## **Lake Joseph 18601910 An Illustrated Notebook:**

**Elgin House, Lake Joseph** Ray Love, 2014-08-22 Elgin House Lake Joseph Past and Present is a history of an important and successful summer resort in the Muskoka Region of Ontario from 1885 to the present. It details the efforts of four generations of the Love family to create a world class summer resort from modest beginnings. The resort was unique in that it catered to the many well to do Canadians and Americans with strong religious beliefs including several of North America's founding families. The book revolves around a series of Love family stories and is set in the context of developments in Canadian history throughout the twentieth century. The book contains 58 images of the resort through its history including a number by the Muskoka photography legend Frank Micklethwaite. It concludes with a description of the present day use of this property in the form of the luxurious Lake Joseph Club, a Thomas McBroom designed championship golf course, villas and lake front dining facility.

**Pioneer Muskoka** Ray Love, 2016-07-25 The history of Ontario's premier cottage destination Muskoka was not commonplace or uneventful. Beginning in the 1860s, emigrants from the British Isles and Europe were lured to this desolate region with the promise of free land grants for farming. What they found were mature forests, swamp and never ending rock. Their heroic attempts to make a living farming on the Precambrian Shield did not come without considerable discomfort. Pioneer Muskoka documents the struggles faced by these early homesteaders and their response to hardship, isolation, disease and poverty. This is the tale of a community banding together to overcome fear with courage and determination. Readers will be astounded by the lengths these settlers went in their quest to make a home for themselves and future generations in Muskoka. The eventual shift from farming to more profitable industries such as lumber and tourism brought a shift in attitude towards this now highly sought after locale. The first families through their enormous efforts were able to create this positive and enduring change.

**Making Muskoka** Andrew Watson, 2022-10-15 Muskoka. Now a magnet for nature tourists and wealthy cottagers, the region underwent a profound transition at the turn of the twentieth century. Making Muskoka traces the evolution of the region from 1870 to 1920. Over this period, settler colonialism upended Anishinaabe and Haudenosaunee communities, but the land was unsuited to farming and within the first generation of resettlement, tourism became an integral feature of life. Andrew Watson considers issues such as rural identity, tensions between large and household scale logging operations and the dramatic effects of consumer culture and the global shift toward fossil fuels on settlers' ability to control the tourism economy after 1900. Making Muskoka uncovers the lived experience of rural communities shaped by tourism at a time when sustainable opportunities for a sedentary life were few on the Canadian Shield and reveals the consequences for those living there year round.

**Muskoka Ontario's Playground** Ray Love, 2018-05-22 Recreation and Sport are an integral part of Canadian culture. This is nowhere more evident than in the Muskoka District of Ontario. Beginning in the 1860s, people from more populated areas of Southern Ontario and the North Eastern United States flocked to Muskoka to enjoy nature's bounty. They came to fish, hunt, canoe, sail, swim, hike and explore.

Many vacationed at one of the ever expanding selection of Muskoka resorts Others built their own recreational retreats or cottages Also beginning in the 1860s Free Land Grant recipients ventured to the area to take land and attempt to farm it They became the permanent population base and set about developing their own recreations and sporting organizations This book surveys the attempts of all of Muskoka s residents and visitors to enjoy the recreational opportunities the region provided The main focus of this local history is on how people in the past used recreation and sport to enhance their lives In other words what they did for exercise and fun      **Lake Joseph, 1860-1910** William Melville Gray,1991      **Lake Joseph, 1860-1910** William Gray,1996-09-01 We know surprising little about the Chippewas on Lake Joseph and its environs of one hundred and fifty years ago This book is a collection of notes capturing Lake Joseph of the last century More importantly it is an album of photographs that speak for themselves Listen to them they tell a wonderful story      **Books in Print** ,1991
