150 influential women from pre-classical civilizations ancient Egypt and Israel reshaping history by defying patriarchal norms Countless books have been written about prominent women in Greece and Rome so we know all about Medea Sappho Lucretia Boudica and Cleopatra and their significant actions and achievements This book extends the invaluable story of women in early history to pre-classical civilizations ancient Egypt and Israel to include prominent women in those civilizations as well thus introducing them and their roles and places in their respective societies and social histories to a wide audience The aim of this book is to demonstrate how 150 women most little known significantly influenced informed and changed the worlds in which they lived We show how a small disparate body of women in each of these periods united by their determination and strength of mind were able to break free from the norms and values of the patriarchal societies which confined and restricted them to make a valuable difference to their individual societies cultures politics and foreign

policies in so doing they have changed perceptions of women and the role women were subsequently allowed to play Some of the women are well known others less so The book reinforces the reputations of those who have endured popularity over the centuries and where necessary realigns those reputations after years of prejudice and the vicissitudes of sexism misogyny Hollywood and sensationalist literature For those who have been written out of mainstream history and relegated to footnotes at best this is a chance to re introduce them and the impact they have made on their and our world Their relative anonymity does not mean that they are less important on the contrary they are equally significant and the more we know about them the better if we want a rounded picture of the civilizations to which they contributed so much Each chapter is followed by suggestions for further reading to encourage further research

**A Beautiful Disguise (The Imposters Book #1)**  
 Roseanna M. White, 2023-08-22

In Edwardian London, not all that glitters is gold. As a lady and an intelligence officer's secret mission take them from the city's dazzling ballrooms to its covert intelligence offices, Sir Merritt Livingstone has spent a decade serving the monarch in the field. But when pneumonia lands him behind a desk in the War Office Intelligence Division, just as they're creating a new secret intelligence branch, he's intent on showing his worth. He suspects an aristocrat of leaking information to Germany as tensions mount between the two countries, but he needs someone to help him prove it, so he turns to The Imposters Ltd. No one knows who they are, but their results are beyond compare. Left with an estate on the brink of bankruptcy after their father's death, Lady Marigold Fairfax and her brother open a private investigation firm for the elite to spy on the elite. Dubbed The Imposters Ltd, their anonymous group soon becomes the go-to for the crime of society who want answers delivered surreptitiously. But the many secrets Marigold learns about her peers pale in comparison to her shock when she and her brother are hired to investigate her best friend's father as a potential traitor. Lady Marigold is determined to discover the truth for her friend's sake, and she's more determined still to keep her heart from getting involved with this enigmatic new client who can't possibly be as noble as he seems. White's well-woven plot is engaging from start to finish with delightful threads of mystery, romance, and inspiration.
