Herodotus and Sima Qian: The First Great Historians of Greece and China Thomas R. Martin,2009-09-08 In this accessible volume Thomas R Martin compares the writings of Herodotus in ancient Greece with those of Sima Qian in ancient China to demonstrate the hallmarks of early history writing While these authors lived in different centuries and were not aware of each other s works Martin shows the similar struggles that each grappled with in preparing their historical accounts and how their efforts helped invent modern notions of history writing and the job of the historian The introduction s cross cultural analysis includes a biography of each author illustrating the setting and times in which he worked as well as a discussion of how each man introduced interpretation and moral judgment into his writing The accompanying documents include excerpts from Herodotus The Histories and Sima Qian s Shiji which illustrate their approach to history writing and their understanding of their own cultures Also featured are maps and illustrations a chronology questions to consider and a selected bibliography

The Histories (Translated by George Rawlinson with an Introduction by George Swayne and a Preface by H. L. Havell) Herodotus,2016-09 Widely referred to as the Father of History Greek Historian Herodotus lived during the 5th century BC and The Histories is generally accepted as the first work of historical literature in Western Civilization Departing from the ancient Homeric tradition of treating historical subjects as epically romantic figures Herodotus instead approached his subjects with a systematic method of investigation The Histories of Herodotus describe the important wars of the fifth century BC This work conveys the careful research and deliberate documentation of martial battles between the Greek city states and the Persian Empire The reasons for his efforts as explained by Herodotus were to preserve the memory and glory of human achievements and deeds as well

as to record why the Greco Persian Wars took place Organized in nine books which are named after the Muses he unfolds the various battles while making a comparison of the widely differing governments of the antagonists In undertaking his Histories Herodotus unfolds a holistic view of the classical world with considerable narrative skill and charisma This edition is printed on premium acid free paper follows the translation of George Rawlinson includes an introduction by George Swayne and a preface by H L Havell

The History of Herodotus - Volume 1 Herodotus,G. C. Macauley,2016-08-03 The first volume of the History of Herodotus covers conflicts between Persia Egypt and Scythia and the characteristics of each nation s society culture and peoples This volume opens with the established history of Greek myth from the Trojan War onward Rulers such as King Croesus and Cyrus II of Persia hold a heavy presence in the first passages of the text together

with the various wars and conflicts of the era Later Herodotus travels to Egypt and explains the geography the vital nature of the Nile river and the systems of ruling and government present in that nation Herodotus also discusses distant lands such as India and China and their customs and trading practices Over his lifetime Herodotus personally travelled around most of the ancient world His expeditions to Egypt and Persia yielded discoveries significant to history whereby local sources and libraries were consulted to better the comprehensive accuracy of his writings At the time of his original writing the Persian Empire controlled many of the territories which Herodotus toured Given the sprawling nature of this Empire Herodotus is occupied with comparing the various cultural traditions and peoples within and outside its extent Territories such as Scythia and various smaller tribal groups likewise fall within the author's sphere of examination Many of the methods Herodotus employed during his travels such as explaining specific phenomena buildings and conflicts with cited evidence and sources would influence future historians greatly Although not all of Herodotus sources were reliable the fact he recorded his histories during antiquity confer great value upon his work As well as his sources Herodotus would also observe the differing customs and behaviours of the peoples he walked among Many of the culturally ingrained practices were unusual with Middle Eastern and North African traditions contrasting markedly with those of Greece and Europe Although much of what Herodotus wrote has been superseded by the discoveries and historic researches of later epochs his work remains widely consulted by scholars and historians to this day Generally praised by historians Herodotus has since the Roman era held the title The Father of History

The History of Herodotus VOL I Herodotus,Alex Struik,2012-10-04 The Histories also known as The History of Herodotus is considered the founding work of history in Western literature Written from the 450s to the 420s BC in the Ionic dialect of classical Greek The Histories serves as a record of the ancient traditions politics geography and clashes of various cultures that were known around the Mediterranean and Western Asia at that time Herodotus was an ancient Greek historian who was born in Halicarnassus Caria modern day Bodrum Turkey and lived in the fifth century BC circa 484 425 BC He has been called the Father of History and was the first historian known to collect his materials systematically test their accuracy to a certain extent and arrange them in a well constructed and vivid narrative The Histories his masterpiece and the only work he is known to have produced is a record of his investigation of the origins of the Greco Persian Wars and includes a wealth of geographical and ethnographical information Although some of his stories were fanciful he claimed he was reporting only what had been told to him This edition is Volume I

The History of Herodotus - Volume 2 Herodotus,2016-03-07 Herodotus was a Greek historian who was born in Halicarnassus Caria modern day Bodrum Turkey and lived in the fifth century BC c 484 425 BC a contemporary of Socrates He is widely referred to as The Father of History first conferred by Cicero he was the first historian known to have broken from Homeric tradition to treat historical subjects as a method of investigation specifically by collecting his materials systematically and critically and then arranging them into a historiographic narrative

The Histories Book 5: Terpsichore Herodotus,2015-08-24

Herodotus was an ancient Greek historian who lived in the fifth century BC c 484 425 BC He has been called the Father of History and was the first historian known to collect his materials systematically test their accuracy to a certain extent and arrange them in a well constructed and vivid narrative The Histories his masterpiece and the only work he is known to have produced is a record of his inquiry being an investigation of the origins of the Greco Persian Wars and including a wealth of geographical and ethnographical information The Histories were divided into nine books named after the nine Muses the Muse of History Clio representing the first book then Euterpe Thaleia Melpomene Terpsichore Erato Polymnia Ourania and Calliope for books 2 to 9 respectively **Herodotus** Herodotus,Walter Blanco,Jennifer Tolbert Roberts,1992 This Norton Critical Edition offers an introduction to Herodotus for students approaching the history of Western Civilization or classical Greece for the first time It features a new translation and selection of Herodotus s The Histories by Walter Blanco

supplemented by critical works chosen by Jennifer Roberts **The Histories Book 9: Calliope** Herodotus,2012-11-01

Herodotus was an ancient Greek historian who lived in the fifth century BC c 484 425 BC He has been called the Father of History and was the first historian known to collect his materials systematically test their accuracy to a certain extent and arrange them in a well constructed and vivid narrative The Histories his masterpiece and the only work he is known to have produced is a record of his inquiry being an investigation of the origins of the Greco Persian Wars and including a wealth of geographical and ethnographical information The Histories were divided into nine books named after the nine Muses the Muse of History Clio representing the first book then Euterpe Thaleia Melpomene Terpsichore Erato Polymnia Ourania and Calliope for books 2 to 9 respectively **The Historical Method of Herodotus** Donald Lateiner,1989-01-01 Herodotus was the first writer in the West to conceive the value of creating a record of the recent past He found a way to co ordinate the often conflicting data of history ethnology and culture The Historical Method of Herodotus explores the intellectual habits and the literary principles of this pioneer writer of prose Donald Lateiner argues against the perception that Herodotus work seems amorphous and ill organized that the Histories contain their own definition of historical significance He examines patterns of presentation and literary structure in narratives speeches and direct communications to the reader in short the conventions and rhetoric of history as Herodotus created it This rhetoric includes the use of recurring themes the relation of speech to reported actions indications of doubt stylistic idiosyncrasies frequent reference to nonverbal behaviours and strategies of opening and ending Lateiner shows how Herodotus sometimes suppresses information on principle and sometimes compels the reader to choose among contending versions of events His inventories of Herodotus methods allow the reader to focus on typical practice not misleading exception In his analysis of the structuring concepts of the Histories Lateiner scrutinizes Herodotean time and chronology He considers the historian s admiration for ethnic freedom and autonomy the rule of law and the positive values of conflict Despite these apparent biases he argues the text s intellectual and moral preferences present a generally cool and detached account from which an authorial personality rarely emerges

The Historical Method of Herodotus illuminates the idiosyncrasies and ambitious nature of a major text in classics and the Western tradition and touches on aspects of historiography ancient history rhetoric and the history of ideas **Herodotos the Historian (Routledge Revivals)** K. H. Waters, 2014-04-08 The work of Herodotos of Halikarnassos the father of history differs in many ways from that of modern historians and it poses special problems to the student Herodotos history of the Persian Wars written in the second half of the fifth century BC was both the first attempt at a comprehensive history and the first lengthy prose narrative in the Western cultural tradition There was an almost total lack of written historical evidence in Greece at the time and the audiences who paid to hear Herodotos lectures also expected historical dramatizations and enjoyed descriptive material and anecdotes that today would be relegated to notes In Herodotus the Historian first published in 1985 K H Waters offers a comprehensive introduction to Herodotus background aims and methods In a lively informative style this work offers a level headed approach to an historian who has excited some extreme reactions and incited controversy among modern readers
