Ahedi,2023-12-24 Emmeline Augury and hitchhikers from the past escape the city and are thrown into a perilous world bombarded by asteroids Before she can fathom her situation a pack of ravenous predators capture the group and drag them into their lair of darkness On the other side of the galaxy ensnared by powerful aliens Titan and Prometheus face imminent danger Captain Mykel Lockhart s absence hangs like a foreboding storm Stranded and defenseless Commander Anastasia Waters situation worsens as the crew begins to vanish one after another In a chilling turn the living perished and the dead resurrect before her eyes Back in the 21st Century the queen s quest to retrieve the mythical device forces her to confront the dark secrets of her past A journey fraught with death and betrayal a double edged sword and hers is stained with blood With no time to shed tears she is forced to consider a proposal from her enemy a gamble that could elevate her to greatness or doom her forever While Emmeline and the stowaway crew of the Raven forge a daring escape Anastasia battles the undead and deadly aliens to free the ships The queen twists the wheel of fate in her favor and sets off the first domino Nothing will remain the same Each soul will be tested tortured and forced to fight for freedom Who will rise Who will fall Each will pay a toll because in the heart of Tartarus the line between good and evil is very thin **Icarus** H.G. Ahedi,2022-12-24 Emmeline Augury jumps into the portal narrowly escaping from the clutches of the Imperial Command and the Orias But the portal opens into the 21st Century Gripped by fear that she could change the timeline she frantically locates the second piece only to discover it has been taken by one of the most powerful men in New York Running out of options she forges a plan which if successful will protect the timeline But if she fails all hell will break loose In the 24th century Titan s and Prometheus s jump has thrown

them in the path of an inferno to a system governed by a strange and powerful Sphere Narrowly escaping that fate Commander Anastasia Waters figures out that the Sphere might be at the heart of the mystery of the phantom asteroids It holds many secrets including the jump point closest to Earth But it is home to primeval evil and boarding the Sphere might cost her more than she bargained for While the crews of Titan and Prometheus try to find a jump point closer to home Emmeline secures the artifact But catastrophe strikes when the Orias queen unleashes her wrath shaking Emmeline to her core and burning everything in its wake Trying to reach for the impossible are like Icarus They might fly but their wings might just melt

Poseidon H.G. Ahedi, 2021-12-24 After the Fall all is left is blood and revenge The destruction of the perimeter and the vanishing of Titan and Prometheus has left the Realm open to invaders With a skeleton fleet guarding the outer rims of the solar system all hopes of defeating the Orias queen have diminished Now it s about survival But in a corner of cold dark space hope lingers Emmeline Augury was born to break the rules and now a fugitive who has nothing to lose and driven by revenge she conquers all odds and locates the second piece of the mythical device The game is on The pawns are set As the power of the mythical device unravels itself who will win A young girl with her heart set on destroying a being as powerful as the gods themselves Or the queen who was born to rule the seven realms The answers lie in the wake of the Poseidon
