Hitlers Werewolves:

Order of Battle Ib Melchior, 2014-07-01 An assassination attempt on General Eisenhower looms as agents race to take down a Nazi terrorist organization in this undeniably exciting thriller The Washington Post Written by an author with personal experience as a counterintelligence agent during World War II Order of Battle is set during the waning days of Nazi Germany as plans are hatched for a covert terrorist organization known as the Werewolves meant to carry on Hitler's legacy even in the face of defeat High on their list of goals the death of America's heroic Dwight D Eisenhower But the secret Nazi resistance will have trouble eluding the Allied forces lying in wait for them especially one dedicated American intelligence officer who suspects that danger lurks underground amid the chaos of a collapsing empire in this novel inspired by real events and filled with maximum tension The New York Times

Hitler's Children Gerhard Rempel, 2015-07-15 Eighty-two percent of German boys and girls between the ages of ten and eighteen belonged to Hitlerjugend Hitler Youth or one of its affiliates by the time membership became fully compulsory in 1939 These adolescents were recognized by the SS as an exclusive cadre of Nazi zealots as a source of future recruits to its own elite ranks which were made up largely of men under the age of thirty In this book Gerhard Rempel examines the special relationship that developed between these two most youthful and dynamic branches of the National Socialist movement and concludes that the coalition gave nazism much of its passionate energy and contributed greatly to its initial political and military success Rempel centers his analysis of the HJ-SS relationship on two branches of the Hitler Youth The first of these the Patrol Service was established as a juvenile police force to pursue ideological and social deviants political opponents and non-conformists within the HJ and among German youth at large Under SS influence however membership in the organization became a preliminary apprenticeship for boys who would go on to be agents and soldiers in such SS-controlled units as the Gestapo and Death's Head Formations The second the Land Service was created by HJ to encourage a return to farm living But this battle to reverse the flight from the land took on military significance as the SS sought to use the Land Service to create defense peasants who would provide a reliable food supply while defending the Fatherland The transformation of the Patrol and Land services like that of the HJ generally served SS ends at the same time that it secured for the Nazi regime the practical and ideological support of Germany's youth By fostering in the Hitler Youth as national community of the young the SS believed it could convert the popular movement of nazism into a protomilitary program to produce ideologically pure and committed soldiers and leaders who would keep the movement young and vital

Hitler Youth Michael H. Kater, 2009-06-30 In modern times the recruitment of children into a political organization and ideology reached its boldest embodiment in the Hitler Youth founded in 1933 soon after the Nazi Party assumed power in Germany Determining that by age ten children's minds could be turned from play to politics the regime inducted nearly all German juveniles between the ages of ten and eighteen into its state-run organization The result was a potent tool for bending young minds and hearts to the will of Adolf Hitler Baldur von Schirach

headed a strict chain of command whose goal was to shift the adolescents sense of obedience from home and school to the racially defined Volk and the Third Reich Luring boys and girls into Hitler Youth ranks by offering them status uniforms and weekend hikes the Nazis turned campgrounds into premilitary training sites air guns into machine guns sing alongs into marching drills instruction into indoctrination and children into Nazis A few resisted for personal or political reasons but the overwhelming majority enlisted Drawing on original reports letters diaries and memoirs Michael H Kater traces the history of the Hitler Youth examining the means degree and impact of conversion and the subsequent fate of young recruits Millions of Hitler Youth joined the armed forces thousands gleefully participated in the subjugation of foreign peoples and the obliteration of racial aliens Although young they committed crimes against humanity for which they cannot escape judgment Their story stands as a harsh reminder of the moral bankruptcy of regimes that make children complicit in crimes of the state

Hitler's Monsters Eric Kurlander, 2017-06-06 A dense and scholarly book about the relationship between the Nazi party and the occult reveals stranger than fiction truths on every page Daily Telegraph The Nazi fascination with the occult is legendary yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty Preposterous though it was however supernatural thinking was inextricable from the Nazi project The regime enlisted astrology and the paranormal paganism Indo Aryan mythology witchcraft miracle weapons and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion In this eye opening history Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward Even as popular occultism and superstition were intermittently rooted out suppressed and outlawed the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power shape propaganda and policy and pursue their dreams of racial utopia and empire Kurlander shows how swiftly irrational ideas can take hold even in an age before social media The Washington Post Deeply researched convincingly authenticated this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish The Spectator A trustworthy book on an extraordinary subject The Times A fascinating look at a little understood aspect of fascism Kirkus Reviews Kurlander provides a careful clear headed and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits National Review **Hitler's**
