History Play

**Sir Adolphus William Ward, Alfred
Rayney Waller**

History Play:

History Play Rodney Bolt, 2008-12-10 Rodney Bolt's delightful life of Marlowe plays out a surprising solution to an enduring literary mystery bringing the spirit of Shakespeare alive as we've never seen it before Rodney Bolt's book is not an attempt to prove that rather than dying at 29 in a tavern brawl Christopher Marlowe staged his own death fled to Europe and went on to write the work attributed to Shakespeare Instead it takes that as the starting point for a playful and brilliantly written fake biography of Marlowe which turns out to be a life of the Bard as well Using real historical sources as well as the occasional red herring plus a generous dose of speculation Bolt paints a rich and rollicking picture of Elizabethan life As we accompany Marlowe into the halls of academia the society of the popular English players traveling Europe and the dangerous underworld of Elizabethan espionage a fascinating and almost plausible life story emerges along with a startlingly fresh look at the plays and poetry we know as Shakespeare's Tapping into centuries of speculation about the man behind the work about whom so few facts are known for sure Rodney Bolt slyly winds the lives of two beloved playwrights into one The Contemporary History Play Benjamin Poore, 2024-05-30 Something exciting is happening with the contemporary history play New writing by playwrights such as Jackie Sibblies Drury Samuel Adamson Hannah Khalil Cordelia Lynn and Lucy Kirkwood makes powerful theatrical use of the past but does not fit into critics familiar categories of historical drama In this book Benjamin Poore provides readers with tools to name and critically analyse these changes The Contemporary History Play contends that many history plays are becoming more complex and layered in their aesthetic approaches as playwrights work through the experience of being surrounded by numerous and varied forms of historical representation in the twenty-first century For theatre scholars this book offers a means of interpreting how new writing relies on the past and notions of historicity to generate meaning and resonance in the present For playwrights and students of playwriting the book is a guide to the history play's recent past and to the state of the art what techniques and formulas have been popular the tropes that are widely used and how artists have found ways of renewing or overturning established conventions **Publishing the History Play in the Time of Shakespeare** Amy Lidster, 2022-03-17 During the early modern period the publication process decisively shaped the history play and its reception Bringing together the methodologies of genre criticism and book history this study argues that stationers have through acts of selection and presentation constructed some remarkably influential expectations and ideas surrounding genre Amy Lidster boldly challenges the uncritical use of Shakespeare's Folio as a touchstone for the history play exposing the harmful ways in which this has solidified its parameters as a genre exclusively interested in the lives of English kings Reframing the Folio as a single example of participation in genre making this book illuminates the exciting and diverse range of historical pasts that were available to readers and audiences in the early modern period Lidster invites us to reappraise the connection between plays on stage and in print and to reposition playbooks within the historical culture and geopolitics of the book trade Feminism, Dramaturgy, and the Contemporary

British History Play Rebecca Benzie, 2024-08-22 When we think of the contemporary British history play why might we automatically think of playwrights such as David Hare Howard Brenton Peter Gill and Edward Bond Because for decades the writing of the history play has been the preserve of the white male This book provides a vital feminist intervention into the dramaturgy of history plays investigating work produced at major British theatres from 2000 to the present written by a generation of innovative women playwrights This much needed study explores the use of history specifically Elizabethan Restoration Victorian and early 20th century in contemporary playwriting in order to interrogate the gender politics of this work Within the framework of contemporary feminism including the pivotal MeToo movement the book looks at post 2000s feminist drama that somehow represents the past Through delving into the recurring tropes and their politics in the light of current feminist debate the author helps us grasp how these plays essentially re imagine gender politics Plays that are considered include Emilia Morgan Lloyd Malcolm Swive Elizabeth Ella Hickson An August Bank Holiday Lark Deborah McAndrew The Empress Tanika Gupta Red Velvet Lolita Chakrabarti Scuttlers Rona Munro I Joan Charlie Josephine Blue Stockings and Nell Gwynn Jessica Swale and the musical Six Toby Marlow and Lucy Moss **Staging England in the Elizabethan History Play** Ralf Hertel, 2016-04-01 Applying current political theory on nationhood as well as methods established by recent performance studies this study sheds new light on the role the public theatre played in the rise of English national identity around 1600 It situates selected history plays by Shakespeare and Marlowe in the context of non fictional texts such as historiographies chorographies political treatises or dictionary entries and cultural artefacts such as maps or portraits and thus highlights the circulation and mutation of national thought in late sixteenth century culture At the same time it goes beyond a New Historicist approach by foregrounding the performative surplus of the theatre event that is so essential for the shaping of collective identity How this study crucially asks does the performative art of theatre contribute to the dynamics of the formation of national identity Although theories about the nature of nationalism vary a majority of theorists agree that notions of a shared territory and history as well as questions of religion class and gender play crucial roles in the shaping of national identity These factors inform the structure of this book and each is examined individually In contrast to existing publications this inquiry does not take for granted a pre existing national identity that simply manifested itself in the literary works of the period nor does it proceed from preconceived notions of the playwrights political views Instead it understands the early modern stage as an essentially contested space in which conflicting political positions are played off against each other and it inquires into how the imaginative work of negotiating these stances eventually contributed to a rising national self awareness in the spectators *Language and Politics in the Sixteenth-Century History Play* D. Cavanagh, 2003-12-12 Language and Politics in the Sixteenth Century History Play examines a key preoccupation of historical drama in the period 1538 1600 the threat presented by uncivil language Unlicensed speech informs the presentation of political debate in Tudor history plays and it is also the subject of their most daring political speculations By

analyzing plays by John Bale Thomas Norton Thomas Sackville and Robert Greene as well as Shakespeare this study also argues for a more inclusive approach to the genre

The English History Play in the age of Shakespeare Irving Ribner.,2013-11-05 First published in 1957 This edition re issues the second edition of 1965 Recognized as one of the leading books in its field The English History Play in the Age of Shakespeare presents the most comprehensive account available of the English historical drama from its beginning to the closing of the theatres in 1642 and relates this development to Renaissance historiography and Elizabethan political theory

Twentieth-century English History Plays Niloufer Harben,1988-01-01 The book offers the clearest definition yet of the history play its scope and its limits Historical drama is an extremely popular genre among 20th century English playwrights Yet the sheer size and complexity of the subject has until now prevented critics from attempting a clear definition Dr Harben provides a new and original perspective taking into account modern ideas of and attitudes to history The author examines the varying approaches to history taken by modern historians and playwrights and provides a detailed analysis of the historical source material of selected plays The study is supported with a wealth of vivid and provocative illustrations Historical and dramatic criticism is related to theatrical interpretation and experience This book therefore should prove valuable and interesting to the reader with a specialist interest in the field as well as to the more general reader

A History of English Literature Robert Huntington Fletcher,1919 Jonathan Swift another unique figure of very mixed traits is like Defoe in that he connects the reign of William III with that of his successors and that in accordance with the spirit of his age he wrote for the most part not for literary but for practical purposes in many other respects the two

are widely different Swift is one of the best representatives in English literature of sheer intellectual power but his character his aims his environment and the circumstances of his life denied to him also literary achievement of the greatest permanent significance
