History Of The End Of The World:

The Real History of the End of the World Sharan Newman, 2010-04-06 From the author of *The Real History Behind the Templars* the origins and stories behind end of the world predictions throughout history from Revelations to 2012 In entertaining and sharp prose historian Sharan Newman explores theories of world destruction from ancient times up to the present day theories which reveal as much about human nature as they do about the predominant historical scientific and religious beliefs of the time Readers will find answers to the following end of times questions Did the Mayans really say the world will end in December 2012 How have the signs in the New Testament Book of Revelations been interpreted over the years How did ancient Egyptians Norse and Chinese think the world would end When did Nostradamus predict that the last days would come Does the I Ching reference 2012 Why didn't the world end in Y2K Are meteors global warming super volcanoes and the threat of nuclear war signs that the end is near [A History of the Apocalypse](#) Catalin Negru, 2018-07-26 Every generation of people think that their problems are the most important ever As history flows without interruption and doomsday scenarios fail the following generations focus on their own contemporary events ignoring or underestimating the past In this way people always see signs in their times and the end of the world is constantly a fresh subject [A History of the End of the World](#) Jonathan Kirsch, 2024-01-17 The Book of Revelation has served as a language arsenal in a great many of the social cultural and political conflicts in Western history Again and again Revelation has stirred some dangerous men and women to act out their own private apocalypses Above all the moral calculus of Revelation the demonization of one's enemies the sanctification of revenge taking and the notion that history must end in catastrophe can be detected in some of the worst atrocities and excesses of every age including our own For all of these reasons the rest of us ignore the book of Revelation only at our impoverishment and more to the point at our own peril The mysterious author of the Book of Revelation or the Apocalypse as the last book of the New Testament is also known never considered that his sermon on the impending end times would last beyond his own life In fact he predicted that the destruction of the earth would be witnessed by his contemporaries Yet Revelation not only outlived its creator this vivid and violent revenge fantasy has played a significant role in the march of Western civilization Ever since Revelation was first preached as the revealed word of Jesus Christ it has haunted and inspired hearers and readers alike The mark of the beast the Antichrist 666 the Whore of Babylon Armageddon and the Four Horsemen of the Apocalypse are just a few of the images phrases and codes that have burned their way into the fabric of our culture The questions raised go straight to the heart of the human fear of death and obsession with the afterlife Will we individually or collectively ride off to glory or will we drown in hellfire for all eternity As those who best manipulate this dark vision learned which side we fall on is often a matter of life or death Honed into a weapon in the ongoing culture wars between states religions and citizenry Revelation has significantly altered the course of history Kirsch whom the Washington Post calls a fine storyteller with a flair for rendering ancient tales relevant and appealing to modern audiences

delivers a far ranging entertaining and shocking history of this scandalous book which was nearly cut from the New Testament From the fall of the Roman Empire to the Black Death the Inquisition to the Protestant Reformation the New World to the rise of the Religious Right this chronicle of the use and abuse of the Book of Revelation tells the tale of the unfolding of history and the hopes fears dreams and nightmares of all humanity *The Real History of the End of the World* Sharan Newman,2010 Ever since people realized that things have a beginning and an end they have wondered if the world was fated to end Explore the various theories of world destruction from ancient times to present day theories that reveal as much about human nature as they do about the predominant historical scientific and religious beliefs of the times The Apocalypse and the End of History Suzanne Schneider,2021-09-07 How the political violence of modern jihad echoes the crises of western liberalism In this authoritative accessible study historian Suzanne Schneider examines the politics and ideology of the Islamic State better known as ISIS Schneider argues that today s jihad is not the residue from a less enlightened time nor does it have much in common with its classical or medieval form but it does bear a striking resemblance to the reactionary political formations and acts of spectacular violence that are upending life in Western democracies From authoritarian populism to mass shootings xenophobic nationalism and the allure of conspiratorial thinking Schneider argues that modern jihad is not the antithesis to western neoliberalism but rather a dark reflection of its inner logic Written with the sensibility of a political theorist and based on extensive research into a wide range of sources from Islamic jurisprudence to popular recruitment videos contemporary apocalyptic literature and the Islamic State s Arabic language publications the book explores modern jihad as an image of a potential dark future already heralded by neoliberal modes of life Surveying ideas of the state violence identity and political community Schneider argues that modern jihad and neoliberalism are two versions of a politics of failure the inability to imagine a better life here on earth History of the Apocalypse Catalin Negru,

A History of the End of the World Tim Rayborn,2022-01-18 We may never know when the actual end of the world is upon us but that doesn t mean we can t freak out about the end times Spanning centuries cultures and continents the more than 80 doomsday scenarios featured in *A History of the End of the World* examine humanity s tendency to envision the end of itself and everything else in the universe With offerings pulled from religion and mythology science literature and conspiracy theories the range of stories is fascinating illuminating and frequently strange But whether they issue from an ancient text or a pulp sci fi novel each of these apocalyptic visions will resonate and remain at the backs of our minds making us a little bit excited and a little bit anxious keeping us awake as we lay in bed wondering what we re moving toward Book jacket The English Novel in History, 1950 to the Present Professor Steven Connor,Steven Connor,2008-03-07 Steven Connor provides in depth analyses of the novel and its relationship with its own form with contemporary culture and with history He incorporates an extensive and varied range of writers in his discussions such as George Orwell William Golding Angela Carter Doris Lessing Timothy Mo Hanif Kureishi Marina Warner Maggie Gee Written by a foremost scholar of contemporary

explanation for the appeal of millennialism Using examples of apocalyptic argument from ancient to modern times O Leary identifies the recurring patterns in apocalyptic texts and movements and shows how and why the Christian Apocalypse has been used to support a variety of political stances and programs The book concludes with a critical review of the recent appearances of doomsday scenarios in our politics and culture and a meditation on the significance of the Apocalypse in the nuclear age Arguing the Apocalypse is the most thorough examination of its subject to date a study of a neglected chapter of our religious and cultural history a guide to the politics of Armageddon and a map of millennial consciousness *The Story History of France from the Reign of Clovis* John Bonner,1919 *The history of the religious movement of the eighteenth century, called Methodism* Abel Stevens,1878 [AP European History Premium, 2024: 5 Practice Tests + Comprehensive Review + Online Practice](#) Seth A.
