The First Americans Phyllis Goldman, 2011-04 Native American culture has a wide range of folktales legends and myths that have been passed down through the generations This rich heritage of storytelling features lessons in spirituality and morality with animals and nature often playing central roles This delightful book has dozens of mysterious witty and sometimes subtle tales representing the relationship between humans and the natural world

Disciple of War Michael G. Manning, 2020-12-21 War looms on the horizon but Selene s training as a wizard must begin even though her age makes success nearly unattainable Will searches for a solution but their only hope may be a dangerous bargain with the king The fate of two nations lies on Will s shoulders and the future is paved with violence With few options he needs the aid of uncertain allies and dubious friends Traitors lurk among them and soon he will be forced to choose who to trust and who to sacrifice For a terrible power has arrived in Darrow and the price of victory will be paid in blood

We Are the Crisis Cadwell Turnbull, 2023-11-07 A NEW YORK TIMES EDITORS CHOICE The long awaited sequel to No Gods No Monsters from award winning author Cadwell Turnbull We Are the Crisis sees humans and monsters clash as civil rights collide with preternatural forces Three years after the Monster Massacre members of Rebecca s old wolf pack have begun to go missing without a trace The world has undergone many changes in the years since monsters came out of the shadows An anti monster group known as the Black Hand has started to organize across the United States In response pro monster organizations have been growing in numbers and militancy Targeted killings of suspected monsters and their allies monsters spirited away in the dead of night and the beginnings of pro monster legislation are all signs of a cosmic shift on the horizon Is there any hope for lasting peace Or are these events just precursors to a devastating monster human war Meanwhile beneath it all two ancient orders escalate their mysterious conflict revealing dangerous secrets about the gods and the very origins of magic in the universe

Scholar of Magic Michael G. Manning, 2020-04-27 The looming war with Darrow has faded to a distant shadow but Will s continued studies at Wurthaven are disrupted by an unforeseen threat Selene s absence has raised suspicion among her friends and Will s father in law the king who is now directing his ire at the obvious culprit his daughter s new husband Meanwhile the citizens of Cerria have begun disappearing and a shadowy figure is stalking Will s sister Laina With his power pushed to the limit Will finds himself attempting to preserve a family that rejected him and trying to save a city whose king might rather see him dead Desperate for help he may not be able to trust the powers that have supported him in the past for though the fae could be the source of the catastrophe they only offer their assistance for a price Evil stalks the streets of Cerria at night seeking the blood of his family the destruction of the city and the death of the king Will may have to decide what is most important for Terabinia preserving the people of its most prosperous city or saving its questionable ruler
