

The background of the cover is a detailed historical painting of a large industrial factory interior. In the foreground, several workers in period clothing are visible, some standing and others seated at workbenches. The middle ground is filled with complex machinery, including large wheels and belts, with a bright light source creating a strong glow. The background shows the vast, high-ceilinged structure of the factory with a complex network of beams and supports.

Francesco Cavatorta, 2013-07-19 The book builds an innovative theoretical framework through which previously neglected international factors are brought into the analysis of transitions to democracy The case of Algeria is then explored in great detail This volume is an important contribution to the literature on democratization and provides an interesting analysis of Algerian politics during the last two decades More specifically the book examines how international variables influence the behaviour and activities of Algerian political actors By bridging the comparative politics and international relations literatures the book offers a new understanding of the initiation development and outcome of transitions to democracy International factors far from being marginal and secondary are treated as central explanatory variables Such external factors were crucial in the Algerian failed transition to democracy when the attitudes and actions of key international actors shaped the domestic game and its final outcome In particular the book explores the controversial role of the Islamic Salvation Front and how its part was perceived abroad In addition the book argues that international factors significantly contribute to explaining the persistence of authoritarian rule in Algeria to its integration into the global economy and its co optation into the war on terror This book will be useful for scholars and students of processes of democratisation for Middle East and North Africa specialists and for general readers interested in the role of international actors across the Arab world

**L'Ambition et le remords** Alain Bergounioux, Gérard Grunberg, 2005-10-26 Le Parti socialiste français a dirigé pour la première fois un gouvernement il y a près de soixante dix ans Il a exercé le pouvoir sous trois régimes publics et il est devenu plus encore sous le régime actuel que sous le précédent un parti du système parvenant enfin pendant trois législatures diriger ce gouvernement parfaitement normal de la nation tout entière que Gaston Defferre appelait jadis de ses vœux C'est sous ces couleurs que François Mitterrand a conquis la présidence de la République et il est l'un des deux seuls partis français pouvoir espérer raisonnablement gagner nouveau cette leçon dans un avenir prévisible Pourtant paradoxalement ce parti n'a jamais assumé ment son action gouvernementale Il s'est généralement senti soulagé quand il est retourné dans l'opposition s'accusant lui-même ou ceux qui avaient gouverné en son nom d'avoir trahi ses objectifs et son projet bref de n'avoir pas conduit une véritable politique de gauche Après chaque défaite envahi par le doute il a recherché dans son identité originelle les ressources nécessaires à l'élaboration d'un projet authentiquement socialiste Sa vocation

gouvernementale qui paraît tablie ne lui apparaît pas l'évidence comme le résultat et la preuve de ses succès. Au contraire elle suscite chez lui méfiance et suspicion. L'exercice du pouvoir ne le satisfait pas, ne lui suffit pas. Il veut autre chose. Comme le remarquait Léon Blum, il veut accomplir des formes qui laissent une trace blouissante. Dès ses déceptions répétées et son intention rituelle de renouer de mener la fois suivante une action enfin résolument transformatrice. Chaque cycle de pouvoir débute ainsi par la réaffirmation de la doctrine, puis une fois au pouvoir par un malaise croissant débouchant sur une critique de l'action gouvernementale, des illusions et l'appel à un retour aux sources avec la réaffirmation d'une volonté de rupture.

*L'adieu à l'Au-delà* Jacques Despina, 2020. Cinq ans après les attentats de Paris, la violence sectaire a encore frappé. Les tensions sociales n'ont pas disparu, au contraire la revendication identitaire s'est diversifiée. D'ordinaire les visions supramacistes alimentent un peu partout la contestation politique. Comment y faire face et retrouver une certaine harmonie. Au gré d'anecdotes d'inspiration autobiographique, Jacques Despina nous fait pénétrer dans l'intimité de Tim, son alter ego qui volue entre les certitudes de l'après-guerre et les branlements du 21<sup>ème</sup> siècle prouvant les violences et les charmes de l'existence. Ces récits introduisent une critique de la vision dualiste du réel qu'entretient la tradition, la plupart de nos contemporains gardent en effet l'espoir confus d'un destin plus grand que nature. Pour beaucoup, l'accès à la science est compliqué et les références une vocation surnaturelle de l'humanité restent prédominantes. Cette conception de l'existence est génératrice de frustrations, elles s'expriment dans une violence structurelle culminant dans l'extrême radical et le terrorisme religieux. L'auteur propose une vision différente fondée sur le rejet des idéologies dominantes et sur la découverte mythologique du monde naturel. Renoncer aux mirages d'un Au-delà mythique devient la clé d'un revirement mental renouant avec la réalité. Tout apparaît alors sous un jour nouveau, la vie et la mort, la nature et la personne humaine, le libre arbitre et la conscience, l'amour et la fraternité, l'art et le plaisir, Dieu et la vérité. Refuser l'irrationnel, c'est accéder à la faculté de comprendre, de respecter et d'apprécier. Cela n'exclut ni l'alternance ni le dépassement de soi. La perception de Dieu, cette image du divin qui se forme en nous et s'exprime dans la tradition, garde sa valeur si nous la prenons pour ce qu'elle est, non pas le reflet d'une transcendance hypothétique, mais le miroir d'une humanité multiple en perpétuel mouvement. La découverte de la lumière de ce que

Une lettre à l'absent vaincu autant qu'une analyse de sa défaite. Un témoignage pour soi-même et pour les autres. Un affrontement enfin avec l'inexplicable défaite de Lionel Jospin et le passage aux oubliettes de la gauche plurielle après cinq ans de gouvernement honorable. De tous ses ministres, nul ne fut plus proche de Lionel Jospin que Pierre Moscovici, le petit frère du patron de la gauche, l'aveugle en rationalité politique mais aussi ami observateur fixant l'attention et l'affect contenu. La défaite de Jospin fut aussi la sienne, la fin d'une première vie politique entamée en 1984 aux côtés de celui qui n'était alors que le premier secrétaire du P.S. Surtout s'il croit l'avoir gagnée. Au sortir du 1er confinement je considérais en effet qu'Emmanuel Macron s'était adressé moi seul quand il s'était félicité d'une première victoire sur le virus. Nous étions alors la mi-2020 et la vie d'après s'annonçait radieuse. Impardonnable naïveté. Le relâchement redouté par les autorités s'est vite produit malgré les campagnes de prévention. Et ce laxisme contagieux a logiquement incité le Coronavirus prendre ses quartiers d'été. Avec les funestes conséquences que l'on sait : répétition des confinements, instauration des couvre-feux, saturation des hôpitaux et augmentation vertigineuse des décès. L'arrivée des vaccins début 2021 apporta une lueur d'espoir. Mais n'empêcha pas les contagions de flamber, alors que nous pensions le virus son terminus. D'où l'obligation d'ajouter ma Chronique un second tome pour la période juillet 2020-juliet 2021. En me gardant bien de prétendre au vu de la quatrième vague amorcée qu'il serait le dernier.
