Germany Frank Lorenz Müller,2017-03-24 This book explores the development and viability of Germany s sub national monarchies in the decades before their sudden demise in 1918 It does so by focusing on the men who turned out to be the last ones to inherit the crowns of the country s three smaller kingdoms Prince Ludwig of Bavaria Prince Friedrich August of Saxony and Prince Wilhelm of W rtemberg Imperial Germany was not a monolithic block but a motley federation of more than twenty allied regional monarchies headed by the Kaiser When the German Reich became a republic at the end of the First World War all of these kings grand dukes dukes and princes were swept away within a fortnight By examining the lives experiences and functions of these three men as heirs to the throne during the decades when they prepared themselves for their predestined role as king this study investigates what the future of the German model of constitutional monarchy looked like before it was so abruptly discarded **The Poems of T. S. Eliot, Volume I** T. S. Eliot,2018-12-04 The first volume of the first paperback edition of The Poems of T S Eliot This two volume critical edition of T S Eliot s poems establishes a new text of the Collected Poems 1909 1962 rectifying accidental omissions and errors that have crept in during the century since Eliot s astonishing debut The Love Song of J Alfred Prufrock In addition to the masterpieces The Poems of T S Eliot contains the poems of Eliot s youth which were rediscovered only decades later poems that circulated privately during his lifetime and love poems from his final years written for his wife Valerie Calling upon Eliot s critical writings as well as his drafts letters and other original materials Christopher Ricks and Jim McCue have provided a commentary that illuminates the imaginative life of each poem This first volume respects Eliot s decisions by opening with his Collected Poems 1909 1962 as he arranged and issued it shortly before his death This is followed by poems uncollected but either written for or suitable for publication and by a new reading text of the drafts of The Waste Land The second volume opens with the two books of verse of other

kinds that Eliot issued *Old Possum's Book of Practical Cats* and Anabasis his translation of St John Perse's *Anabase*. Each of these sections is accompanied by its own commentary. Finally, pertaining to the entire edition, there is a comprehensive textual history that contains not only variants from all known drafts and the many printings but also extended passages amounting to hundreds of lines of compelling verse.

Annual Record of Assessed Valuation of Real Estate in the City of New York New York (N.Y.). City Record Office, 1904 [A General History of Europe \(350-1900\)](#) Oliver Joseph Thatcher, Ferdinand Schevill, 1900 *Meyers Hand-Lexikon Des Allgemeinen Wissens: Bd. A-Kyzikos*, 1883 *Our Henry James in Fiction, Film, and Popular Culture* John Carlos Rowe, 2022-07-12

Our Henry James in Fiction, Film, and Popular Culture addresses the interesting revival of Henry James's works in Anglo-American film adaptations and contemporary fiction from the 1960s to the present. James's fiction is generally considered difficult and part of high culture more appropriate for classroom study than popular appreciation. However, this volume focuses on the adaptation of his novels into films, challenging us to understand James's popular reputation today on both sides of the Atlantic. The book offers two explanations for his persistent influence: James's literary ambiguity and his reliance on popular culture.

Part I, *His Times*, considers James's reliance on sentimental literature and theatrical melodrama in *Daisy Miller*, Guy de Maupassant's *The Awkward Age*, and several of his lesser-known short stories. Part II, *Our Times*, focuses on how James's considerations of changing gender roles and sexual identities have influenced Hollywood representations of emancipated women in Hitchcock's *Rear Window* and Peter Bogdanovich's *The Last Picture Show*, among others. Recent fiction by authors including James Baldwin and Leslie Marmon Silko also treat Jamesian notions of gender and sexuality while considering his part in contemporary debates about globalization and cosmopolitanism. Both a study of James's works and a broad range of contemporary film and fiction, *Our Henry James in Fiction, Film, and Popular Culture* demonstrates the continuing relevance of Henry James to our multimedia, interdisciplinary, globalized culture.

[Lion, Eagle, and Swastika](#) Robert S. Garnett, 2019-06-26 Originally published in 1991, this study analyses the Bavarian monarchist movement and its place in the relations between Bavaria and the Reich during the Weimar era, with particular emphasis on the period up to 1929. Focusing on Bavaria's peculiar historical position in the Reich as a staunch adversary of strong national political authority, the study has been anchored insofar as possible in local-level organizational and governmental archival sources. It makes extensive use of organizational and personal case studies.
