Lance Comfort:

The Dramatic Works Francis Beaumont, John Fletcher, 1778 *Soho on Screen* Jingan Young, 2022-05-13 Despite Soho's rich cultural history there remains an absence of work on the depiction of the popular neighbourhood in film *Soho on Screen* provides one of the first studies of Soho within post war British cinema Drawing upon historical cultural and urban studies of the area this book explores twelve films and theatrically released documentaries from a filmography of over one hundred Soho set productions While predominantly focusing on low budget exploitation films which are exemplars of British and international filmmaking Young also offers new readings of star and director biographies from Laurence Harvey to Emeric Pressburger and in so doing enlivens discussion on filmmaking in a time and place of intense social transformation technological innovation and growing permissiveness

The Dramatic Works Francis Beaumont, 1811 *Femininity in the Frame* Melanie Bell, 2009-11-30 It's widely assumed that Britain in the 1950s experienced a return to traditional gender roles Popular cinema has typically been seen to represent this era through the dominant image of the happy housewife *Femininity in the Frame* is a sharply observant account of how British cinema engaged with femininity and women's roles during this important period Written in a lively and accessible manner it challenges received understandings arguing that the period was marked by social unease and anxiety about gender roles and femininity with much British cinema producing ambiguous messages about feminine identities and the role of women Through analysing marginalized figures such as prostitutes criminals and femmes fatales and addressing central themes notably sexuality marriage and female friendship Melanie Bell examines how British popular cinema imagined and constructed femininity in this era of rapid social and cultural change She draws together sources ranging from official reports to film reviews with case studies of films across genres including *The Perfect Woman* *Young Wives Tale* *The Weak and the Wicked* and *A Town Like Alice* to show how new ideas and understandings of femininity were seeping into the cultural imagery at this time She demonstrates how such films expressed proto feminist ideas and how they ultimately explored new forms of femininity in a manner that has not until now been recognised
