Esmerelda and the Bard's Lament Andy Smullin,2021-07-01 Esmerelda is only a fledgling wizard who has recently escaped from a dismal existence in a desolate forsaken and lonely corner of the kingdom In the process she has gained the company of some new friends but with

that freedom she has also inherited several gut wrenching challenges demanding her devotion First she has been reunited with a sister whom she long thought was dead Unfortunately it has not been a happy reunion because her sister has turned demonic and is now imprisoned within a magical rod She contemplates rescuing her sister from her horrible fate but she has only rudimentary wizardly skills to work with In the course of her sister's imprisonment a young gypsy bard has been magically released from his imprisonment and claims the rod He has a most wondrous tale to tell of shadowy intrigue involving a terrible mystical shape shifting creature called a doppelganger He also claims to have consorted with some magical fun loving blue giants and to have narrowly escaped a fire breathing dragon On top of that he claims to have been tragically parted from his family and requests aid to help him reunite with them

Lament from Epirus: An Odyssey into Europe's Oldest Surviving Folk Music

Christopher C. King, 2018-05-29 A Wall Street Journal Best Book of 2018 In the tradition of Patrick Leigh Fermor and Geoff Dyer a Grammy winning producer discovers a powerful and ancient folk music tradition In a gramophone shop in Istanbul renowned record collector Christopher C King uncovered some of the strangest and most hypnotic sounds he had ever heard The 78s were immensely moving seeming to tap into a primal well of emotion inaccessible through contemporary music The songs King learned were from Epirus an area straddling southern Albania and northwestern Greece and boasting a folk tradition extending back to the pre Homeric era To hear this music is to hear the past Lament from Epirus is an unforgettable journey into a musical obsession which traces a unique genre back to the roots of song itself As King hunts for two long lost virtuosos one of whom may have committed a murder he also tells the story of the Roma people who pioneered Epirotic folk music and their descendants who continue the tradition today King discovers clues to his most profound questions about the function of music in the history of humanity What is the relationship between music and language Why do we organize sound as music Is music superfluous a mere form of entertainment or could it be a tool for survival King's journey becomes an investigation into song and dance's role as a means of spiritual healing and what that may reveal about music's evolutionary origins

Imagining Mary Daniel Rancour-Laferriere,2017-11-15 Imagining Mary breaks new ground in the long tradition of Christian mariology The book is an interdisciplinary investigation of some of the many Marys East and West from the New Testament Mary of Nazareth down to Our Lady of the Good Death in the twentieth century In Imagining Mary Professor Rancour Laferriere examines the mother of God in her multireligious and pan historical context The book is a scholarly study but it is written in a clear straightforward style and will be comprehensible to an educated and above all intellectually curious general audience It will appeal to anyone who has ever wondered for example about the flimsy scriptural basis of many beliefs about Mary or the tendency of many mariologists to depict Mary as an incestuous bride of Christ or the theological notion of Mary s loving consent to her son s crucifixion or the idea that Mary was a priest officiating at the sacrifice of her son or the unfortunate association of Mary with Christian anti semitism or the curious appeal of Mary to the terminally ill and so on Special attention is given to the psychology of representations of Mary such as the psychological basis for promoting Mary to the status of a goddess the psychology of Mary s compassion for her son at the foot of the cross and the psychological conflict in Mary s personal relationship with her son Jesus These topics are admittedly diverse but they all have long been on the minds of mariologists The author takes a questioning approach to received wisdom about marian themes including the assumption that one has to be a theist in order to understand the great appeal of Mary down the

centuries Indeed Imagining Mary may be regarded as a first step in the direction of an atheist mariology *The City Lament* Tamar M. Boyadjian, 2018-12-15 Poetic elegies for lost or fallen cities are seemingly as old as cities themselves In the Judeo Christian tradition this genre finds its purest expression in the book of Lamentations which mourns the destruction of Jerusalem in Arabic this genre is known as the ritha al mudun In *The City Lament* Tamar M Boyadjian traces the trajectory of the genre across the Mediterranean world during the period commonly referred to as the early Crusades 1095 1191 focusing on elegies and other expressions of loss that address the spiritual and strategic objective of those wars Jerusalem Through readings of city laments in English French Latin Arabic and Armenian literary traditions Boyadjian challenges hegemonic and entrenched approaches to the study of medieval literature and the Crusades *The City Lament* exposes significant literary intersections between Latin Christendom the Islamic caliphates of the Middle East and the Armenian kingdom of Cilicia arguing for shared poetic and rhetorical modes Reframing our understanding of literary sources produced across the medieval Mediterranean from an antagonistic orientalist model to an analogous one Boyadjian demonstrates how lamentations about the loss of Jerusalem whether to Muslim or Christian forces reveal fascinating parallels and rich cross cultural exchanges
