**The Spaghetti Western** Bert Fridlund, 2014-12-24 The 1960s and 1970s were the heyday of spaghetti westerns, low budget films about the early American West mostly filmed in Italy. Though sometimes derided as excessively violent imitations of American-made westerns, they attracted a substantial following that has endured. With its classic elements of gunfights, gambling, heroes, sidekicks, love, and death, the genre is now perceived by critics as an intriguing object of study. This book analyzes the construction of the stories presented in spaghetti westerns. It examines the content of the Italian western using concepts and constructs borrowed from scholars studying pre-industrial narratives. Plot, the constellation of characters, their relationship to each other, and their motives are studied. Films examined in detail include the seminal *A Fistful of Dollars* as well as *Django*, *For a Few Dollars More*, and *The Good, the Bad, and the Ugly*. There is also a discussion of the early spaghetti westerns. The study then probes the elements of bounty hunters, the deprived hero, partnerships, betrayal, and comedy. An appendix details the top grossing Italian westerns between 1964 and 1975, including title, director, lead actor, and intake. A second appendix provides a list of films, quoted by Italian title and then by English title.

*The Prodigal Family* Johanna Maaghul, 2009-09-04 What we leave on the table with our family relationships may well prove to be some of the most powerful healing material available to us during our earthly journey. As with the prodigal son, the role our family has played in our life is an important one, and what our family brings out in us offers us great opportunities for further personal growth. They are at the heart of our learning, essential to the transformation that we came here to embody. As we trace and even rebuild these connections, we may come to see and appreciate these individuals as members of our own spiritual Olympic team on our journey here on Earth.
