Hitlerroad To Power:

Mao's Road to Power: The pre-Marxist period, 1912-1920 Zedong Mao, Stuart Reynolds Schram, 1992 Minutes of the Third Day of the First Enlarged Meeting of the General Front Committee of the First Front Army of the Red Army June 22

Der Fuehrer: Hitler's Rise to Power Konrad Huiden, 1944 Mao's Road to Power: Revolutionary Writings, 1912-49: v. 6: New Stage (August 1937-1938) Zedong Mao, Stuart Schram, 2015-07-17 By 1936 after a decade of Civil War and even before the Xi an Incident Mao Zedong had begun talking about a New Stage of cooperation between the Guomindang and the Communist Party With the establishment of a framework for cooperation between the two parties and as Japan began its brutal war against China Mao began to develop this theme more systematically in both the political and military spheres This volume documents the evolution of Mao s thinking in this area that found its culmination in his long report to the Sixth Enlarged Plenum of the Central Committee in October 1938 explicitly entitled On the New Stage and presented here in its entirety It was also during this period that Mao delivered a course of lectures on dialectical materialism after reading and annotating a number of works on Marxist theory by Soviet and Chinese authors These lectures from which On Practice and On Contradiction were later extracted are also translated here in their entirety Der Fuehrer: Hitler's Rise to Power Konrad Heiden, 1944 Describes events leading up to Hitler s rise to power *The Road to Power* Yonathan Shapiro, 2012-02-01 This is a clearly conceived meticulously executed and lucidly written study of the Herut Party and it will stand for many years as the definitive study of its subject Its major strength is the account of the turning points in the evolution of the Revisionist Party s character under Jabotinsky s leadership and later of Herut Party under Begin s leadership through interaction with the Polish and Israeli societies respectively The author addresses the pertinent influences and organizations that interacted with the Revisionists and Herut and provides a clear sense of the parameters within which these parties evolved In short even though Herut is viewed by many including the author as an atypical party that adheres to myths and as a Manichean worldview Shapiro makes sense of it roots character and evolution in sociological terms

Hitler's Rise to Power Geoffrey Pridham, 1973 *HOW HITLER CAME TO POWER* Sara Moore, 2006-01-27 How Hitler came to Power describes how what amounted to a conspiracy of German military and industrial cliques and in particular members of the pre First World War Pan German League manipulated Allied leaders and misrepresented the Treaty of Versailles to further their ambitions It was they who created the conditions which let Hitler come to power Economic historian Sara Moore is the author of *Peace without Victory for the Allies 1918 1932* Berg 1994 In her new book she skilfully details how America and the Allies failure to secure an unconditional surrender allowed factions within the German ruling elites to portray their country s military defeat as a stab in the back by weak liberal politicians They shared beliefs in Bismarck s legacy of blood and iron the ideology of the master race and Germany s destiny as a world power Millions had voted for democracy and pacifism in 1928 This angered members of the Pan German League such as newspaper magnate

Alfred Hugenberg and his former employer Gustav Krupp The pursued their nefarious schemes to undermine the Weimar Republic with zero regard for the human cost Real Politik ruled Moore reveals that Germany was world s largest exporter in 1931 and its Reichsbank full of funds when it pointed to the misery of its people and asked for a moratorium on its reparations payments Foreigners worried about Germany s huge number of unemployed and feared that the country would be overcome by Bolshevism but their fears were groundless because unknown to them Krupp had secretly concluded a contract in which he agreed to assist Stalin in modernising his armed forces provided that Stalin ordered the German Communists to vote with the extreme Right instead of the Left in the German Reichstag Krupp also helped Stalin create and organise giant collectives to pay for his weaponry Demoralised by taxation mass unemployment and misinformation the German people finally lost their faith in democracy and in 1932 voted to support Hitler Only a short time later Hindenburg allowed him to become dictator Yet Krupp Hugenberg and the Pan Germans who helped Hitler s rise to power seem to have escaped censure for eighty years

Mao's Road to Power Stuart Schram,Timothy Cheek,Roderick MacFarquhar,2015-07-16 This eighth volume covers the period 1942 to 1945 when Mao asserted his status as the incarnation and symbol of the Chinese Revolution and the sinification of Marxism Leninism

Hitler's Foreign Policy 1933-1939 Gerhard L. Weinberg,2010-03-01 Hitler s path to war consisted of two different stages that paralleled the internal development of Germany From 1933 to the end of 1936 he created a diplomatic revolution in Europe From a barely accepted equal Germany became the dominant power on the continent With the remilitarization of the Rhineland the stalemate in the Spanish Civil War the forming of the Axis and the signing of the Anti Comintern Pact the first phase was completed In the second phase the diplomatic initiative in the world belonged to Germany and its partners Germany s march toward war therefore became the central issue in world diplomacy

Hitler's New Command Structure and the Road to Defeat Andrew Sangster,Pier-Paolo Battistelli,Pier Paolo Battistelli,2024-11-30 As the war progressed Hitler did not need obedient bureaucrats like Keitel failures like Paulus and was paranoid about having military leaders who were loyal The three field marshals in this book were amongst the best Field Marshal Kesselring gained a reputation in Italy as an expert in defense and his Allied code name was The Emperor Kesselring was diplomatic charming known as Smiling Albert but convicted as a war criminal which may not have happened had it not been for the bitter partisan war Field Marshal Rommel is surrounded by myths which need disentangling He possessed exceptional qualities of command and leadership with personal courage and determination but had problems caused by two major reasons The first was his relentless ambition which prevented him from self criticism and self evaluation The second was his meteoric rise in command and like many other commanders driven by ambition Field Marshal Model when on the battlefield led his men so well it is surprising that little is known of him He fought defensive battles in a way hardly matched by any other German general He had the immense capability of keeping his nerve but his skills as a commander were not matched by the sort of personality which may have given him a similar status as

with Rommel and not helped by challenging Hitler Model had a reputation of being so tough even Hitler claimed he would not want to serve under him he was known as the Frontschwein front line pig *Understanding Western Society, Combined Volume* John P. The Second World War in Europe S.P. Mackenzie, 2014-06-06. This is an updated edition of the first truly concise introduction to the history of World War II in the West. The author S.P. MacKenzie traces the major events on both fighting front and home front, explaining what happened and just as importantly why the balance of fortunes swung first towards the Axis and then towards the Allies. Along with overviews of the origins and consequences of the conflict, the book provides a narrative account of the course of events on land throughout the war. Contains sections specifically devoted to societies and economies, resistance movements and collaboration, technology and intelligence, alliances and strategy, the war in the air and at sea. Assesses the impact of the war and introduces the key historiographical debates surrounding it. Far from being a blow-by-blow account, the book shows how the Second World War can only be understood by taking all the contributing factors: military, economic and social among others into account. In addition to the existing wealth of useful supplementary material, this edition has been updated to include a colour illustration section and for readers interested in learning more, a detailed narrative guide to published historical literature. Admirably succinct yet academically rich, this is the essential introduction to the Second World War in the West.

Murder in Our Midst Omer Bartov, 1996-02-29. War endlessly tries to mask itself. The myth of the heroic soldier testing his individual courage stands in stark contrast to the reality of mass anonymous death and the suppression of individual actions. *Murder in Our Midst* shows that this fundamental tension reached its natural conclusion in the Holocaust and that disguising it has required an ongoing effort to misrepresent war and the Holocaust as something other than industrial killing. Examining a broad range of the representations of war's horrors from scholarly depictions to those in popular literature, poetry, art and the movies, Omer Bartov finds they have some things in common. Societies and cultures have attempted to form coherent images of horrific events to draw didactic lessons from them and to exploit them to legitimate ideological or political positions. Made up of interconnected essays, this book is both a scholarly and an often personal and passionate examination of the emergence, implementation and representation of industrial killing. Bartov draws out the links between recent revisionist attempts to minimize and deny the Holocaust and Hollywood's ongoing fascination with National Socialism and Hitler's Final Solution. Arguing that the modern predicament reflects the effects of the Nazi genocide on current perceptions of war, history and memory, this book is a plea for compassion and commitment in an increasingly violent and indifferent world.
