## **Hitler Goring And The Obersalzberg:**

Hitler's Mountain Arthur Mitchell, 2007 This work examines the political events that took place in Obersalzberg from the 1920s until the U S Army returned control of the area to the German government in 1995 Concentrating primarily on the years when Hitler was in residence it discusses his original acquaintance with Berchtesgaden and focuses on the symbolism of self identity and public perception Provided by publisher

**Hitler's Alpine Headquarters** James Wilson, 2014-01-13 A photographic history of the Nazi party's building works in Munich and in the Berchtesgaden and Obersalzberg These postcards are fascinating HistoryOfWar.org Hitler's Alpine Headquarters looks at the development of the Obersalzberg from a small long established farming community into Hitler's country residence and the Nazis southern headquarters Introducing new images and additional text this book is a much expanded sequel to the author's acclaimed Hitler's Alpine Retreat It explains how and why Hitler chose this area to build a home and his connection to this region New chapters focus on buildings and individuals of Hitler's inner circle not covered in the earlier book The development of the region is extensively covered by use of contemporary propaganda postcards and accompanying detailed text allowing the reader to view the subject matter as it was presented to the masses at that time With over 300 images and three maps and the opportunity to compare a number of then and now images the story of Hitler's southern headquarters is brought to life through this extensive coverage Two seasons as an expert tour guide specializing in the history of the region during the Third Reich period allowed the author to carry out his own detailed research There is an interview with a local man who as a small boy was photographed with Hitler together with comments gathered during a recent meeting with Rochus Misch who served on Hitler's staff An interesting and captivating book The author has given the material an excellent treatment and there are numerous period photographs which serve to show the subject in its original state Military Archive Research

Hitler Volker Ullrich, 2020 This is a Borzoi book published by Alfred A Knopf Copyright page

Escaping Hitler's Bunker Sjoerd J. de Boer, 2021-07-30 As the Soviet troops fought their way ever closer to the Reich Chancellery in the final days of the Third Reich deep underground in Hitler's bunker fateful decisions were being made Hitler and some of those closest to him resolved to commit suicide whilst others sought to try and escape But who did manage to slip past the Russian soldiers and reach freedom How did they escape and what routes did they take through the ruined streets of Berlin Equally what became of those who escaped where did they go and what happened to those who did not get away All of these questions are answered in this book Following years of research in Berlin the author has been able to identify the various groups and individuals that left the bunker and has traced the paths taken by those who escaped and those that perished The final days in Hitler's bunker are revealed in atmospheric detail as the Red Army closed in and the inevitable end loomed menacingly nearer with the passing of every hour Many notable persons such as Bormann Speer Goring and Hanna Reitsch went to say a last farewell to the Führer while others such as Goebbels prepared themselves for suicide rather than being taken prisoner by

the Russians By using detailed maps showing the escape routes first hand testimony from those who survived photographs of the devastated German capital in 1945 as well as images of the various routes as they can be followed through Berlin today the author explores the last moments of the Third Reich in startling clarity      **Hitler's Foreign Policy 1933-1939** Gerhard L. Weinberg,2010-03-01 Hitler's path to war consisted of two different stages that paralleled the internal development of Germany From 1933 to the end of 1936 he created a diplomatic revolution in Europe From a barely accepted equal Germany became the dominant power on the continent With the remilitarization of the Rhineland the stalemate in the Spanish Civil War the forming of the Axis and the signing of the Anti Comintern Pact the first phase was completed In the second phase the diplomatic initiative in the world belonged to Germany and its partners Germany's march toward war therefore became the central issue in world diplomacy      Hermann Göring Ian Baxter,2024-05-30 This entry in the popular Images of War series features graphic contemporary images of Göring and other leading Nazis A former Great War fighter pilot Hermann Göring became at his height the second most powerful Nazi Ambitious and ruthless in addition to being a primary architect of the Third Reich state police and Gestapo his numerous appointments included Commander in Chief of the Luftwaffe Director of the Four Year Plan and playing a leading role in the Final Solution to the Jewish Question By the outbreak of the war in 1939 he was acknowledged as Hitler's successor and in 1940 was given the special rank of Marshal of the Empire and senior to all field marshals through the German armed services Due to being held responsible for a number of military disasters Göring's pre eminent position declined as the war dragged on to the point where he was expelled from the Party for illegally attempting to seize control of the State Captured by the Allies he was found guilty at Nuremberg of being a leading war aggressor and advocate of the persecution of Jews and other races He cheated the hangman by committing suicide The career of this leading Nazi is admirably described here in words and copious images      *The Nazis' Nuremberg Rallies* James Wilson,2012-07-19 An amazing collection of original photographs and postcards relating to the Nuremberg rallies of the Nazis the book is dazzling War History Online This book describes the background to and the development of the Nazi Party Rallies held at Nuremberg each September from 1933 to 1939 These Reichsparteitage National Party Days were vast and meticulously staged managed extravaganzas in which ritual and ceremony played an important part The Rallies had two key objectives The first was to focus public attention on the successes of the Nazi Party and connect with the public conscience and build a close bond between Party and people Even more important was the Rallies role in presenting Adolf Hitler as the savior of the German nation sent to restore national pride power and prosperity after the shame and economic disaster of the post war years and the deeply resented Versailles Treaty The Hitler Cult was blatantly promoted with revolutionary use of propaganda by the latest technology and iron control of the media The author's superb collection of postcards and images takes the reader on a visual journey through each year's Reichsparteitage The Nazis Nuremberg Rallies which also includes character studies of the principal Nazi figures is a truly fascinating way to understand this uniquely successful and

threatening phenomena Excellent The book really does bring each and every rally to life the book also has some rare photos that I haven't seen before and it also displays posters and postcards designed for the events So you get to see the propaganda on multiple levels UK Historian

**The Hitler Book** Henrik Eberle, Matthias Uhl, 2009-03-25 Stalin had never been able to shake off the nightmare of Adolf Hitler Just as in 1941 he refused to understand that Hitler had broken their non aggression pact he was in 1945 unwilling to believe that the dictator had committed suicide in the debris of the Berlin bunker In his paranoia Stalin ordered his secret police the NKVD precursor to the KGB to explore in detail every last vestige of the private life of the only man he considered a worthy opponent and to clarify beyond doubt the circumstances of his death For months two captives of the Soviet Army Otto Guensche Hitler's adjutant and Heinz Linge his personal valet were interrogated daily their stories crosschecked until the NKVD were convinced that they had the fullest possible account of the life of the Führer In 1949 they presented their work in a single copy to Stalin It is as remarkable for the depth of its insight into Adolf Hitler from his specific directions to Linge as to how his body was to be burned to his sense of humor as for what it does not say reflecting the prejudices of the intended reader Joseph Stalin Nowhere for instance does the dossier criticize Hitler's treatment of the Jews Today the 413 page original of Stalin's personal biography of Hitler is a Kremlin treasure and it is said to be held in President Putin's safe The only other copy made by order of Stalin's successor Nikita Khrushchev in 1959 was deposited in Moscow Party archives under the code number 462A It was there that Henrik Eberle and Matthias Uhl two German historians found it Available to the public in full for the first time The Hitler Book presents a captivating astonishing and deeply revealing portrait of Hitler Stalin and the mutual antagonism of these two dictators who between them wrought devastation on the European continent

*Hitler, 1936-45* Ian Kershaw, 2000 In this volume Ian Kershaw introduces Adolf Hitler at the apex of his power idolized by millions of Germans for bringing the nation out of economic catastrophe The Nazi party the armed forces the industrial cartels and the civil servants are all working towards the Führer Meanwhile Hitler is poised to realize his Mephistophelean vision the subjugation of Europe under the Thousand Year Reich and in the process the annihilation of the Jews For three years Hitler and his relentless armies plunge the European continent into a bloodbath as German soldiers accompanied by fanatical SS units slaughter conquered troops and civilians alike Then as Allied might prevails Kershaw reveals a Hitler transformed from invincible warlord to desperate gambler ultimately bringing destruction to his country and ending his life in a bunker under the ruins of Berlin Based on immense research including the use of many previously untapped sources *Hitler 1936-1945 Nemesis* concludes the classic Hitler biography of our time Page 4 of cover

*Landscapes of Holocaust Postmemory* Brett Ashley Kaplan, 2011-01-13 How do the spaces of the past stay with us through representations whether literary or photographic How has the Holocaust registered in our increasingly globally connected consciousness What does it mean that this European event is often used as an interpretive or representational touchstone for genocides and traumas globally In this interdisciplinary study Kaplan asks and attempts to answer these

questions by looking at historically and geographically diverse spaces photographs and texts concerned with the physical and or mental landscape of the Holocaust and its transformations from the postwar period to the early twenty first century Examining the intersections of landscape postmemory and trauma Kaplan s text offers a significant contribution to our understanding of the spatial visual and literary reach of the Holocaust

**At Hitler's Side** Nicolaus von Below,2024-02-19 This is the personal account of a Luftwaffe aide always at Hitler s side from 1937 until the last days in Berlin now published for the first time in English Nicolaus von Below was a 29 year old pilot when Goering selected him for the position of Hitler s Luftwaffe adjutant He was with Hitler at every stage as the Second World War unfolded His observations tell of Hitler s responses to momentous events as well as military decisions and policy making at Fuhrer Headquarters This is a superb source describing life in Hitler s inner circle relied upon on by Gitta Sereny in her biography of Albert Speer He provides fascinating insight into how Hitler planned the invasions of Poland and Russia what he thought of Britain and America why he placed his faith in the V 1 and V 2 projects how others dealt with him and much more Von Below was present at the assassination attempt in July 1944 and records the effect on Hitler and his followers Von Below was the last of Hitler s close military entourage to emerge from the bunker alive His frank memoir will appeal to anyone interested in how Hitler ran his war He was denounced to the British in 1946 and imprisoned as a material witness at Nuremberg until being discharged in 1947

*Hitler at Hintersee* James Wilson,2024-06-30 This book provides a unique and fascinating insight into a little known aspect of Hitler s life and character Hitler at Hintersee tells two stories On the one hand there is Gerhard Bartels who still lives at Hintersee outside Berchtesgaden As a small boy Gerhard was photographed on a number of occasions with Adolf Hitler when the F hrer visited Hintersee Gerhard tell us about his life growing up in an area frequented by senior members of the Nazi hierarchy He talks about the lives of ordinary local people and how the remaining German forces in the area considered putting up a last defense as the Allies advanced towards Berchtesgaden and Hintersee in April and May 1945 His family hotel was taken over as a last stand headquarters This fascinating book also examines the significance of the region to the ruthless all powerful regime and why the Nazi leadership established a southern headquarters on the Obersalzberg above Berchtesgaden It reveals Hitler s connection to the area and looks at why he was initially drawn to this beautiful Alpine region in 1923 Hitler s close links with Berchtesgaden and the Obersalzberg endured for over twenty years during which time the area was transformed Local sources together with a wealth of contemporary images provide a depth of previously unexplored information Hitler at Hintersee provides a unique and fascinating insight into a little known aspect of Hitler s life and character

**Hitler and the Nazi Leaders** John K. Lattimer,1999 Materiale om nazilerne samlet af l gen John K Lattimer til brug for N rnbergprocessen

**The 30 Most Influential People of World War II** Alan Axelrod,2018-06-05 General Patton said The soldier is the army This book says People are the war And even World War II a conflict of unprecedented scope magnitude complexity and devastation was the work of individual political leaders commanders heroes

and villains Here are the 30 people who were at the very heart of the world's deadliest and most consequential war exposed studied and ranked according to influence by an author praised as one of America's great military historians **Hitler's Alpine Retreat** James Wilson, 2007-03-28 A collection of Nazi propaganda shots including rare images of Adolf Hitler socializing with children and supporters at his notorious Alpine hideaway Daily Mail Adolf Hitler became completely captivated by Berchtesgaden and the Obersalzberg when he first visited the area in 1923 In time he bought Haus Wachenfeld and made the area his second seat of government This meant major construction of the Berghof barracks administrative buildings airstrips and the famous Eagle's Nest During the war massive tunnels were dug Most were destroyed by allied bombing in April 1945 This original book tells the story of the area and in contemporary postcards and photographs how it was transformed by Hitler and his henchmen Goering Goebbels and Borman Hitler's Court Heike B. Görtemaker, 2022-01-12 This revelatory history examines the loyal inner circle that followed and enabled Hitler's rise to power and continued on after WWII Hitler was not a lonely aloof dictator Throughout his rise in the NSDAP he gathered a loyal circle around him and was surrounded by people who celebrated flattered and intrigued him Who belonged to this inner circle around Hitler What function did this court fulfill And how did it influence the perception of history after 1945 Using previously unknown sources Heike Görtemaker explores Hitler's private environment and shows how this inner circle made him who he was Hitler's inner circle the Berghof Society was his private retreat But the court was more than that It provided him with the support he needed to take on the role of Führer at all while at the same time allowing him to use its members as political front men Most of all it represented a conspiratorial community whose lowest common denominator was anti-Semitism In this book Heike Görtemaker asks new questions about the truth behind Hitler's inner circle and for the first time also examines the circle without leaders the networking of the inner circle after 1945 High Society in the Third Reich Fabrice D'Almeida, 2008-12-22 This book is the first systematic study of the relations between German high society and the Nazis It uses unpublished archival material private diaries and diplomatic documents to take us into the hidden areas of power where privileges tax breaks and stolen property were exchanged Fabrice D'Almeida begins by examining high society in the Weimar period dominated by the old imperial aristocracy and a new republican aristocracy of government officials and wealthy businessmen It was in this group that Hitler made his social debut in the early 1920s through the mediation of conservative friends and artists including the family of the composer Richard Wagner By the end of the 1920s he enjoyed wide support among socialites who played a significant role in his access to power in 1933 Their adherence to the Nazi regime and the favors they received in return continued and even grew until defeat loomed on the horizon D'Almeida shows how members of German high society sought to outdo each other in showing zealous support for Hitler how the old elites starting with the Kaiser's sons partied alongside parvenus and how actors aristocrats SS technocrats and diplomats came together to form a strange imperial court Women also played a role in this theatre of power they were persuaded that they

had gained in dignity what they had lost in civil rights There emerges a fascinating and disturbing picture of a group that allowed nothing not war the plundering of Europe nor the extermination of peoples to alter their cynical enjoyment of pleasures hunting regattas the opera balls dinners and tennis More than a study of a class or a chronicle this book lifts the veil that has concealed a society that used secrecy to protect itself High Society in the Third Reich makes an important and unique contribution to the current reevaluation of the extent to which German society including German high society was responsible for Hitler's accession to power and the crimes that were committed by his regime

**Hermann Goring and the Nazi Art Collection** Kenneth D. Alford, 2014-01-10 During World War II the Nazis plundered from occupied countries millions of items of incalculable value estimated in the hundreds of millions of dollars Spearheaded by Hermann Goring the looting program quickly created the largest private art collection in the world exceeding the collections amassed by the Metropolitan in New York the British Museum in London the Louvre in Paris and the Tretyakov Gallery in Moscow By the end of the war the Nazis had stolen roughly one fifth of the entire art treasures of the world This book explores the formation of the Nazi art collection and the methods used by Goring and his party to strip occupied Europe of a large part of its artistic heritage

*The Cruel Slaughter of Adolf Hitler* karsten friedrich, 2011-02 World War II World War II or the Second World War was a global military conflict lasting from 1939 to 1945 which involved most of the world's nations including all of the great powers eventually forming two opposing military alliances the Allies and the Axis It was the most widespread war in history with more than 100 million military personnel mobilised In a state of total war the major participants placed their entire economic industrial and scientific capabilities at the service of the war effort erasing the distinction between civilian and military resources Marked by significant events involving the mass death of civilians including the Holocaust and the only use of nuclear weapons in warfare it was the deadliest conflict in human history resulting in 50 million to over 70 million fatalities

**Göbbels, Himmler and Göring** Andrew Sangster, 2019-01-18 This book contains the biographies of Hitler's three henchmen Göbbels Himmler and Göring the longest loyal servants of Hitler It utilises both older biographies because of their insights and more recent scholarly publications as well as diaries such as those of Göbbels and Ciano The volume illustrates that Göbbels' support was three fold in campaign managing propaganda and myth building Himmler's terror apparatus suppressed occupied Europe and controlled Germans ensuring that Hitler retained power Göring's control of the economy and the Luftwaffe and his personal support of Hitler were critical as demonstrated by his trial at Nuremberg but he was the weakest link from 1940 as he became virtually ineffectual In addition and new to this area of study the book introduces the work of Stephen Roberts an academic who actually met these men in 1936 and whose insights are revealing The volume also examines the question of their mental stability in the light of psychopathic studies
