and Rudolf Steiner N.V.P Franklin,2020-10-16 Today some six million Freemasons around the world continue to perform

their rituals regularly an enormous legacy of spiritual endeavour kept largely in secret In Britain alone there are over 7 000

lodges with a quarter of a million members What is this wealth this appeal and how did the philosopher and spiritual scientist

Rudolf Steiner reinterpret or reconstruct Freemasonry s time worn legacy Unless one is a Freemason the masonic world with

its arcane conventions and language remains largely unknown an obscurity that is almost impossible to fathom Yet

understanding its traditions and style are invaluable when approaching Goethe Mozart Herder Lessing and Novalis as well as

Rudolf Steiner Steiner himself renewed the Royal Art of Freemasonry from 1906 to 1914 through his ritual work known as

Mystica terna When Steiner invigorated education medicine the social order and religion he fully intended that committed

and professional individuals should assume responsibility for the new initiatives But this was not the case with the Masonic

Order he founded whose leadership he took upon himself Even the celebration of his passing in 1925 led by Marie Steiner

was entirely Masonic in character In the context of continuing resistance and misrepresentation N V P Franklin uncovers the

living heart of Freemasonry and reveals why it was and still is immensely relevant to anthroposophy With profound research

into its older rituals and teachings this detailed and conscientious study is a unique contribution to comprehending

freemasonry and anthroposophy both historically and in the present day
