Heres Howe:

Here's Howe Thomas Sutton,1950 **The Billboard** ,1928 **The Judge** ,1923 **The Great American Songbook**
Steven Suskin,2023-04-01 In an age of ubiquitous music and countless new songs releasing every minute the Great American Songbook endures After all the Songbook that sprawling canon of popular songs standards and show tunes from roughly the 1920s through the 1950s is a foundational text of American pop music Rare indeed is the song that doesn't in some way draw on this magnificent corpus and rare is the person who hasn't heard at least a few of its most enduring melodies Nonetheless the Songbook is broader and deeper than most listeners can imagine and on the margins the question of whether this or that song should be included is the source of regular arguments among scholars and buffs alike Attempting to plumb its depths can be a daunting prospect Enter Steven Suskin who has been writing about music since the days that Rodgers Arlen and Berlin still roamed the streets of Manhattan In this carefully curated and cheerfully opinionated guidebook Suskin surveys 201 of the most significant selections from the Songbook ranging from celebrated masterpieces to forgotten gems Year by year he puts songwriters and their contributions in their context and explains what makes each song such a distinctive treat whether felicitous melody colorful harmony compositional originality or merely the sheer irreducible joy of listening to it Old and new favorites await all readers of this painstakingly compiled enthusiastically written catalog Broadway ,

Yorkist Lord Anne Crawford, 2011-11-03 John Howard baron Howard and first duke of Norfolk was one of the most important men of the Yorkist period He was a consistently loyal supporter of the Yorkist dynasty from the late 1450s until his death at Bosworth in 1485 He was an indefatigable royal servant active in the military field as an agent of the Crown at home in East Anglia as a councillor at Westminster and as an ambassador who became England's leading envoy to France And yet there were other men of the period equally significant in their careers for whom no biographies have been forthcoming To the question why write a biography of John Howard one answer must be because we can With the exceptions of the kings he served no other man of the fifteenth century peerage has left us so much in the way of evidence of his day to day life not only of his royal service but his domestic concerns Information about other men of his time depends largely on well documented political or administrative action very little information is available on their private lives The same is not true of Howard The unparalleled records that he left behind are four volumes of household memoranda covering the periods 1462-1471 and 1481-1483 The memoranda were a daily record of the money received and dispersed by Howard himself his family and senior household members The lack of distinction between business and domestic concerns and the great range of subjects from payments for ships to laces for his wife's gowns are what make them so illuminating Taken together these surviving records illustrate almost every aspect of his life and bring him alive talented efficient ambitious and not above some dishonourable dealings short tempered paternalistic and loyal

The Great Deception Christopher Booker, Richard North, 2016-04-07 Since its publication in 2003 The Great Deception has taken on the role of the Eurosceptics bible with the third edition helping to fuel the debate during the 2016 EU Referendum This fourth edition celebrates the moment when the UK broke away from the European Union having been extensively re-edited to incorporate newly available archive material and updated to include the tumultuous events of recent years The Great Deception therefore tells for the first time the inside story of the most audacious political project of modern times from its intellectual beginnings in the 1920s when the blueprint for the European Union was first conceived by a British civil servant right up to the point when the UK resumes its path as an independent sovereign nation after 47 years of membership of the European project in its various guises Drawing on a wealth of new evidence and existing sources scarcely an episode of the story does not emerge in startling new light from the real reasons why de Gaulle kept Britain out in the 1960s to the fall of Mrs Thatcher and the build up to the referendum campaign which had its roots in the Maastricht Treaty The book chillingly shows how Britain's politicians were consistently outplayed in a game the rules of which they never understood It ends by evaluating the post referendum negotiations and asking whether this is the end of an episode or just a new beginning

Irish Modernisms Paul Fagan, John

Greaney, Tamara Radak, 2021-09-23 This book focuses on previously unexplored gaps, limitations and avenues of inquiry within the canon and scholarship of Irish modernism to develop a more attentive and fluid theoretical account of this conceptual field. Foregrounding interfaces between literary, visual, musical, dramatic, cinematic, epistolary and journalistic media, these essays introduce previously peripheral writers, artists and cultural figures to debates about Irish modernism. Hannah Berman, Ethel Colburn Mayne, Mary Devenport O'Neill, Sheila Wingfield, Freda Laughton, Rhoda Coghill, Elizabeth Bowen, Mairéad Cadhain, Joseph Plunkett, Liam O'Flaherty, Edward Martyn, Jane Barlow, Seosamh Torna, Jack B. Yeats and Brian O'Nolan all feature here to interrogate the term's implications. *Probing Irish modernism's responsiveness to contemporary theory beyond postcolonial and Irish studies: Irish Modernisms Gaps, Conjectures, Possibilities* uses diverse paradigms including weak theory, biopolitics, posthumanism and the nonhuman turn to rethink Irish modernism's organising themes: the material body, language, mediality, canonicity, war, state violence, prostitution, temporality, death, mourning. Across the volume, cutting edge work from queer theory and gender studies draws urgent attention to the too often marginalized importance of women's writing and queer expression to the Irish avant garde while critical reappraisals of the coordinates of race and national history compel us to ask not only where and when Irish modernism occurred but also whose modernism it was.

Charles Stewart Parnell and His Times N. C. Fleming, Alan O'Day, 2011-07-06 Charles Stewart Parnell 1846-1891 wrote remarkably little about himself but he has attracted the attention of many writers, politicians and scholars both during his lifetime and ever since. His controversial and provocative role in Irish and British affairs had him vilified as a murderer in *The Times* and afterwards dramatically vindicated by the Westminster Parliament. It cast him as a romantic hero to the young James Joyce and a self-serving opportunist to the journalists of *The Nation*. Parnell has been the subject of court cases, parliamentary enquiries and debates, journalism, plays, poems, literary analysis and historical studies. For the first time, all these have been collected, catalogued and cross-referenced in one volume, an invaluable resource for scholars of late nineteenth-century Ireland and Britain. Divided into fifteen chapters, including a biographical sketch, the volume contains information on manuscript and archival collections, printed primary sources, Parnell's writing, Parnell's speeches in the House of Commons and outside Parliament, contemporary journalism, contemporary writing and contemporary illustrations on Irish affairs and a substantial list of scholarly work including biographies, books, articles, chapters and theses. This volume offers readers a clear record of the substantial material already available on Parnell and in doing so offers resources to future research in this area.
