Masters of Warfare Eric G. L. Pinzelli, 2022-12-02 In Masters of Warfare Eric G L Pinzelli presents a selection of fifty commanders whose military achievements skill or historical impact he believes to be underrated by modern opinion He specifically does not include the household names the Gods of War as he calls them such as Alexander Julius Caesar Wellington Napoleon Rommel or Patton that have been covered in countless biographies Those chosen come from every period of recorded military history from the sixth century BC to the Vietnam War The selection rectifies the European US bias of many such surveys with Asian entries such as Bai Qi Chinese Attila Hunnic Subotai Mongol Ieyasu Tokugawa Japanese and V Nguyen Giap Vietnamese Naval commanders are also represented by the likes of Khayr al Din Barbarossa Francis Drake and Michiel de Ruyter These 50 Masters of War are presented in a chronological order easy to follow with a concise overview of their life and career Altogether they present a fascinating survey of the developments and continuities in the art of command but most importantly their contribution to the evolution of weaponry tactic and strategy through the ages
