George Ripley, Charles Anderson Dana

History Of The Musical Box And Of Mechanical Music:

History of the Musical Box and of Mechanical Music Alfred Chapuis,1980 Along a slow moving river he watches as her body drifts below the water s murky surface forever altered Before he disposes of each victim he takes a trophy It s a sign of his power and a warning to the one destined to suffer most of all In Grizzly Falls Montana Detectives Selena Alvarez and Regan Pescoli are struggling with a new commander and a department in the midst of upheaval It s the worst possible time for a homicide A body has been found missing a finger Alvarez believes the disfigurement means a murderer with a personal grudge not a deranged madman with a brutal fetish Pescoli can only hope she s right But then a second body turns up bearing the same mark As the clues begin pointing toward a suspect Pescoli s unease grows Even with Alvarez barely holding it together and her own personal life in chaos she senses there s more to this case than others believe A killer has made his way to Grizzly Falls ready to fulfill a vengeance years in the making And Pescoli must find the target of his wrath or die trying

The Oxford Handbook of Mobile Music Studies, Volume 2 Sumanth Gopinath,Jason Stanyek,2014-03 The two volumes of The Oxford Handbook of Mobile Music Studies consolidate an area of scholarly inquiry that addresses how mechanical electrical and digital technologies and their corresponding economies of scale have rendered music and sound increasingly mobile portable fungible and ubiquitous At once a marketing term a common mode of everyday life performance and an instigator of experimental aesthetics mobile music opens up a space for studying the momentous transformations in the production distribution consumption and experience of music and sound that took place between the late nineteenth and the early twenty first centuries Taken together the two volumes cover

a large swath of the world the US the UK Japan Brazil Germany Turkey Mexico France China Jamaica Iraq the Philippines India Sweden and a similarly broad array of the musical and nonmusical sounds suffusing the soundscapes of mobility Volume 2 investigates the ramifications of mobile music technologies on musical sonic performance and aesthetics Two core arguments are that mobility is not the same thing as actual movement and that artistic production cannot be absolutely sundered from the performances of quotidian life The volume's chapters investigate the mobilization of frequency range by sirens and miniature speakers sound vehicles such as boom cars ice cream trucks and trains the gestural choreographies of soundwalk pieces and mundane interactions with digital media dance music practices in laptop and iPod DJing the imagery of iPod commercials production practices in Turkish political music and black popular music the aesthetics of handheld video games and chiptune music and the mobile device as a new musical instrument and resource for musical ensembles

The Uncanny Muse David Hajdu, 2025-02-04 One of Literary Hub's Most Anticipated Books of 2025 An acclaimed critic journalist and songwriter musician tells the story of art's relation to machines from the Baroque period to the age of AI What does it mean to be human in a world where machines too can be artists The *Uncanny Muse* explores the history of automation in the arts and delves into one of the most momentous and controversial aspects of AI artificial creativity The adoption of technology and machinery has long transformed the world but as the potential for artificial intelligence expands David Hajdu examines the new increasingly urgent questions about technology's role in culture From the life size mechanical doll that made headlines in Victorian London to the doll's modern AI pop star counterpart Hajdu traces the fascinating varied ways in which inventors and artists have sought to emulate mental processes and mechanize creative production For decades machines and artists have engaged in expressing the human condition along with the condition of living with machines through player pianos broadcasting technology electric organs digital movie effects synthesizers and motion capture By communicating and informing human knowledge the machines have exerted considerable influence on the history of art and often more influence than humans have been willing to recognize As Hajdu proclaims before machine learning there was machine teaching With thoughtful wide ranging and surprising turns from Berry Gordy and George Harrison to Andy Warhol and Stevie Wonder David Hajdu takes a novel and contrarian approach he sees how machines through the ages have enabled creativity not stifled it and *The Uncanny Muse* sees no reason why this shouldn't be the case with AI today
