Lessons of Dialogue and Peace, a Buddhist's perspective Susan M. Andrus,2003-09 A serious but down to earth tone encourages readers to embrace conflict rather than run from it

The author's experiences as a school psychologist educator and practicing Buddhist demonstrate how conflict serves as a catalyst for examining childhood beliefs engaging in dialogue and finding peace in all our relationships
