Will's Lament: Book 1 Jeremy Hernandez, 2010-04-09 Will's Lament is a series of 4 books It's the story of a painfully acquiescent love triangle Not of man and woman but of life death and everything in between It incorporates themes of several genres including suspense horror fantasy a bit of dark humor and a hint of criminal drama particularly noticable as the reader progresses through the next volumes BOOK 1 leads a man named Will Cypher through a post apocalyptic city flooded with sinful temptations at every turn To find the answers he so desperately sought Who he was and how he got there Will has absolutely no memory of himself His only hope is a devastatingly BEAUTIFUL yet clearly psychotic woman whose face is painted with black paint in the design of a twisted and demonic looking clown Whom kills impulsively without doubt or hesitation Whom claims to hold the very answers Will wanted to hear But only seems to drive him further and further into the rut Does he simply ignore her relentless bloodlust Or can he do it all on his own

Ligeti's Laments: Nostalgia, Exoticism, and the Absolute Amy Bauer, 2017-07-05 When the Hungarian composer Gyrgy Ligeti passed away in June 2006 he was widely feted as being one of the greatest composers of our time His complete published works were recorded during his lifetime and his music continues to inspire a steady stream of performances and scholarship Ligeti's Laments provides a critical analysis of the composer's works considering both the compositions themselves and the larger cultural implications of their reception Bauer both synthesizes and challenges the prevailing narratives surrounding the composer's long career and uses the theme of lament to inform a discussion of specific musical topics including descending melodic motives passacaglia and the influence of folk music But Ligeti's laments in a larger sense his music fuses rigour and sensuality tradition and the new and influences from disparate high and low cultures with a certain critical and ironic distance reflected in his spoken commentary as well as in the substance of his music The notions of nostalgia exoticism and the absolute are used to relate works of different eras and genres along with associated concepts of allegory melancholy contemporary subjectivity and the voice

The Turquoise Lament John D. MacDonald, 2013-01-08 From a beloved master of crime fiction The Turquoise Lament is one of many classic novels featuring Travis McGee the hard boiled detective who lives on a houseboat Funny thing about favors Sometimes they come back to haunt you And Travis McGee owes his friend a big one for saving his life once upon a time Now the friend's daughter Linda Pidge Lewellen needs help five time zones away in Hawaii before she sails off into the deep blue with a cold blooded killer her husband The Travis McGee novels are among the finest works of fiction ever penned by an American author Jonathan Kellerman When treasure hunter Ted Lewellen saved his life in a bar fight McGee could never have thought he'd end up

paying his rescuer back in such a way But years later he finds himself headed to Hawaii at Ted s request to find out whether Pidge s husband really is trying to kill her or if she s just losing her mind Of course once McGee arrives he can t help but give in to his baser instincts and as his affair with Pidge gets underway he can t find a single thing wrong McGee chalks up Pidge s paranoia to simple anxiety gives her a pep talk and leaves for home blissfully happy It s not until he s back in Lauderdale that he realizes he may have overlooked a clue or two And Pidge might be in very serious danger Features a new Introduction by Lee Child The Seduction of Pessimism in the Novel Tom Ribitzky,2024-10-31 The Seduction of Pessimism in the Novel Eros Futility and the Quarrel with Philosophy explores the novel as a response to the Platonic myth that narrates the rift at the core of our being Eros is supposedly the consolation for this rift but the history of the novel documents its expression as one of frustrated desires neuroses anxieties and cosmic doom As if repeating the trauma from that original split in Plato a split that also divides philosophy from literature the novel treats eros as a site of loss and grief from the medieval romances to Goethe Emily Bront Proust Mann Woolf D H Lawrence and Nabokov The pessimism that emerges from this eros tells us something fundamental about who we are something that only the novel can say At a time when both education and leisure are increasingly ignoring the novel s imperative to sit with ambiguity complexity and contingency and as we are hurtling toward a bleak future of climate catastrophe and political instability the novel is one of the last bastions of humanity even as it is quickly being eroded Reading Heliodorus' Aethiopica Ian Repath,Tim Whitmarsh,2022-04-14 Heliodorus Aethiopica Ethiopian Story is the latest longest and greatest of the ancient Greek romances It was hugely admired in Byzantium and caused a sensation when it was rediscovered and translated into French in the 16th century its impact on later European literature including Shakespeare and Sidney and art is incalculable As with all post classical Greek literature its popularity dived in the 19th century thanks to the influence of romanticism Since the 1980s however new generations of readers have rediscovered this extraordinary late antique tale of adventure travel and love Recent scholars have demonstrated not just the complexity and sophistication of the text s formal aspects but its daring experiments with the themes of race gender and religion This volume brings together fifteen established experts in the ancient romance from across the world each explores a passage or section of the text in depth teasing out its subtleties and illustrating the rewards reaped thanks to slow patient readings of what was arguably classical antiquity s last classic **The Bookseller** ,1905 Official organ of the book trade of the United Kingdom **Narrative and Identity in the Ancient Greek Novel** Tim Whitmarsh,2011-04-07 The Greek romance was for the Roman period what epic was for the Archaic period or drama for the Classical the central literary vehicle for articulating ideas about the relationship between self and community This book offers a reading of the romance both as a distinctive narrative form using a range of narrative theories and as a paradigmatic expression of identity social sexual and cultural At the same time it emphasises the elasticity of romance narrative and its ability to accommodate both conservative and transformative models of identity This elasticity manifests itself partly in the

variation in practice between different romancers some of whom are traditionally Hellenocentric while others are more challenging Ultimately however it is argued that it reflects a tension in all romance narrative which characteristically balances centrifugal against centripetal dynamics This book will interest classicists historians of the novel and students of narrative theory

Imperialism at Home Susan Meyer, 2019-06-30 The implicit link between white women and the dark races recurs persistently in nineteenth century English fiction *Imperialism at Home* examines the metaphorical use of race by three nineteenth century women novelists Charlotte Bront Emily Bront and George Eliot Susan Meyer argues that each of these domestic novelists uses race relations as a metaphor through which to explore the relationships between men and women at home in England In the fiction of for example Anthony Trollope and Charles Dickens as in nineteenth century culture more generally the subtle and not so subtle comparison of white women and people of color is used to suggest their mutual inferiority The Bronte sisters and George Eliot responded to this comparison Meyer contends transforming it for their own purposes Through this central metaphor these women novelists work out a sometimes contentious relationship to established hierarchies of race and gender Their feminist impulses in combination with their use of race as a metaphor Meyer argues produce at times a surprising if partial critique of empire Through readings of *Jane Eyre* *Wuthering Heights* *The Mill on the Floss* *Daniel Deronda* and Charlotte Bront s African juvenilia Meyer traces the aesthetically and ideologically complex workings of the racial metaphor Her analysis is supported by careful attention to textual details and thorough grounding in recent scholarship on the idea of race and on literature and imperialism
